## WATCH NOW!

### Kim Callahan & Anthony Pizzariello's Story

Part of the Survivorship, Treatment, Education and Peer Support (STEP) Program

This inspirational [video](#) shares the story of Kim, who was diagnosed with breast cancer at just 30 years old. What followed was a life-changing journey—through treatment, uncertainty, and ultimately, healing.

In this powerful and deeply personal video, Kim reflects on how cancer changed her, the strength it took to ask for help, and how her partner, Anthony, stood by her with quiet, unwavering support.

Now, years later, Kim is giving back through the **Adelphi NY Statewide Breast Cancer Hotline & Support Program**—offering hope and guidance to women facing similar paths. Her story is a reminder that while breast cancer may always be part of her life, it doesn't define her. Strength, love, and a deep appreciation for life shine through.

The Survivorship Treatment, Education and Peer Support (STEP) Program provides psychosocial support services for Young Breast Cancer Survivors, Metastatic Breast Cancer patients and their families through individual and family social work services. The STEP Program also provides educational workshops and forums, provider education, a video series, referrals for free or low-cost mammography screening, and peer support.

The only thing left to contend with is her mother, the formidable and imposing Lenore Simmons Krackenberry. Sookie's life takes an unexpected turn when she discovers a shocking secret about her mother's past, making her question everything about her family and herself. Sookie begins a search for answers that takes her to California, the Midwest, and back in time, to the 1940s, when an irrepressible woman named Fritzi takes on the job of running her family's filling station. Ultimately, through Fritzi's experiences, Sookie gains new perspectives and finds answers to lifelong questions.

## SUPPORT THE JANET FINE FUND FOR BREAST CANCER

**Janet Fine** had an impactful experience as a volunteer for over ten years with the Adelphi NY Statewide Breast Cancer Hotline and Support Program. She dedicated her time to helping countless individuals on the Hotline. Janet also conducted

community outreach and participated in media opportunities in order to share her experience and provide hope to others. Not only did she touch the lives of people reaching out for support on the hotline, Janet also developed deep, long-term friendships with her fellow volunteers.

Given her experience with the Adelphi NY Statewide Breast Cancer Hotline & Support Program her daughters, Lisa Horowitz and Julie Grasso, have created [The Janet Fine Fund for The Breast Cancer Hotline](#) to give individuals the opportunity to receive support and grow, as she had. *“Establishing this fund will ensure the continued valued resource of the Hotline. Janet was dedicated to her Monday Hotline time slot and was always available to train new volunteers to promote the same dedication and commitment that she exhibited.”* – Lisa and Julie.
