Message from the Executive Director of Public Safety and Campus Transportation

Adelphi University has long been committed to maintaining a comprehensive safety and crime prevention program for all members of the Adelphi community. With the assistance of our student, faculty and staff, and through the cooperative efforts of the Garden City community and local law enforcement agencies, this program has contributed to what we believe is an excellent record of safety.

Our website and this annual report are designed to inform you of the extensive public safety services performed by the University, and to assure you that while Garden City remains one of the safest neighborhoods on Long Island, and Adelphi University one of the safest campuses in the country, we remain as determined as ever to be vigilant about concerns for safety here as well as at all of the University’s centers.

Working together as a community, we will continue to ensure a safe environment for everyone at Adelphi University.

Robert F. Hughes
Executive Director of Public Safety and Campus Transportation
About the Department

The University Department of Public Safety and Transportation office, Levermore Hall and the Security Command Center, Levermore Hall, provides Public Safety services 24 hours a day, 7 days a week, 365 days a year. The department consists of an executive director, one associate director, one assistant director, one captain, three lieutenants (one of which manages the transportation and parking services and the other as our fire safety supervisor), six sergeants (one of which is the crime prevention supervisor and one special events), and 32 carefully selected and trained male and female officers, many of whom have law enforcement backgrounds. Public safety officers provide vehicle, bicycle and foot patrols of the entire campus, parking lots, buildings, and residence halls; protect life and property; in concert with Health Services ensure that those sick or injured receive prompt medical treatment; respond to and investigate reports of crime; enforce traffic regulations, fire safety, and conduct crime-prevention programs and seminars. Jurisdiction is limited to the interior and the sidewalk perimeter of the Garden City campus and Parking Field 9 (Garden City pool). Each of the centers provides security only for the interior space that is leased by the university.

The Department of Public Safety and Transportation maintains a close working relationship with the Garden City, Hempstead, Nassau County, Suffolk County, Poughkeepsie and the New York City police departments, all of which provide police services, including criminal investigation and emergency services. Although Adelphi public safety officers are not peace officers and therefore do not have authority to make arrests as such, they do provide crime-scene services pending the response of the law enforcement agency concerned. Officers have the authority to issue parking and moving violation summons on campus, and have the authority to request identification of persons on campus. The University maintains a Memorandum of Understanding with the Garden City Police Department, which has geographical jurisdiction to investigate alleged criminal offenses that occur on the main campus in Garden City. The police department and the University’s Department of Public Safety communicate on an almost daily basis discussing types of incidents occurring on or in proximity of the campus.

Furthermore, the department has a close working relationship and maintains a Memorandum of Understanding with members of the New York City Police Department’s First Precinct, which covers the Manhattan Center, and maintains a close working relationship with the Suffolk County Police Department, which covers the Suffolk Centers as well as the Poughkeepsie Police Department, which covers the Hudson Valley Center. Each department is contacted annually or as needed to ascertain whether any Clery crimes occurred that impact reportable crimes. In addition, public safety maintains close relationships with other local, state, and federal law enforcement authorities.
Mission Statement

Pride - Professionalism - Service

The mission of the Adelphi University Department of Public Safety and Transportation is to enhance the quality of life for the entire Adelphi community by maintaining a secure and open environment where the safety of all is balanced with the rights of the individual. This department strives to accomplish its mission while adhering to its core values of Pride, Professionalism, and Service to the University Community.

The success of this mission depends upon an effective working relationship between Public Safety and Transportation personnel and the diverse community at Adelphi. This includes students, staff, faculty, and visitors. Critical to this relationship is a mutual respect. Therefore, we pledge to respect the diverse needs and interests of the community we serve. We pledge to be diligent and relentless in the protection of both life and property.

In return, we ask that our partners in this community assume their individual and collective responsibilities to make Adelphi University a place that is safe from crime, fear, disorder, and to provide a civil and open environment that fosters learning.
Annual Security and Fire Safety Report

Adelphi University’s Annual Security and Fire Safety Report includes statistics for the previous three calendar years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by Adelphi University; and on public property within, or immediately adjacent to and accessible from campus. The report also includes institutional policies concerning campus security, such as policies concerning alcohol and drug use, crime prevention, the reporting of crimes, hate crimes, sexual assault including Title IX, Violence Against Women Reauthorization Act of 2013 (VAWA), domestic violence, dating violence, stalking, emergency operations plans including evacuation procedures, annual fire safety report and fire log, Amanda’s Law and the Kerry Rose Fire Sprinkler Notification Act, missing student notification, timely warnings and emergency notifications, and other matters.

All policies mentioned in this report are for the main campus in Garden City as well as the centers in Manhattan, Suffolk, and Hudson Valley. When this report mentions “University Community” it is indicating the main campus and the centers located off campus.

Adelphi Department of Public Safety is responsible for preparing and distributing this report. Through the collaboration of University professionals, the Campus Security Authorities in addition to departments including but not limited to Student Affairs, Title IX, Health Services, and Residential Life, talks and meetings occur throughout the year to discuss security and safety issues and review existing policies. Public Safety also has a close relationship and meets regularly with the local police departments to discuss safety in the area and data that is included in this report. Adelphi Public Safety is able to analyze reports, compile crime statistics, and develop strategies to reduce criminal incidents and enhance preventive measures. Each member of the University community receives an email, which includes the PDF of the report. In addition, this report can be viewed or printed by accessing the Public Safety website at safety.adelphi.edu or may be obtained upon request in the Office of Public Safety and Campus Transportation in Levermore Hall.
Campus Security Authority (Clery Act)

According to a federal law known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, our school is required to disclose “statistics concerning the occurrence of certain criminal offenses reported to local law enforcement agencies or any official of the institution who is defined as a “Campus Security Authority."

The law defines “Campus Security Authority” as: “An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, the president, senior staff, all deans of the University, student housing, student discipline, and campus judicial proceedings.” An example would be a dean of students who oversees student housing, a student center, or student extra-curricular activities and has significant responsibility for student and campus activities. Similarly, a director of athletics, team coach, and faculty adviser to a student group also has significant responsibility for student and campus activities. A single teaching faculty member is unlikely to have significant responsibility for student and campus activities, except when serving as an advisor to a student group. Clerical staff, as well, is unlikely to have significant responsibility for student campus activities.

Precisely, campus security authorities are defined as:
(i) A campus police department or a campus security department of an institution.
(ii) Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department under paragraph (i) of this definition, such as an individual who is responsible for monitoring entrance into institutional property.
(iii) Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
(iv) An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. If such an official is a pastoral or professional counselor, the official is not considered a campus security authority when acting as a pastoral or professional counselor.

The criminal offenses for which we are required to disclose statistics are:

- **Murder and Non Negligent Manslaughter**: The willful (non-negligent) killing of one human being by another.
- **Manslaughter by Negligence**: The killing of another person through gross negligence.
- **Sex Offenses**: Any sexual act directed against another person without the consent of the victim, including instances where the victim is incapable of giving consent.
- **Rape**: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

- **Fondling**: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

- **Incest**: Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

- **Statutory Rape**: Non-forcible sexual intercourse with a person who is under the statutory age of consent.

- **Robbery**: The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

- **Aggravated Assault**: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. (It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could and probably would result in serious personal injury if the crime were successfully completed).

- **Burglary**: The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes: unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

- **Motor Vehicle Theft**: The theft or the attempted theft of a motor vehicle.

- **Arson**: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

- **Domestic Violence**: A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred. For the purposes of complying with the requirements of this section and § 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.
• **Dating Violence**: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition:
  (A) Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
  (B) Dating violence does not include acts covered under the definition of domestic violence.
For the purposes of complying with the requirements of this section and § 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

• **Stalking**: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others; suffer substantial emotional distress. For the purposes of this definition:
  (A) **Course of conduct** means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
  (B) **Reasonable person** means a reasonable person under similar circumstances and with similar identities to the victim.
  (C) **Substantial emotional distress** means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

• **Liquor Violations**: The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness.

• **Drug Abuse Violations**: The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.

• **Weapons**: Carrying, possessing, etc. The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons.
**Unfounded Crimes:** If a reported crime is investigated by law enforcement authorities and found to be false or baseless, the crime is “unfounded” and will not be included in Adelphi’s statistics. **Only sworn or commissioned law enforcement personnel may “unfound” a crime.** (This does not include a district attorney who is sworn or commissioned.) Note that the recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution or the failure to make an arrest does not “unfound” a legitimate offense. Also, the findings of a coroner, court, jury or prosecutor do not “unfound” offenses or attempts that law enforcement investigations establish to be legitimate.

The University is also required to report statistics for bias-related (hate) crimes for the following offenses: murder/non negligent manslaughter, manslaughter by negligence, sex offenses (forcible and non-forcible), robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, vandalism, intimidation, simple assault, and damage/destruction/vandalism of property. Bias crime categories are race, religion, gender, ethnicity, disability, national origin, gender identity and sexual orientation.

We are required to disclose statistics for offenses that occur on campus, in or on non-campus buildings or property owned or controlled by our school, and public property within or immediately adjacent to our campus. For Clery purposes, the following are the definitions of each location.

**Campus**
(i) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and
(ii) Any building or property that is within or reasonably contiguous to the area identified in paragraph (i) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

**Non-campus building or property**
(i) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or
(ii) Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.
Public property
All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

A letter is forwarded to all individuals in departments who fit the definition of a Campus Security Authority, as previously described. If those individuals are aware of any crimes that were reported to have occurred that were not reported to the Department of Public Safety, they are instructed to forward the information. If it is available, they are to provide the date, location, and a brief description of the incident.

The University has a responsibility to notify the campus community about any crimes that pose an ongoing threat to the community, and, as such, campus security authorities are obligated by law to report crimes to the University Department of Public Safety. They are instructed, even if they are not sure whether an ongoing threat exists, to immediately contact the Adelphi University Department of Public Safety.

