Creating Opportunities for Adelphi Students

What is at the heart of an Adelphi education? Opportunity. Just ask one of our over 5,100 undergraduate students who are debating critical issues in our classrooms; studying abroad; pursuing internships in New York City; and preparing for richer lives. You can't place a value on an opportunity—which is why we've been awarded the "Best Buy" distinction by the *Fiske Guide to Colleges* for the second year.
