UPCOMING EXERCISE PROGRAM

BRING IT HOME:
Exercise Program for Breast Cancer Survivors

Tuesday, July 26, 2016 at 6:00 p.m.
Alumni House at Adelphi University
154 Cambridge Avenue, Garden City, NY
* Come dressed to exercise

Bonnie Oringer, Certified Exercise Specialist, Certified Health Coach and Certified Personal trainer is one of 5 cancer exercise specialists who are part of the Nancy Marx Cancer Wellness Center. She is a breast cancer survivor who passionately believes in the importance and benefit of restorative exercise for cancer patients, survivors and caretakers.

Bonnie will lead us in an exercise program that can easily be followed at home. Come dressed to exercise.

The Nancy Marx Cancer Wellness Program offers exercise classes that are designed to meet the specific needs of cancer survivors. Classes include full body workout, swim exercise or yoga to help regain strength, reduce fatigue and instill a sense of health and wellness.

RESEARCH OPPORTUNITIES

Please use the contact information listed for each research project if you are interested in participating.

Have your voice heard

Are you a current or former participant in a Breast Cancer support group?

Participate in a Research Study and share your experiences in Breast Cancer Support Groups.

WHAT IS THE PURPOSE?
The purpose of this study is to better understand the long term benefits as identified by participants in breast cancer support groups. This survey will identify common reasons for attending a support group, their identified benefits, overall experiences, and the long term impact on their survivorship. Identifying these factors will allow breast cancer agencies to plan and facilitate more sustainable support groups.

YOU CAN PARTICIPATE IN THIS STUDY IF YOU:
• Have ever participated in a breast cancer support group
• Are over the age of 18

This survey is being conducted by Erin Nau, LCSW and Hillary Rutter, LCSW of the Adelphi NY Statewide Breast Cancer Hotline & Support Program.

This survey will be conducted online. All information will be confidential. Your participation in this study is 100% voluntary and should only take 5-10 minutes.

If you would like to participate please click here.

If you have any questions, please contact
Erin Nau enau@adelphi.edu or Hillary Rutter rutter@adelphi.edu

Thank you for participating in the survey. Please share this survey with others who might qualify.
Participate in a Research Study on
Geriatric Assessment for Patients 70+:
Bridging the GAP to Improve Chemotherapy Toxicities
This study is being conducted to find out if a Geriatric Assessment (survey)
can help improve and develop a standard approach for reducing side effects
from chemotherapy in older patients with cancer.

For more information about this study,
please Click here to see the brochure.

If interested, speak with your doctor or contact Dr. Vincent Vinciguerra
at North Shore-LIJ Health System, Monter Cancer Center

Research Participants Needed for Study Of Early Onset Breast Cancer

A research study is being conducted at The Feinstein Institute for Medical Research, part of Northwell Health, to learn
more about how genetic variants act and are influenced by other genes or environmental factors in the development of
breast cancer before the age of 40 years. The researcher, Annette Lee, PhD is recruiting women with and without BRCA
mutations who were diagnosed with early onset breast cancer to participate in this study.

The purpose of the study is to learn more about how genetic variants influence the development of breast cancer in women
under the age of 40 years. Ultimately the researchers hope this knowledge can prove useful for determining individual risk
of developing early onset breast cancer.

To participate in the study, you must be over the age of 18, and have been diagnosed with breast cancer before the age of 40.
If you choose to participate, you will be asked to provide a saliva sample (less than 1 teaspoon) and provide information
about yourself, your medical history and your family history. The sample and information you provide will be used for this
study and also stored in a specimen bank for use in additional future studies.

To learn more about this study, please contact the study nurse at 516-562-8377 or tdp@northwell.edu
Take the First Ever National Young Adult Cancer Survey!

Cancer in young adults sucks. But you already knew that.

In an unprecedented partnership, Stupid Cancer, Young Survival Coalition (YSC) and Critical Mass are teaming up for the first ever National Young Adult Cancer Survey.

Please help us prioritize, in your opinion, the most pressing issues facing the young adult cancer movement today. Your insight will help us more effectively and efficiently channel our collaborative strategy.