All reports made to Adelphi University Department of Public Safety are received in a confidential manner. If you are the victim of a crime, including sexual assault, domestic violence, dating violence, or stalking, and do not want to pursue action within the University system or the criminal justice system you may still want, and are encouraged, to consider making a confidential report. Persons wanting to report a crime or incident can do so confidentially by contacting the Executive Director of Public Safety and Transportation in the office located in Levermore Hall or by calling the Department of Public Safety at ext. 3500 and state they want to remain confidential. The reporting person's name will be kept confidential, but the incident may be included in the annual crime statistic report without divulging the person's name or any other information that would infringe on his/her confidentiality.

Any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the University to provide accommodations or protective measures will be maintained. When the victim of a crime elects to or is unable to make such a report, they are further encouraged to report crimes to any campus authority whereby the reporter will remain confidential as requested, but the crime will be included as a statistic for the annual security report.

Counselors and Confidential Crime Reporting

Campus pastoral counselors and campus professional counselors, when acting as such, are not to be considered a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. Under the Clery Act, institutions are not required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor. The University policy is one that encourages these counselors when they deem appropriate to inform persons being counseled of the procedures to report crimes on a voluntary “confidential” basis for inclusion into the annual statistics.

Counselors are defined as:

Pastoral Counselor: An employee of an institution, who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor and Health Services Center Personnel: Employees of an institution whose official responsibilities include providing psychological counseling or health services to members of the institution's community and who is functioning within the scope of his or her license or certification.
Response to Reports

Professionally trained and licensed public safety officers accept written reports of any incidents that occur on the main Garden City Campus or the four centers. When reports of crimes are filed with Public Safety or received by a CSA, the following actions are taken: the victims are referred to the appropriate offices or agencies on and off campus, including law enforcement, counseling and wellness, medical services, the Title IX coordinator (for sexual offenses, relationship violence and stalking), and/or Human Resources. Copies of all reports are kept on file in the Public Safety Office on the Garden City Campus and distributed to the appropriate people (departments) at each location with victim-identifying information withheld as appropriate. Follow-up investigations are performed and the local police department is notified when appropriate.

Upon receipt of a complaint of discrimination, harassment (including sexual misconduct, dating violence, domestic violence, stalking) and/or retaliation, a trained investigator(s) will be assigned to investigate the allegations of the complaint. The investigator(s) will be assigned based upon whom the accused individual might be. The investigation will be conducted within a reasonable amount of time and will normally be completed within 60 days. However the investigation and resolution of a complaint may vary depending on the complexity of the investigation and/or the extent of the alleged harassment or discrimination. The investigation shall be conducted in a manner that is adequate, reliable and impartial and may include any of the following: interviews of the complainant and the accused; interviews of any witnesses; gathering of any other relevant information, including but not limited to, past complaints of a similar nature raised against either party. The investigator will make every effort to keep the complainant timely informed about the status of the investigation.
Hate Crimes

Investigation of hate-motivated crimes and incidents are a priority at Adelphi University. The Department of Public Safety and Transportation's response is necessary to assure the community that hate-motivated crimes and violence will not be tolerated, and that perpetrators of such crimes will be brought to justice.

The Clery Act requires institutions to separately report all hate crimes statistics as listed below or any other crime involving bodily injury that reveals evidence that the victim was intentionally selected because of the perpetrator's bias or the perpetrator perceived the person to be in one of the protected group categories.

The campus community shall be informed of any hate-associated factors related to the below listed crimes, or of any other crimes involving bodily injury where hate crimes are involved. In addition, as of August 14, 2008, The Jeanne Clery Act was amended to include new reportable hate crimes. These Clery crimes are:

- Criminal homicide (murder, non-negligent manslaughter, manslaughter by negligence)
- Sex offenses (rape, fondling, incest, statutory rape)
- Robbery
- Aggravated assault
- Burglary
- Motor vehicle theft
- Arson
- Larceny-theft
- Simple Assault
- Intimidation
- Destruction/damage/vandalism of property

A Bias Crimes brochure is available on the Public Safety website at safety.adelphi.edu/brochures or by visiting the Public Safety office in Levermore Hall.

Reporting Hate-Motivated Crimes and Incidents

The Department of Public Safety and Transportation is responsible for collecting and reporting hate-motivated crime statistics. Hate-motivated crimes should be reported as indicated in the section "Reporting Procedures."

These reporting categories are only reported if motivated by bias as determined by one of the bias categories (race, gender, religion, ethnicity, national origin, gender identity, sexual orientation and disability).

Anyone with information warranting a timely warning should report the circumstance to Public Safety at 516.877.3511 or in person at the public safety command center.
Sexual Assault, Domestic Violence, Dating violence, and Stalking Policy

Adelphi University is committed to providing a safe learning environment. In compliance with federal law, specifically the Jeanne Clery Act (Clery Act) and the Campus Sexual Violence Elimination Act (SaVE Act), Adelphi University has adopted policies and procedures to prevent and respond to incidents of sexual assault, domestic violence, dating violence, and stalking. These guidelines apply to all members of the Adelphi community (students, faculty, and staff as well as contractors and visitors).

Acts of sexual assault, domestic violence, dating violence, and stalking is prohibited by Adelphi University and offenders will be subject to disciplinary action and/or criminal prosecution. The University will fully cooperate with any criminal prosecution.

Adelphi's administrators are dedicated to providing consistent, caring, and timely response when sexual assaults, domestic violence, dating violence, and stalking incidents occur within the University community. The University is committed to meeting the needs of the sexual assault, domestic violence, dating violence, and stalking victims by honoring the wish of the victim to preserve anonymity after the traumatic experience while fulfilling its responsibility to maintain the integrity and safety of the campus as a whole; and to provide fair and appropriate adjudication of campus sexual assault, domestic violence, dating violence, and stalking cases.

New York State Education Law, Article 129-B, section 6441: Affirmative Consent to Sexual Activity states:
1. “Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as these words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity, or gender expression.”
2. Each institution’s code of conduct shall reflect the following principles as guidance for the institutions community."
   a. Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
   b. Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
   c. Consent may be initially given but withdrawn at any time.
   d. Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of
consciousness or being asleep, being involuntarily retained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.

e. Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.

f. When consent is withdrawn or can no longer be given, sexual activity must stop.

Additional Consent Information:

**Sexual violence is sexual activity without consent.**

- **Consent is lacking** in circumstances under which, at the time of the act of intercourse, oral sexual conduct, or anal sexual conduct, the victim clearly expressed that he or she did not consent to engage in such act, and a reasonable person in the actor’s situation would have understood such person’s words and acts as an expression of lack of consent to such act under all the circumstances.

- **Consent cannot be given when a person is temporarily incapacitated.** Temporary incapacitation occurs when an individual is incapable of appraising or controlling his or her conduct owing to the influence of a narcotic or intoxicating substance regardless of whether or not such substance was voluntarily consumed.

- **Consent cannot be given when one is physically helpless.** Physical helplessness occurs when an individual is unconscious or for any other reason is physically incapable to communicate unwillingness to an act.

- **Consent cannot be given when one is physically compelled** by force or threat of harm or when involuntarily restrained.

- **Consent cannot be given** if any of the parties are under the age of seventeen.

- **Consent cannot be given when a person suffers from a mental disease or defect,** which renders him or her incapable of appraising the nature of his or her conduct.

- **Consent** to any sexual act or prior consensual sexual activity between or with any party **does not constitute consent** to any other sexual act. **When consent is withdrawn at any time, sexual activity must stop.**

The following are University policy definitions from a compilation of Clery, VAWA, New York State Penal Law (Article 120 & Article 130), and the Code of Federal Regulations (34 CFR 668.41) and are also included in the Awareness and Prevention training programs:

- **Rape:** The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
  
  - This definition includes victims or offenders of any gender. This definition also includes instances in which the victim is incapable of
giving consent because of temporary or permanent mental or physical incapacity (including due to the influence of drugs or alcohol) or because of age. Physical resistance is not required on the part of the victim to demonstrate lack of consent.

• **Fondling**: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

• **Statutory Rape**: Non-forcible sexual intercourse with a person who is under the statutory age of consent.
  
  o If the offender used or threatened the use of force or the victim was incapable of giving consent because of his/her youth or mental impairment, either temporary or permanent, law enforcement should classify the offense as Rape, not Statutory Rape.

**Domestic Violence**: A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred. For the purposes of complying with the requirements of this section and § 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**Dating Violence**: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition:
  
  (A) Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
  
  (B) Dating violence does not include acts covered under the definition of domestic violence.

For the purposes of complying with the requirements of this section and § 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**Stalking**: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person’s safety or the safety of others; suffer substantial emotional distress. For the purposes of this definition:
(A) Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

(B) Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

(C) Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Disciplinary Proceedings

All members of the University community who violate the Adelphi University Anti-Discrimination, Harassment (Including Sexual Misconduct) and Retaliation Policy (as noted in the Code of Conduct) are subject to the full range of institutional disciplinary actions, up to and including separation from the University and/or referral to authorities for criminal prosecution, where appropriate. Non-members of the University community, such as guests or visitors, who violate these policies on campus, at campus related events or within campus related programs may be referred for criminal prosecution and/or barred from campus events and property. Guests and/or visitors impacted by misconduct are protected by these policies and procedures. These policies also apply to behavior that occurs off campus but has an on campus impact or affects members of the on campus community.

Complainants can file a report of a violation of this policy online or in person with the Department of Human Resources, Levermore Hall, room 203, the Coordinator of Student Conduct and Community Standards located in the University Center, room 308 or the Title IX Coordinator Director Equity Compliance located in Levermore Hall, room 207.

Student complainants can file a formal notice of a complaint with the Coordinator of Student Conduct and Community Standards. Student complainants and respondents are assigned a faculty advocate to advise them through all phases of the disciplinary proceedings. In cases involving sexual assault, dating violence, domestic violence, and stalking students may also be accompanied by an advisor.

---

1 The Code of Conduct states that the full range of institutional disciplinary actions include: warning, censure, educational sanction, disciplinary probation, residence probations, restitution, fines, termination of employment, removal of privileges/restriction from facilities and activities, community service, rehabilitation/counseling, suspension, residence suspension, permanent removal from housing, expulsion, and other sanctions as deemed appropriate by the institution.
of their choice (including attorneys) to all phases of the disciplinary proceedings, including meetings.

