

Accessing Class Roster Photos

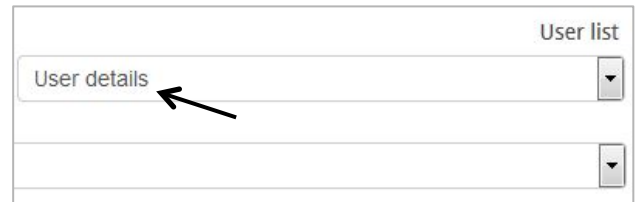

Did you know that as a teacher, you are able to view roster photo images of all of your students? This is separate from the self-designated avatars that a Moodle user can choose as a profile image.

1. Go into the Moodle course with the roster you wish to view.
2. Within the **People** block, select **Participants**. ❶

❶

3. Here, you will see a list of all participants within the Moodle course. By default, it should show the **Brief** view. Switch the drop-down option on the right to **User details**. ❷
4. This will show you the same list of participants, but with additional information including their Public Safety ID photo.
5. If the roster is on multiple pages, you can use the First name, Surname, and Page options to navigate.
