Located in one convenient and secure place, eCampus is the go-to portal for all your faculty needs.

**GMAIL**
Faculty are issued an official AU Gmail account that features cloud storage, calendars, chat and more Google Apps. Note that faculty email addresses end in @adelphi.edu, whereas student addresses end in @mail.adelphi.edu.

**CLASS**
CLASS enables instructors to access advisees’ academic records, register students on demand, view class rosters and more.

**DEGREE AUDIT**
Use this advisement tool to review advisee course history, and identify courses that still need to be taken for degree requirements.

**MOODLE**
Deliver course materials to your students online, post and receive assignments and encourage class participation.

**SYLLABUS UPLOAD**
To assist students in course selection, faculty can upload syllabi to be visible to users who are logged in to eCampus.

**eSAAS**
Combines several services into one suite including benefit enrollment, budget planning and faculty course load.

**INTRANET SITES**
Hosting information that is available only to the Adelphi community, Intranet sites contain content that is of particular interest to certain Adelphi departments, groups or academic schools.
WEB STORAGE
Remotely access your home directory and department shared drive. Select WebStorage from Services and right click on a file to display options. Pop-up blockers must be turned off.

UNIVERSITY MASS NOTIFICATION
Adelphi broadcasts urgent messages via phone, text and email. You can modify your notification settings and preferred methods of contact.

## Protect Your Personal Information

Find out about different types of threats and how you can protect your personal information. Get security alerts and advice about passwords, backing up your files, patches and updates, social media safety, phishing, viruses, spyware and more.

## Back Up Your Files

Back up your files to Google Drive, a network, an external hard drive or a third party back-up service, to prevent losing important data if a computer crashes.