Specially trained campus officials who receive annual and ongoing training on conducting investigations and hearings conduct all University disciplinary proceedings in a prompt, fair and impartial manner from the initial investigation to the final result. They also receive training on the dynamics of dating violence, sexual assault, domestic violence, and stalking, including victim trauma and the effects of alcohol and drugs on sexual consent.

Both the complainant and the respondent have the right to call witnesses, present evidence, receive simultaneous written notice of the outcome of the proceeding, the right to appeal the decision, any change to the result, and when the results become final. In cases of sexual assault, domestic violence, dating violence, and stalking both the complainant and the respondent have the right to be accompanied by an advisor of their choice, who may provide advice but not participate in the proceedings.

The Title IX Coordinator or designee investigates all allegations of sexual assault, dating violence, domestic violence, and stalking for the University. After the investigation cases involving accused students will be forwarded to the Dean of Student Affairs for his determination. When warranted the case will be referred by the Dean of Students for adjudication to the University Hearing Board. Upon a finding of responsibility the respondent can be sanctioned within the full range of sanctions up to an including suspension and expulsion.

The standard of evidence used throughout the University disciplinary proceedings (student or employee) is the preponderance of the evidence. Every effort will be made to resolve cases within 60 days; however, this timeline may not always be possible due to the complexity of the case or other issues.

Any employee who is found to have violated the University policy will be subject to disciplinary action, which may include reprimand, suspension, termination or other responsive action deemed appropriate for the violation¹.

**Educational Programming**

Comprehensive programming, initiatives, strategies, and campaigns intended to prevent sexual assault; domestic violence, dating violence, and stalking have been developed and implemented. These programs were developed following collaboration among Human Resources/Title IX Coordinator, Student Affairs, Public Safety, Provost Office and Residence Life. Research consisted of information found under the NCAA Five Step Program, review of current records and possible trends, and review of target groups and timely training events.

Prevention and awareness programs on sexual assault, dating violence, domestic violence, and stalking for freshmen begin before matriculation. All students are required to take an online interactive training course on these topics. They then
receive in-person training during freshmen orientation, which includes bystander intervention and the effects of alcohol and drugs on sexual consent. Freshmen also receive in-person training on these topics in their freshmen seminar classes. All aspects of sexual consent are explored through case scenarios and discussions.

Prevention and awareness training for sexual assault, domestic violence, dating violence, and stalking is also provided to transfer, new graduate, international, Greek life, athletes, student organization leaders, and resident advisors. This training also covers sexual consent and bystander intervention.

Our campus educational outreach efforts on sexual assault, domestic violence, dating violence, and stalking include a campus-wide poster campaign, a student created “It’s On Us” video which we feature on our website. We also provide a comprehensive “Frequently Asked Questions” on our website as well as the below brochures to provide information to our students on sexual assault, domestic violence, dating violence, and stalking.

Victims of sexual assault, dating violence, domestic violence, and stalking, whether the offense occurred on or off campus, are provided written notification of their rights, options they may choose and assistance available through brochures maintained and distributed from the public safety command center and office. The Public Safety incident report has a “check-off box” to make certain victims of the above incidents have been given the written notification. In addition, any incident reported to the Title IX coordinator or another CSA/responsible employee are informed and trained to provide the written notifications to the complainant regarding their rights and options.

The brochures "Sexual Assault: What Every Adelphi University Student Needs to Know" and "Domestic Violence, Dating Violence, Stalking: What Every Adelphi Student Needs to Know" are distributed to all students. It includes information on the nature of sexual assaults, prevention of sexual assaults and in the event of a sexual assault, how to report it, use support services, proceed judicially on campus, criminally and civilly, among other information. Employees are given the brochures as part of employee orientation.

A program on Sexual Assault Prevention, Domestic Violence, Dating violence, and stalking and bystander intervention is presented during orientation. Workshops, lectures and training are provided throughout the year for resident students, resident assistants, residence hall directors, commuter students, student government leaders, student athletes, clubs, employees, campus authorities, and other groups. In addition, Title IX training is conducted by the Title IX coordinator and further includes all faculty, public safety officers, and Greek Life students.

Informative pamphlets are available at the Student Counseling Center in the University Center and Health Services in Waldo Hall.
Students, employees, contractors and visitors complaints of sexual assault, domestic violence, dating violence, and stalking against employees, contractors, or visitors to the University are to be filed with the Department of Public Safety and Transportation at 517.877.3511.

Reporting Sexual Assault / Domestic Violence / Dating Violence / Stalking

Sexual assault is gender neutral and includes any sexual intercourse (anal, oral or vaginal) or any sexual penetration however slight of a body part or object committed without consent and/or by force. It also includes the intentional touching of an intimate body part for the purpose of sexual gratification committed without consent and/or by force.

Domestic / Dating violence is also referred to as intimate partner or relationship violence. It can be defined as a pattern of behavior in an intimate relationship that is used to gain power or control over a partner. Abuse can be physical, sexual, emotional, economic, or psychological acts or threats of action. This includes any behavior that frightens, intimidates, terrorizes, manipulates, hurts, humiliates, coerces, blames or injures someone.

Stalking is a course of unwanted conduct directed at a particular person designed for no legitimate purpose other than to place the person or a third person in reasonable fear of physical, emotional or mental harm.

Where applicable, the rights of victims and the University’s responsibilities for orders of protection, 'no-contact' orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court or by the University are maintained on file and are strictly adhered to.

Any individual who believes that he/she has been a victim of a sexual offense, dating violence, domestic violence, and stalking is encouraged to report these incidents to Public Safety, the police or any campus authority, including Resident Assistants, Faculty, Deans or Administrators. However, it is the individual’s choice to report or decline to notify such authorities. Anyone wishing to report the incident to the police will be provided assistance by University personnel. Medical examinations are very important. In sexual assault cases, victims can receive a sexual assault forensic examination by a Sexual Assault Nurse Examiner at one of our two cooperating local hospitals. All public safety personnel are trained on the importance of preserving evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order in sexual assault cases. Victims should not change clothes, shower, douche, brush teeth, eat or drink before the forensic medical exam.

Victims of crimes of violence such as dating violence, domestic violence, and stalking, should also preserve any evidence, including any recordings, torn clothing, damaged property, written communications, photos showing damage, any evidence linked to the emotional distress, financial distress, and psychological and physical evidence of the crime.
Additional Rights for Reporting Individuals and Complainants in Sexual Assault, Dating Violence, Domestic violence, and stalking cases include: the right to have the University issue a “No Contact Order” in cases where the accused is a student, consistent with the procedures outlined in the Code of Conduct which also provides for prompt review; to be assisted by Public Safety in obtaining an Order of Protection or an equivalent protective or restraining order; to receive a copy of the Order of Protection or equivalent when received by the University and be provided with the opportunity to speak with a Public Safety Officer to answer questions and explain the provisions of the order; to receive assistance from Public Safety in effecting an arrest when an Order of Protection is violated.

The University will consider all requests for confidentiality. Every effort will be made to honor these requests; however in certain circumstances the University may be unable to do so. We can however promise that every report will be kept as private and confidential as possible.

What is an Order of Protection?

An order of protection is issued by the court to limit the behavior of someone who harasses you or threatens to harm you and/or your family and/or another person(s) listed in the order. An order of protection is issued by a Family Court, Criminal Court, and Supreme Court to limit the behavior.

What is the difference between a Family Court, Criminal Court, and Supreme Court Order of Protection?

To obtain a Family Court Order of Protection you need to fall in one of the categories: current or former spouse; someone with whom you have a child in common; a family member to whom you are related by blood or marriage; someone whom you have or have had an “intimate relationship”. If you fall in one of these categories, you need to file a form called a “Family Offense petition”. The form requires the petitioner to list the reasons for the order which can include: disorderly conduct, harassment, aggravated harassment, criminal mischief, sexual abuse, strangulation, menacing, reckless endangerment, sexual misconduct, stalking, and forcible touching.

A criminal court order of protection can only be issued against a person who has been charged with a crime. The judge decides whether to issue the order of protection for the victim or complaining witness and what terms and conditions will be included in the order.

A Supreme Court order of protection can be issued as part of an ongoing divorce proceeding. During an ongoing divorce case you can submit a written or make an oral request at a court appearance. The judge decides whether to issue the order of protection and what terms and conditions will be included in the order.
What can you do if someone violates an order of protection?

It is a crime to violate a temporary or final order of protection. If the subject of the order of protection does not obey the order, then you can call the police. The police will probably arrest the individual for violating the order of protection. The individual does not have to hit you to violate the order. If the individual comes to your home and the order says he/she can't, then you can call the police. You also have the right to file a violation of the order in Family Court. Filing a violation in Family Court usually will not result in arrest of the individual who has violated the order. You can choose to go to Family or Criminal Court, or both.

*A person in a dangerous emergency situation requiring immediate intervention should call 911 for assistance.*

Range of Protective Measures Including Changes in a Victim’s Academic, Living, Transportation and Working Situations

Victims of sexual assault, dating violence, domestic violence, and stalking are entitled to No Contact Orders, which require the accused student to stay away from the victim. Victims of these offenses are also entitled to other reasonable accommodations from the University in the areas of academics, transportation, work and residential living arrangements. All students are apprised of the availability of these accommodations through trainings and our website. Victims are entitled to these accommodations whether they choose to report the incident to the police or public safety. For more information about obtaining these accommodations contact the Title IX Coordinator or the Dean of Student Affairs.

Adelphi University will provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and in the community. Furthermore the University will offer information about options for, and available assistance in how to request changes to academic, living, transportation, and working situations or protective measures. The university will offer these services, upon request, regardless of whether the victim chooses to report the crime to campus Public Safety or local law enforcement. Contact the Office of the Dean of Student Affairs 516.877.3146, or Human Resources at 516.877.3220.

Interim Measures

At any time during the investigation, the investigator may recommend reasonable interim protections or measures for the parties involved or witnesses. These protections and measures may include, but are not limited to, separating the parties, placing limitations on the parties, no contact orders, suspension, alternative workplace or student housing arrangements, transportation or reasonable academic adjustments.

