Quick Guide: Recoding a Podcast with the Roland Recorder

Recording a Podcast with the Roland Recorder

Note: Roland Recorders are available for use at the IT Help Desk. You can view the owners manual.

How to Record

1. **Power on** the device by switching down the “power switch” until the screen lights up

2. Press the “**record button**” in the center to go into “**Standby Mode**”, then **press again** to **record**

3. Press the “**stop button**” when you are done, your recording will be **saved**