Remedial and protective measures may be available regardless of whether a complainant pursues a complaint or investigation under this Code. When the
University receives a report of alleged misconduct the University may take immediate steps to protect the complainant, other affected parties, and the community. In this regard, interim measures are limited to action necessary to reach the desired effort involving protection of the community, complainant, and respondent. They are also limited in time to the adjudication of the policy violation(s) in question, and should be designed to cause the least harm possible. Interim measures may include issuance of a no contact order, or a change in housing, academics, transportation, campus employment, campus involvement, activities, or overall student status.

The Dean of Student Affairs or designee may remove from University housing, or suspend a student from the University for an interim period pending disciplinary proceedings or medical evaluation, which shall be scheduled at the earliest possible time. When taking such interim measures, the University will, to the extent practical, minimize the burden on the complainant. The interim removal/suspension shall become immediately effective without prior notice whenever there is evidence that the continued presence of the student on campus poses a substantial and immediate threat to himself, herself, or to others, or interferes with normal University operation or activities. The student so removed/suspended may contest the evidence relied upon to make this decision by requesting a conference with the Dean of Student Affairs or designee. Such request does not delay the removal/suspension.

**Complaints Accusing Employees:** The Title IX Coordinator/Director of Equity and Compliance or designee will investigate all Title IX complaints of discrimination, harassment (including sexual misconduct, dating violence, domestic violence, stalking) and/or retaliation accusing employees. (Title IX complaints include, but are not limited to, sexual assault, sexual misconduct, sexual harassment, dating violence, domestic violence, stalking, discrimination and harassment based on sex or gender.). The Title IX Coordinator may assign investigators from the Anti-Discrimination Panel, a diverse group of individuals composed of Adelphi employees who have been selected and trained on issues related to the above complaints to investigate and resolve complaints of discrimination, harassment and/or retaliation accusing employees. Any employee who, after appropriate investigation, has been found to have violated this Policy, will be subject to disciplinary action, which may include reprimand, suspension from service for a stated period, with or without pay, termination of employment, or such other responsive actions deemed appropriate for the violation. Recommendations for disciplinary action against faculty members accused of violations of this Policy will be forwarded to the Provost, who will initiate disciplinary proceedings in accordance with Article XIX of the Collective Bargaining Agreement between the University and the American Association of University Professors (AAUP). After completion of the proceedings, the Provost will issue an outcome letter to the faculty member with a copy to the Title IX Coordinator and the Associate Vice President for Human Resources and Labor Relations for their files.
Complaints Accusing Students: The Title IX Coordinator/Director of Equity and Compliance or designee will investigate all Title IX complaints of discrimination, harassment (including sexual misconduct, dating violence, domestic violence, stalking) and/or retaliation accusing students. (Title IX complaints include, but are not limited to, sexual assault, sexual misconduct, sexual harassment, dating violence, domestic violence, stalking and gender based discrimination or harassment.) Upon completion of the investigation, the investigative report will be forwarded to the Assistant Vice President & Dean of Student Affairs or designee. If there are sufficient grounds to proceed, the matter will be adjudicated consistent with the Code of Conduct. The Assistant Vice President & Dean of Student Affairs or designee will investigate and resolve other complaints of discrimination, harassment and/or retaliation accusing students, consistent with the Code of Conduct.

In the event that provisions of the Code are inconsistent with legal requirements, the legal requirements will prevail. Any student who, after an appropriate investigation and adjudication, has been found to be in violation of this Policy, will be subject to disciplinary action, which may range from a warning to expulsion, depending on the severity of the misconduct, the student’s cumulative conduct record, institutional precedent, and other mitigating or aggravating circumstances.

Complaints Accusing Third-Parties and Complaints of Third Parties that Occur on any Campus, Campus Center or Site: Normally, the Director of Employment, Employee, and Labor Relations or the designated representative of the Associate Vice President for Human Resources and Labor Relations will investigate complaints accusing non-students and non-employees of incidents related to the University’s programs and activities and programs involving third parties that take place on any University campus or Campus Center. Examples include incidents involving visitors to the University, camps conducted by third parties on any University Campus or Campus Center or Site, vendors, and individuals at a field placement or internship. Any third-party who, after appropriate investigation, has been found to have violated this Policy, will be subject to restriction from University property, cancellation of vendor contracts, discontinued use of placement sites, or such other responsive actions deemed appropriate for the violation. Referrals may also be made to law enforcement, as appropriate.

The respondent and/or the complainant will, upon request, be afforded a prompt review, reasonable under the circumstances, of the need for, and terms of an interim measure including potential modification, and will be allowed to submit evidence in support of his or her own request.

Disclosure to Alleged Victims of Crimes of Violence or Non-Sex Offenses

Complainants, alleged victim, and respondents of crimes of violence including sexual assault, domestic violence, dating violence, and stalking are entitled to receive simultaneous written notification of the results of the disciplinary proceedings, along with the rational for the findings and their right to appeal.
If the alleged victim is deceased as a result of the crime or offense, Adelphi University will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.

A Sexual Assault brochure is available to download through the Public Safety website at safety.adelphi.edu/brochures or by visiting Public Safety or Student Affairs.

Students’ complaints of sexual misconduct, domestic violence, dating violence or stalking against employees of the University are to be filed with the Department of Public Safety and Transportation, the Title IX Coordinator, or any campus authority.

Bystander Intervention

Bystander intervention means safe and positive options that may be carried out by an individual or individuals to intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene. Additional areas considered for bystander intervention include the witnessing or having knowledge about hazing, discrimination, medical emergency, and acts of discrimination.

Bystanders are less likely to intervene if more people are present – each assuming someone else may be more qualified to intercede. However, once one person steps up to help, the group will likely be more willing to assist.

Bystanders should notice the emergency, interpret it as such, assume personal responsibility for acting, choose a strategy and implement that strategy. A strategy could be as simple as saying something to the potential violator to stop the action, calling someone to help such as public safety, the police or other appropriate authority such a counselors, professors, or if safe to do so step in before the situation escalates.

Bystander training begins at orientation for incoming first-year students, all transfer students, new employee orientation, and continues throughout the year for student organizations, sports teams, faculty training, and administrative positions. Students are also trained to avoid putting themselves in dangerous situations and to call public safety or the police department whenever necessary.

Multiple Actions and Helpful Hints for Being a Proactive Bystander

- Believe that a sexual and relationship violence is unacceptable and say it out loud
- Treat people with respect
- Speak up when you hear victim blaming-blaming statements
- Talk with friends about confronting sexual and relationship violence
• Encourage friends to trust their instincts in order to stay safe
• Be a knowledgeable resource for survivors
• Don’t laugh at sexist jokes or comments
• Look out for friends at parties and bars
• Educate yourself and your friends
• Use campus resources
• Attend awareness events
• Empower survivors to tell their stories

Providing a Distraction Sometimes Is All It Takes to Interrupt a Potentially Dangerous Interaction
• Call a friend’s cell repeatedly
• Spill something on purpose
• Tug on your friend’s arm insistently
• Ask where the bathroom is
• Interrupt the conversation
• Turn off the music
• Say, “I think that guy wants to talk to you” to separate those involved
• Tell the potential perpetrator “Your car is being towed!”
• Matter-of-factly pull your friend away saying, “We need to leave” – and then go
Timely Warning

In the event that a Clery crime occurs on or near campus that, in the judgment of the Adelphi University’s Executive Director of Public Safety and Transportation or designee, constitutes an ongoing or continuing threat, a campus wide “timely warning”, developed by the Executive Director of Public Safety or Designee(s), will be issued to the campus community via mass email, in addition to postings around campus.

As soon as pertinent information is available, the Department of Public Safety and Transportation will evaluate the need to issue a timely warning based upon the following conditions:

1. A Clery Act crime occurring within the University’s Clery geography or poses a risk to the campus community that has been reported to campus security authorities or the Department of Public Safety and Transportation; and
2. The crime is considered by the University to represent a serious or continuing threat to students and employees.

In determining whether to issue a timely warning, on a case-by-case basis, the University will consider all the facts surrounding the crime including factors such as: the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts. In compliance with the Violence Against Women Reauthorization Act, the names of crime victims will not be published in timely warnings.

The intent in issuing a timely warning is to enable members of the campus community to protect themselves and to aid in the prevention of similar crimes. Timely warnings will be distributed via methods reasonably likely to reach the entire campus community. This is typically accomplished via the use of the Adelphi Public Safety website at safety.adelphi.edu and the University email system.

Once the decision has been made to issue a timely warning, the Department of Public Safety and Transportation is responsible for distributing the warning. Anyone with information they feel warrants a timely warning should immediately contact Public Safety at 516.877.3511 or in person at the public safety command center, Levermore Hall.

Emergency Notification

Adelphi University will immediately notify the campus community, or segment(s) of the community, when there is confirmation of a significant emergency or dangerous situation that involves an immediate threat to the health or safety of students or employees and is currently occurring on the campus and/or at each center or immediately threatening the campus and/or each center. The Department of Public Safety and Transportation will utilize all information resources at its disposal to confirm there is an emergency and will send notification to the entire University community.
An emergency notification may apply to both criminal and non-criminal incidents and can include but is not limited to: weather or natural disaster events, public health emergencies, hazardous materials spills or gas leaks, riots or armed intruders.

The Executive Director or designee may confirm and has the authority to declare an emergency or dangerous situation involving an immediate threat to the health or safety of students or employees. The Executive Director of Public Safety or designee may confer with the Dean/Assistant Vice President of Student Affairs, Associate Vice President for Brand Strategy & Communications or the Chief Administrative Officer & Associate Vice President, if readily available and then will without delay, and taking into account the safety of the community, determine the content of the notification, dependent on the emergency, and initiate the University emergency notification system (Rave Alert), unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency. In the event of a serious incident that poses an immediate threat to members of the Adelphi community, the Department of Public Safety and Transportation will activate various electronic, public address systems and text message notifications in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat to the Adelphi community. As needed, follow-up information will be provided to the community as well as at the conclusion of the immediate threat/emergency utilizing the same systems as the initial emergency notification.

University Mass Notification System (Rave Alert)

The telephone is the primary means of emergency notifications at the University. The University utilizes an off campus vendor for timely warnings to the entire University community. The University’s Mass Notification System is the system used for this purpose. An SMS message will be sent to all cellular telephones and voice messages to office telephones (if registered with the University’s Mass Notification System). Notification can also be sent over the University exterior Public Address System to the University community from the Command center located at Levermore Hall.

The University’s Mass Notification System is intended for the immediate transmission of specific information regarding an emergency to all members of the University. Public Safety signs up the University Community for the University’s Mass Notification system upon receipt of their Adelphi University Identification Card.

You can change or update your registered devices through the Rave Manager Profile Dashboard accessible through eCampus at portal.adelphi.edu. It is part of the single sign-on, so you will sign in with your Adelphi username and password. After you are signed in to eCampus, go to the Services tab and select the University Mass Notification System icon.
The Department of Public Safety and Transportation tests the University Mass Notification System at least once every calendar year, and such tests may be announced or unannounced. The campus also tests its emergency response and evacuation procedures on at least an annual basis. Furthermore, emergency tabletop exercises are conducted on an annual basis.

**Registered Sexual Offenders**

The "Campus Sex Crimes Prevention Act" (Section 106 of Public law 106-38) is a federal law that provides for the tracking of convicted sex offenders enrolled at or employed by institutions of higher education.

The Act amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act to require sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student. This requires that state procedures ensure that this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and that it is entered into appropriate State records or data systems.

It also amends the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistic Act to require institutions of higher education to issue a statement, in addition to other disclosures required under that Act, advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. Lastly the Act amends the Family Education Rights and Privacy Act of 1974 to clarify that nothing in the Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders; and requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted.

The state Division of Criminal Justice Services is partnering with NY-Alert to allow New Yorkers to sign up for alerts when moderate and high risk sex offenders’ move into or out of a community.

The DCJS system allows New Yorkers to flag communities of interest to their family and then get alerts by a phone, email, text message or fax. They can sign up for notices involving three communities at once. The alerts will be carried out by the State Emergency Management Services System.

For more information, contact 1.800.262.3257 or [criminaljustice.state.ny.us](http://criminaljustice.state.ny.us). To view the New York Public Registry of Sex Offenders, see [criminaljustice.ny.gov/SomsSUBDirectory/search_index.jsp](http://criminaljustice.ny.gov/SomsSUBDirectory/search_index.jsp)
Security Awareness, Crime Prevention, and Risk Reduction

Representatives of the University join together at first-year, transfer and employee orientations to provide information on services offered by the University. Presentations include a Campus Safety 101 video, information relative to the safety of the campus and the crimes that do occur as well as in surrounding areas, and are informed of the numerous pamphlets, and security alerts available to the community. Active shooter training is provided to all students and employees. They also receive information from Health Services and Counseling Services. Parents are also invited to an orientation conducted especially for them that gives them the opportunity to become familiar with the Department of Public Safety and Transportation, present an overview of the first-year orientation, and to address concerns and questions.

Throughout the academic year, the University offers several crime prevention programs for students including a self-defense seminar, residence hall safety offering tips on living safely on campus, commuter safety meeting offering tips on safe commuting, theft prevention, sexual assault preventive measures, hate crimes as well as other crimes. All are encouraged to visit the Public Safety website at safety.adelphi.edu for more security tips and alerts.

In addition, under the SaVE Act along with the Violence Against Women Act, the University provides training in the areas of domestic violence, dating violence, sexual assault and stalking. Included in the training are the definitions of each, awareness, protective measures to reduce risk, recognizing warning signs of abusive behavior, consent, and how to avoid potential assaults or abusive relationships.

See Appendix 1 for list of Security Awareness, Crime Prevention and Personal Safety, and Risk Reduction Classes Provided for the calendar year 2015.

National Campus Safety Awareness Month

Adelphi University observes National Campus Safety Awareness Month in September with weekly events designed to promote safety across the University campus and its centers.

Adelphi is a safe campus and it is important that we continue to raise awareness on relevant issues to keep it that way. National Campus Safety Awareness Month is a perfect opportunity as we start the new academic year to focus on safety and making good decisions.

The Adelphi University Department of Public Safety is partnering with the Garden City Police Department, Adelphi Counseling Center, Residence Life and Housing, Athletics, Health Services and the entire Adelphi community to provide programming
on issues including sexual assault, domestic violence, dating violence, stalking, the dangers of alcohol and drugs, active shooter, and pedestrian safety.

The University offers a full schedule of programming and events during the month of September to enhance the safety of our campus. It takes all of us working together to keep Adelphi a safe campus and all are encouraged; students, faculty, and staff to participate in as much programming and events as possible. Theft prevention, active shooter survival, hazing prevention, sexual assault awareness, domestic violence, dating violence, stalking, and the dangers of alcohol and drugs are issues that many do not like to talk or think about. But through awareness, we want the Adelphi community to be mindful, not fearful.

**Residence Hall Building Meetings**

Public Safety staff visits individual residence halls each semester to discuss security and safety issues concerning the residents.

**Residence Programs**

The Residential Life staff periodically conducts their own basic crime prevention discussions in their residence halls.

**Daily Crime Log and Fire Log**

The Department of Public Safety and Transportation maintains a campus daily crime log and a Fire Log in the Public Safety command center, Levermore Hall. At the main front desk of the Manhattan Center, Suffolk Centers’ Hauppauge location, and Hudson Valley Center, a daily crime log is maintained at each location, and records all crimes reported, to the University. The crime logs contain information by the category of crime, incident number, date of crime, time of occurrence, general location, and disposition if known. Public Safety must make these entries except where such disclosures are prohibited by law or would jeopardize the confidentiality of the victim. Said information may also be withheld if there was clear and convincing evidence that the release of the information would jeopardize an ongoing criminal investigation or the safety of an individual, cause the suspect to flee or evade detection, or result in the destruction of evidence. The Department must disclose any information once the adverse effect described above is no longer likely to occur. The Department may withhold only that information that would cause the adverse effects described above.

A daily crime log entry or change in the disposition is recorded within two business days of the reporting of the crime. The crime and fire log are accessible for public inspection during normal business hours for the most recent 60-day period. Any request for the portion of the log over the 60-day period will be made available within two business days of a public request.
Safety Tips and Resources

Although Garden City remains one of the safest neighborhoods on Long Island and Adelphi University one of the safest campuses in the country, we remain as determined as ever to be vigilant about concerns of safety. Please take a moment to review the University’s extensive safety tips on the Public Safety website at safety.adelphi.edu/tips.

If you witness a crime or experience an emergency on campus dial 5 from any campus phone or use any call box 24 hours a day to reach the Adelphi Department of Public Safety and Transportation. Working together as a community, we will continue to ensure a safe environment for everyone at Adelphi University.

Security of and Access to Campus Facilities

Garden City Campus
All parking lots at the Garden City Campus are routinely patrolled by public safety vehicle patrols, foot and bicycle patrols as well as closed-circuit TV cameras. Vehicular access to the campus is restricted from 11 p.m. to 5:30 a.m. when only one guarded entrance is open by the Levermore Hall roadway. Incoming vehicles during the 11 p.m. to 5:30 a.m. period must swipe their ID card or are checked to ascertain their purpose and will be denied access if the occupants cannot establish a legitimate reason for entering the campus. Parking is by permit only.

Each residence hall is staffed by a full-time professional residence hall director and trained graduate and undergraduate resident assistants who work with public safety and other University departments to provide and maintain facilities that are safe and secure. A residence hall staff member is on duty 24 hours a day. Access to residence halls is limited to residents and their guests. Entrances are locked 24 hours a day and interior areas are patrolled by public safety officers and residential life staff. Closed-circuit television cameras are located in each resident hall lobby and lounge areas along with in-house telephones.

Hall Attendants are on duty (during Fall and Spring semesters) from 6 p.m. to 4 a.m., 7 days a week to check the identification of all people (residents and visitors) entering the residence halls. No one is admitted without a proper photo I.D. (University I.D., or driver’s license). Visitors are permitted in the residence halls overnight only with the proper authorization from the Office of Residential Life and Housing.

During periods of extended closings, only those with approved card access will be permitted to enter residence halls.
All campus buildings (with the exception of residence halls) are accessible Monday through Friday from 5:30 a.m. to 11 p.m., and Saturdays and Sundays according to class schedules. Exceptions are made for special events. Identification may be requested of anyone utilizing campus facilities.

**Suffolk Centers: Hauppauge/Sayville Locations**
An Adelphi public safety officer is at the entrance of the Hauppauge location building when classes are in session. The facility is covered by closed-circuit TV cameras. The Sayville location is staffed by a SUNY Public Safety Officer at the front desk. There are no residence hall facilities at either location.

**Manhattan Center**
A contracted security officer is on duty at the entrance of the 2nd floor of the building which the University occupies Monday through Friday 7 a.m. to 10 p.m., Saturday and Sunday 7 a.m. to 6 p.m., but may vary each semester according to class schedules. The facility is covered by closed-circuit TV cameras. There are no residence hall facilities at this location.

**Security Considerations, Building Access and Maintenance**
Special arrangements can be made through the Department of Public Safety and Transportation (ext. 3511) for access to buildings outside of regular operating hours. Special after-hours access to buildings for employees and students may be obtained by written request to the Executive Director of Public Safety and Transportation. Students requesting access must have an after-hours access card completed by a faculty member or a University administrator to be permitted access. The card is then kept on file in the public safety command center for student access verification.

All employees and students are encouraged to report any repairs they feel need the attention of facilities management. A building engineer is on duty 24 hours a day in case of emergencies. Repairs may be called into facilities management directly to extension 3970 during business hours or public safety at extension 3511 all other times. In addition, lighting surveys of exterior spaces are conducted bi-monthly with the results forwarded to facilities for necessary action. Closed circuit television systems, crime prevention programs, and card access control systems are also utilized to assist in preventing and investigating crimes. Any security concerns should be addressed by contacting Public Safety at 516.877.3500.
Policies and Procedures for Safe Access to Residence Halls

Residence hall entrances are locked 24 hours a day. Access is by an individually coded University ID card programmed to access a residence hall front door, which is provided to each resident at the beginning of each semester.

Non-Campus Residential Facilities

The Allure Mineola Apartments, located at 140 Old Country Road in Mineola, are partially occupied by students from Adelphi University. The facility is equipped with cameras, and each visitor must be buzzed into the building. The Adelphi students residing there are domestic, independent students that chose to live in a “mature living environment”.

They have been instructed by Adelphi Residential Life to contact 911 when they are injured, sick, reporting a fire (for fire call 516.742.3300 or 911), or if they have been victim of a crime. However, there may be instances where they call the Public Safety Command Center for information or to report a crime.

A report can be taken in the following ways: An officer responds to the location and takes the report face to face or via telephone by booth officer, patrol officer, or supervisor,

Officers must ensure when taking a report involving Domestic Violence, Dating Violence, Stalking, or Sexual Assault that: student is read the Student Bill of Rights, offered counseling (during business hours), given or sent informational pamphlets pertaining to the crime, and make all the necessary notifications

If the student requests to speak with a Title IX coordinator immediately: Rhonnie Jaus, Title IX Coordinator and Director of Equity and Compliance (Office) 516-877-4819.

Personal Safety

Interested individuals and groups can arrange for personal safety and security programs to be presented by a trained crime prevention officer.

Based on the circumstances, personal escorts within campus may be requested of public safety by calling the public safety command center at 516.877.3511 or by extension 3511 on any in-house telephone. Personal safety brochures are available in the Public Safety office as well as online at safety.adelphi.edu/brochures.

Alcohol & Drug Policy

Adelphi University, in its mission to provide a quality education for students and to prepare them for a healthy and productive life, realizes the importance of a drug-free campus and is therefore strongly committed to prevention of substance abuse.

It is the University’s policy to prohibit the unlawful manufacturing or distribution, dispensing, possession, or use of illicit or non-prescribed drugs and alcohol anywhere on the Adelphi campus or as part of any Adelphi University activity. Note: The University does allow limited use of alcoholic beverages by individuals of the New York State legal drinking age of 21, at University-sanctioned events in licensed facilities on campus in compliance with all laws. Alcohol is not permitted in residence halls. The Department of Public Safety and Transportation with the assistance of the Garden City police enforce state and local laws pertaining to unlawful underage alcohol possession, sale and use. The Department of Public Safety and the Garden City Police Department also regularly enforces state drug laws and may from time to time assist federal agencies with the enforcement of federal drug laws.

Any member of the Adelphi community (including staff, faculty, and students) found to be in violation of this rule will be subject to strict discipline, up to and including dismissal as well as criminal prosecution, fine and imprisonment if applicable.

The primary Adelphi University source for information on alcohol and drug free awareness is the University’s Alcohol and Other Drugs site at aod.adelphi.edu.

Amnesty: Adelphi University recognizes that an individual who has been drinking or using drugs at the time of the incident may be hesitant to report for fear of disciplinary action. In an effort to encourage reporting, an individual who reports sexual assault, dating violence, domestic violence, or stalking, either as a complainant or a witness, will not be subject to disciplinary actions by the University for his/her own personal consumption of alcohol or drugs at or near the time of the incident. This amnesty policy applies to the University’s student conduct process.

Alcohol and Drug Use Prevention and Awareness Programs

Under the direction of the Drug and Alcohol Counselor, from Adelphi University, in collaboration with the Crime Prevention Officer at Public Safety,
various alcohol and drug use prevention and awareness programs are provided to the Adelphi University community.

Alcohol Awareness Month
Every April, Alcohol Awareness Month focuses on promoting awareness around alcohol, safety, healthy habits, and supporting yourself and others. Through sharing information and connecting with each other, we can help make a positive impact on our community

National Collegiate Alcohol Awareness Week
The following programs scheduled for the week comply with the Drug Free Schools and Community Act (DFSCA):

1. “Impaired” Driving Obstacle Course: How well can you navigate driving a golf cart through a maze with drunk goggles on?
2. National Prescription Drug Take-Back Day: This National Prescription Drug Take-Back Day is offered to provide the public with an opportunity to prevent pill abuse and theft by properly disposing of potentially dangerous expired, unused, and unwanted prescription drugs; no questions asked. The proper disposal of drugs also prevents them from becoming an environmental hazard in our water.
3. “Beer for the Poor” with Pi Lambda Phi: Donate some beer money and receive a root beer float! All proceeds will be donated to Mothers Against Drunk Driving (MADD).
4. Alcohol Jeopardy with Phi Sigma Sigma: come play Jeopardy with the Sisters of Phi Sigma Sigma!
5. Defensive Driving Class

### Emergency Drills, Testing and Evacuation Procedures

The Adelphi University Department of Public Safety will, upon confirmation of an emergency, activate procedures to notify the individuals impacted and respond to and mitigate the threat to the health or safety of those individuals by utilizing appropriate measures to include emergency notification, emergency evacuation, “shelter in place” or other measures deemed necessary using the National Incident Management System (NIMS) structure.

Following the above measures, the Emergency Operation plan will provide structure and operational coordination when implemented for the Garden City Campus, Suffolk Centers, Manhattan Center, and Hudson Valley Center.

The Emergency Operations Center (EOC) is one of the most important tools in coordinating emergency functions. The EOC facilitates the decision-making process and response operations to major emergencies. The Adelphi University Emergency Operations Center was established to serve as the Command/Control and Communications Center for the overall Adelphi response to an emergency. At the EOC, the Emergency Response Team members shall coordinate, as necessary, with the Executive Vice President of Administration & Finance (Emergency Director), Chief Administrative Officer & Associate Vice President (Emergency Director Designee), and Executive Director of Public Safety (Operations Section Chief) for implementation and coordination of the campus Emergency Operations Plan and support as it pertains to their areas. Team members are to keep in constant communication with the Emergency Operations Center.

Evacuation drills are performed both live and in tabletop exercise. The purpose of evacuation drills is to prepare building occupants for organized evacuation in case of fire or other emergency.

#### Evacuation Procedures

Drills and tabletop exercises are conducted with the Garden City Police and Fire Departments each year on a minimum of three occasions. Following the drills and tabletop exercises, assessments and evaluation of the universities emergency
operation plan to determine the plans compatibility to actual emergencies and where improvements can be made. The plan is updated each June if any updates and/or deletions are needed.

Each drill and exercise is announced in advance by those closely affect by the exercise. All drills and exercises are documented and records are maintained by a Public Safety Captain who is also the Emergency Management trainer and supervisor.

**Garden City Campus**

Appropriate action during an emergency evacuation depends on preparation. It is the responsibility of University employees to be aware of and be familiar with the emergency evacuation procedures. The procedures are intended to minimize injury, loss of life, damage to property, and insure an orderly evacuation of a building.

Anyone having evidence of, or seeing an immediate threat to life due to a fire or smoke condition, should go to the nearest fire alarm pull station and activate the alarm. Do not attempt to put a fire out unless there is a fire extinguisher nearby and the fire is small and under control.

Upon evidence of an emergency or at the direction of the Department of Public Safety and Transportation, the Garden City Police Department, Garden City Fire Department, or Evacuation Wardens, faculty and staff members in adjacent buildings shall assume responsibility for the evacuation of their building in an orderly manner.

Evacuation of buildings should be made through the nearest safe exit. There may be times when conditions warrant the use of other non-affected buildings for refuge. If directed, persons should proceed to the University Center, Center for Recreation and Sports, the Performing Arts Center, or the Swirbul Library. Fire hydrants, streets, and driveways must remain accessible to emergency vehicles. The Adelphi Department of Public Safety and Transportation will assist with the evacuations as personnel resources permit. The Department of Facilities Management shall proceed to the Incident Command Post (ICP) to offer technical assistance to emergency responders. Evacuation Wardens, faculty, and staff members will assist in maintaining order in the assembly areas until permission to re-enter has been given. Evacuation Wardens must report results and observations to an official of the fire department or Department of Public Safety.

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous, it is usually safer to stay indoors because leaving the area may expose you to that danger. Therefore the implementation of “shelter-in-place” is activated which means to make a shelter of the building that you are in, and with a few adjustments, this location can be made even safer and more comfortable until it is safe to go outside.
HOW TO SHELTER IN PLACE

What it means to “Shelter-in-Place”
If severe weather or an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter-in-place” means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

Basic “Shelter-in-Place” Guidance
If an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, etc.) and follow the evacuation procedures for your building (close and lock your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest university building quickly. If police or fire department personnel are on the scene, follow their directions.

How You Will Know to “Shelter-in-Place”
A shelter-in-place notification will come from the Department of Public Safety via the RAVE university mass notification system and/or Emergency Public Address System announcement.

General Building Evacuations

1. When a fire alarm sounds or when directed by other means to evacuate a building, all occupants shall immediately evacuate.
2. Never use elevators during an emergency evacuation unless absolutely necessary.
3. Be aware of the marked exits from your location in the building.
4. Know the location of fire pull stations and fire extinguishers and know how to use them.
5. When the building evacuation fire alarm is sounded or when you are directed to leave by a member of the Garden City Fire Department, the Garden City Police Department, Evacuation Warden, or a member of the Department of Public Safety and Transportation, walk quickly but do not run to the nearest marked exit and ask others to do the same.
6. Once outside, proceed to a clear area at least 150 feet (half a football field) upwind from the building. Keep walkways clear for emergency vehicles. Adelphi Public Safety Officers will assist with directions.
7. An Incident Command Post (ICP) will be established near the emergency site by the Department of Public Safety and Transportation; keep clear of the ICP unless you have important information to report.
8. Do not return to the building until you are told to do so by a representative of the Garden City Fire Department, Garden City Police Department, the Evacuation Warden, or a member of the Department of Public Safety and Transportation.

Adelphi University Centers: Hudson Valley, Manhattan, Hauppauge, and Sayville

The Hudson Valley, Manhattan, and Suffolk Centers are in leased spaces and do not occupy more than one floor of the shared building. Emergency evacuation drills are conducted by the building management personnel and are guided by the local code. There are no residence halls at any of the centers. Public Safety from the main campus in Garden City will go to these centers and train the individuals at the center on campus evacuation and procedures.

Adelphi University Non-Campus Locations: The Allure Mineola

The Allure Mineola Apartments are in leased spaces in a shared building. Emergency evacuation drills are conducted by the building management personnel and are guided by the local code.

Emergency Operations Plan

The Adelphi University Emergency Operations Plan (EOP) and herein after referred to as “The Plan,” has been designed as a guide for administrators and their designees in planning for, and responding to, campus emergencies. This Plan utilizes an all hazards approach and covers an ever-expanding scenario of situations common to us as well as newer threats that need to be planned for in the 21st century.

An all-hazard plan will provide structure and operational coordination when implemented for the Garden City Campus, Suffolk Centers, Manhattan Center, and Hudson Valley Center. The Plan contains various components that, when a situation occurs will allow for maximum flexibility to facilitate operational coordination and information sharing between the campus and outside agencies.

The University policies and procedures contained herein are expected to be followed by all administrators and staff. While the Plan does not cover every conceivable situation, it does provide basic administrative guidelines necessary to cope with most campus emergencies.

Campus emergency operations will be conducted within the framework of University guidelines. Any exception to the procedures outlined in the Emergency Operations Plan...
Plan will be conducted only by, or with the approval of, those University administrators responsible for directing and/or coordinating emergency operations.

Below you will find a link to the Plan as well as the Table of Contents. It is also available at the Department of Public Safety and Transportation in Levermore Hall.

**Special Attention:**
All are strongly encouraged to review and become thoroughly familiar with the section entitled “Emergency Evacuations of Buildings” also stated above.

**Note:** The general public cannot access the Emergency Operations Plan including students’ parents or guardians. Access to the Plan can only be made through your eCampus login.

Missing Students Policy

Adelphi University has adopted and implemented a plan providing for the investigation of any missing student. These plans provide for the coordination of the investigation of missing students with local law enforcement agencies. This plan includes, but is not limited to, Memorandums of Understanding with the Garden City Police Department and the New York City Police Department. The University will notify the appropriate local law enforcement agency within 24 hours of the determination that the student is missing, unless the local law enforcement agency was the entity that made the determination that the student is missing.

How to Report a Missing Student:

All reports of a missing student, including a student living on campus who is missing more than 24 hours, should be made immediately to the Dean of Student Affairs at 516.877.3660. If it is outside normal business hours, the report should be made to the Department of Public Safety at 516.877.3511. The Department will immediately contact the Dean of Student Affairs by telephone. Be prepared to give your name and phone number as well as provide all information possible regarding the missing person including a physical description, what they were wearing when they were last seen, where they were last seen, what physical condition they were in when last seen, if they are driving or have a vehicle and its description and who they were with. Be prepared to provide information on any medical or other special conditions that you know about. Once a student is officially declared as missing the report is immediately referred to Adelphi Department of Public Safety.

At Adelphi University each student completes a “Student Emergency/Missing Student Contact Registration Form” in order to receive their Adelphi Identification Card. The form gives the student the option to identify an individual to be notified by Adelphi University (AU) if a student is determined to be missing. If a student is determined missing, AU will also notify the appropriate law enforcement agency no later than 24 hours after the student determination.

Students are advised that the missing student contact information will be considered confidential, accessible only to authorized campus officials and law enforcement and will not be disclosed outside of a missing person investigation.

Note Regarding Parents/Guardians and Emergency Contacts of Resident Students:

- If the student is under 18 years of age and not an emancipated individual, the University is required to notify a custodial parent or guardian or any other designated contact person no later than 24 hours after the time that the student is determined to have been missing.
• If the student is over 18 years and provided a missing student contact or emergency contact, that missing student contact or emergency contact must be notified not later than 24 hours after the student is determined to have been missing. Students’ missing student contact or emergency contact information will be registered confidentially, and this information will be accessible only to authorized campus officials. It may not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation.

• If a parent/guardian, missing student contact, or emergency contact cannot be reached, the local police must be informed no later than 24 hours after the student is determined to have been missing.

**Violent Felony Offenses**

Under New York State Education Law, section 355 the University has implemented a violent felony offense plan. Any violent felony occurring on the Garden City campus or any of the Adelphi centers will cause for immediate notification to the appropriate jurisdiction. The Garden City campus and the Manhattan Center have Memorandums of Understanding between the University and the Garden City and New York City Police Departments agreeing to the coordination, response and subsequent investigation of violent felonies.
Safety Brochures

Brochures and crime prevention pamphlets are available at Student Affairs Offices and the Department of Public Safety and Transportation or by visiting the Public Safety website under Crime Prevention and Reporting Brochures. ID Cards for Students, Alumni, and Employees

University identification cards (ID cards) are required and are issued to all faculty, staff, and students. ID cards are necessary to access all residence halls or academic and administrative buildings, use of the library, entry to sports events, and all University facilities. ID cards expire upon leaving the employment of the University or upon a student's graduation or leaving the University. Alumni ID cards are issued upon request after confirmation of alumni status. For information on hours of operation please visit website safety.adelphi.edu/id-cards.

For your convenience, you are now able to obtain an electronic version of the Adelphi identification card on your smartphone using the AU2Go mobile app. However, the physical I.D. card distributed by Public Safety remains the only official identification for access control to buildings, parking facilities, venues and when requested by an official of the University.

Alumni I.D. cards are issued upon request after confirmation of Alumni status.

How to Get a Physical I.D. Card
- Go to the Office of Public Safety and Transportation in Levermore Hall or call us at 516.877.3500

Fire Safety

To report a fire on campus call Public Safety at 516.877.3511 or dial “5” from any campus phone.

Adelphi University has long been committed to maintaining a comprehensive fire safety program for all members of the Adelphi community with the assistance of our students, faculty and staff, and through the cooperative efforts of the Garden City Fire Department, Nassau County Fire Marshal’s Office, and the New York State Office of Fire Prevention. Our fire safety program has contributed to what we believe is an excellent record of safety.

At Adelphi University, all residence halls have a sprinkler/standpipe system. All residence halls have a smoke detection system with automatic alerting to the fire department and public safety. Residence halls with burning gas also have carbon monoxide detection in full compliance with Amanda’s Law. The Kerry Rose Fire Sprinkler Notification Act provides written information on fire safety and sprinkler systems to all students residing in University residence halls. Residence halls are all equipped with fire extinguishers and emergency lights.

Adelphi University is concerned about the safety of every individual on campus and therefore has very strict fire safety regulations. Students who do not observe these regulations jeopardize the safety of others on this campus and therefore will be subject to disciplinary action and/or fines.

State law requires that hallways and stairways be completely clear at all times. This means that students cannot store anything in these areas (examples: shoes, clothes racks, boxes, furniture, and bicycles.)

Fire and life safety programs must receive community-wide support in order to be effective. Cooperation from all students at fire drills, announced and unannounced, is expected. Students who do not vacate in a timely manner are subject to disciplinary action. There are a minimum of four fire drills conducted in each of the residence halls each year. Two drills are conducted in the evening, and two are conducted during the day.

The University bans dangerous items from resident’s rooms such as candles, microwaves, hot plates, floor lamps, holiday decorations, and lights. Candles (including those used for religious purposes), incense, and other open flame devices are not allowed in residential buildings or classrooms. Smoking is prohibited in all areas of all University residence halls. Smoking devices including, but not limited to pipes, bongs, vapor/e-cigarettes and hookahs are not permitted in residence halls. Students who violate the above will be referred to the Dean’s Office and may be disciplined up to and including suspension or dismissal from the University.

Students who misuse, tamper, or otherwise disturb fire safety equipment, including detectors, fire extinguishers, pull stations, and fire doors, or remove batteries from detectors are subject to fines as well as the cost of restoring the equipment. (See Adelphi’s Fire Violations Disciplinary Actions later in this report.) These students will be referred to the Dean’s Office and may be dismissed or suspended from the University.

Definitions

Fire: Any instance of open flame or other burning in a place not intended to contain the burning or burning in an uncontrolled manner.

Fire Drill: A supervised and scheduled orderly evacuation of faculty, staff, students and visitors from a facility for the purpose of ensuring the safety of occupants during an actual emergency. Fire drills are conducted at various times throughout the year to provide occupants familiarization with a facility’s fire safety features and avenues of egress. In the residence halls and places of assembly fire drills are conducted a minimum of four times a year two of which are in the evening.
**Fire Log:** The Department of Public Safety and Transportation maintains a daily campus fire log in the public safety command center, Levermore Hall. This log records incident number, date of fire, time of occurrence, general location of the fire in a residence hall, and cause if known. The fire log is accessible for public view for the most recent 60-day period during normal business hours. The University will make available any portion of the log older than 60 days within two business days of a request for inspection.

**Fire-Related Death:** Any death occurring as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire or dies within one year of injuries sustained as a result of the fire that occurred in a residence hall.

**Fire-Related Injury:** Any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause, while involved in fire control, attempting rescue, or escaping from the dangers of a fire. The term “person” may include students, employees, visitors, firefighters, or any individuals. For statistical purposes, a fire-related injury only includes individuals who are transported to a medical facility (even if they refuse treatment at the facility), treated at a temporary medical facility that is set up at the fire site, or individuals who are treated in an ambulance.

**Fire Safety System:** Any devices, systems or combinations of systems designed and intended to detect fire, activate alarms, suppress or control fires. Such systems may include smoke detectors, heat detectors, sprinklers or other similar systems.

**Sprinklered Building:** A building in which all parts including dwelling units, common areas, refuse chutes, and utility rooms are protected by an automatic sprinkler system.

**Partially Sprinklered Building:** Buildings in which only select areas are protected by an automatic sprinkler system.

**Smoke Detector:** A device intended to sound an alarm upon sensing products of combustion. A smoke detector may also activate a visible signal and may sound locally or transmit a signal to a central station.

**Property Loss:** Any damage to the structure and contents of an on campus facility as a direct result of an occurrence of a fire therein. Included in any assessment shall be any damage resulting from the suppression efforts.

**Fire Protection Equipment:** All Adelphi University residence hall facilities are equipped with automatic fire detection and alarm systems, and are fully covered by sprinklers. The two newest residence halls, A and B, are equipped with carbon monoxide detectors in compliance with New York State law. The equipment is
monitored by public safety and a central station 24 hours a day, 7 days a week, and 365 days a year.

**Health and Safety Inspections:** The New York State Office of Fire Prevention performs annual fire inspections of all residence halls. Residence Life conducts monthly health and safety inspections with emphasis on fire related issues (e.g. prohibited items such as hot plate burners, extension cords, electric heaters, halogen lamps, Medusa Lamps, or lamps with plastic covers, etc.).

**Smoking:** Smoking is prohibited in all areas of all University residence halls. Smoking devices including, but not limited to, pipes, bongs, and hookahs are not permitted in residence halls.

**Open Flame:** Candles, incense, outdoor grills, or any other type of open flame or open coil device are not permitted in residence halls.

**Policies for Education and Program**

Fire safety education programs for all students and staff living or working in on-campus residence halls are held at the beginning of each semester. These programs are designed to familiarize everyone with the fire safety system in each residence hall, train everyone on the procedures to be followed in case there is a fire and distribute information on the University’s fire safety policies. During these training sessions it is emphasized that all must participate in fire drills.

The Garden City Fire Department visits the campus to hold seminars for residence hall directors and all resident hall assistants. The training includes video presentations followed by a “smoke out” whereby a hallway is filled by “smoke” so the participants are trained on how to respond.

All are encouraged to visit the public safety website for more information and tips at safety.adelphi.edu/resources/fire.

**Escape Plans**

In the event of a fire, remember - time is the biggest enemy and every second counts! Escape plans help you get out of your home or location quickly. In less than 30 seconds, a small flame can get completely out of control and turn into a major fire. It only takes minutes for a location to fill with thick black smoke and become engulfed in flames.
National Fire Prevention

The Adelphi University Department of Public Safety and Transportation would like to remind everyone that National Fire Prevention Week is usually the second week in October in which the University actively participates.

Annual observances like National Fire Prevention Week are excellent opportunities to focus on fire hazards. But we should all practice fire safety every day – at work, at play, and particularly at your residence. The most common causes of home fires result from cooking, heating, electrical malfunction, smoking materials and candles.

Fire Violations Disciplinary Actions

When a student is found to be responsible for fire safety violations, the following are typical sanctions. Depending on the circumstances of the specific case, the person hearing body imposing the sanctions may impose additional or more severe sanctions.

1. Violation: Causing a Fire
   a. Disciplinary Action: Careless or Reckless: $100 fine, restitution for property damage, and one year University disciplinary probation, and residence hall probation for a resident student.
   b. Disciplinary Action: Intentional (Arson): Referral to police/fire authorities for prosecution, restitution for property damage, and expulsion from the University

2. Violation: Knowingly Filing a False Fire Alarm
   a. Disciplinary Action: Referral to police/fire authorities for prosecution, $250 fine, and one year suspension from the University

3. Violation: Activating a smoke, heat or beam detector, pull station or carbon monoxide alarm

6. Violation: Failure to Evacuate During a Fire Alarm
   a. Disciplinary Action: First Offense: $100 fine.
b. **Disciplinary Action:** Second Offense: $200 fine, seven-day suspension from the residence halls and residential hall probation (if resident student).

c. **Disciplinary Action:** Third Offense: Permanent removal from housing (if a resident student) and possible suspension from the University.

**Notes:**
In New York State, knowingly filing a false fire alarm is a felony punishable by a minimum of one year in prison.

As per University practice, students arrested on the complaint of the University shall be placed under Emergency Suspension pending the outcome of the case. Repeated fire safety violations will result in harsher sanctions, which may include suspension or expulsion from the University.

The University may terminate a student's Resident Hall Agreement at any time for violation of the University's policies concerning student conduct and discipline, regulations governing the residence halls, non-payment, or for health, safety, or social reasons.

**Emergency Evacuations**

- Always know at least two (2) escape routes and emergency exits from your building.
- Learn where the nearest fire alarm pull station is.
- Know how many doors are between your room and the exit stairwells in the event that you might have to crawl to safety because of heavy smoke. Take time to focus on a mental picture of the route you intend to use to exit your building.
- Check your door before you open it. Feel with the back of your hand, and if it feels hot to the touch, do not attempt to leave. Without delay, telephone the Department of Public Safety and Transportation by dialing #5, 3507, 3511, or 911. Remain calm and inform the answering officer of your name, location, and nature of the emergency. Next, go to the window and wait there to attract arriving fire fighters.
- In the event that you are able to exit your room do the following:
  - Take an outer garment with you.
  - Close the door and windows behind you.
  - Calmly proceed to the nearest safe stairwell while knocking on all other resident doors alerting them of the emergency condition.
  - Assist anyone with special needs.
  - Use the stairs. If possible do not take the elevator. Smoke rises into elevator shafts.
  - Stay on right side of stairwell as you descend in order to allow fire fighters enough room to quickly move to the emergency floor.
o Exit building and move 150 feet from the entrance in order to allow others to safely exit and fire fighters to move freely to the emergency.

o Re-enter the building only upon the orders of the fire department.

o Finally, never think that it's probably just another fire drill, or it's not really a fire.

**Plans for Future Improvements**

Adelphi University is committed to ensuring that all on-campus housing is fully equipped. Fire safety is continually assessed to ensure compliance with all regulatory agencies and opportunities for improvement.

Title IX

Title IX of the Education Amendments of 1972 (Title IX), and its implementing regulations, prohibit discrimination on the basis of sex in education programs or activities operated by recipients of federal financial assistance. Sexual harassment, which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX. An example of sex-based discrimination prohibited by Title IX would be sexual harassment, including sexual assault, occurring in connection with any academic, athletic, extracurricular, employment or other University program regardless of the location. Adelphi University is committed to providing an educational and employment community which is free of discrimination and harassment.

Adelphi University will investigate all complaints and information related to discrimination and/or harassment (including sexual misconduct, dating violence, domestic violence, stalking) in order to maintain a collegial and non-hostile environment conducive to learning and working, and free of retaliation.

To this end, all members of Adelphi University—students, employees and community partners—are encouraged to report complaints and information related to any type of harassment, sexual misconduct, discrimination or resulting retaliation. Some members of the university community are designated “Responsible Employees” and required to report allegations of sexual assault, domestic violence, dating violence, and stalking of which they have actual or constructive notice of immediately to the Title IX Coordinator. Examples of University “Responsible Employee’s” include Public Safety Officers, Resident Assistants, Deans, Faculty, Certain Administrators and Residential Housing Directors. All “Responsible Employees” receive training on their duties and responsibilities as mandated reporters.

When confidentiality is requested, it will be maintained to the greatest extent allowable.

Complaints may be made in person or through Adelphi University’s online (anonymous) complaint form hr.adelphi.edu/report/ to titleix@adelphi.edu, to any member the University’s Anti-Harassment Panel listed in the University’s Anti-Harassment Policy hr.adelphi.edu/panel, to any employee who is considered a manager or supervisor, or to employees who work with the University’s Title IX Coordinator at safety.adelphi.edu/policies/title-ix.

Note: The Title IX Coordinator is responsible for assuring that all Title IX complaints are treated in accordance with the requirements of Title IX and should, therefore, be notified of all complaints and information that has been provided to others.

Advisory Committee

Adelphi University’s Advisory Committee on Campus Security is composed of students, faculty, and staff. The committee reviews current campus security policies and procedures and makes recommendations for their improvement. The Dean/Assistant Vice President of Student Affairs will coordinate the Advisory Committee.

Threat Assessment Team

Preserving the safety and security of students and employees is a top priority for Adelphi, and one that requires commitment, coordination, and communication. To facilitate collaboration among the many individuals whose work affects our collective security, Adelphi established a Threat Assessment Team (T.A.T.).

Events nationally have made us all too aware of the random and unpredictable nature of violence. This important workgroup has been effective since it was established, and meets twice a month to address important issues. The Team will continue to be coordinated by the Department of Public Safety and is designed to monitor and discuss reported incidents and implement action plans as necessary. For a complete list of T.A.T. members visit safety.adelphi.edu/resources/threat-assessment-team.

You may recall that the establishment of a Threat Assessment Team was a recommendation of the Congressional report issued following the active shooter tragedy at Virginia Tech in 2007. Adelphi was one of the first institutions of higher education in the country to implement this recommendation. The work of the Threat Assessment Team relates solely to addressing potential or actual serious safety issues involving members of the campus community. It does not supersede, supplant, or replace the University’s current judicial procedure or the protocols for reporting incidents and safety concerns.

Any member of the campus community may become aware of a troubling situation that is causing serious anxiety, stress, or fear in or out of class. If such a situation appears to be imminent, including possible immediate risk of violence to self or others, it should be reported immediately to the Department of Public Safety at 516.877.3511, or by dialing "5" from any campus phone. All of these numbers are printed on the back of your Adelphi ID card.

More information about campus safety and answers to some frequently asked questions can be found at safety.adelphi.edu/resources/threat-assessment-team/faqs.
Annual Campus Security Crime Statistics

Adelphi University’s annual security and fire safety report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off campus buildings or property owned or controlled by Adelphi University; and on public property within or immediately adjacent to and accessible from campus. The report also includes institutional policies concerning campus security, such as policies concerning alcohol and drug use, crime prevention, the reporting of crimes, hate crimes, sexual assault including Title IX, Violence Against Women Reauthorization Act of 2013 (VAWA), domestic violence, dating violence, stalking, annual fire safety report.

In preparing the annual disclosure of crime statistics, Adelphi University reviews its own investigative reports and crime reports from Campus Security Authorities. On at least an annual basis, the University also contacts the Garden City Police Department, New York City Police Department, Suffolk County Police Department and Poughkeepsie Police Department to ascertain whether any Clery crimes occurred in the University’s Clery geography.

Per federal law, an institution may not withhold, or subsequently remove, a reported crime from its crime statistics based on a decision by a court, coroner, jury, prosecutor or other similar non-campus official. Furthermore, an institution must record a crime statistic for the calendar year in which the crime was reported to local police agencies or to a campus security authority.

“Unfounded” crimes: if a reported crime is investigated by law enforcement authorities and found to be false or baseless, the crime is “unfounded”. Only sworn or commissioned law enforcement personnel may “unfound” a crime.

Fire statistics for Manhattan, Suffolk and Poughkeepsie Centers are not required because there are no campus student housing facilities at these locations. Only the Garden City Campus is required.
