RESEARCH

Focus: Psychoacoustics / Psycholinguistics
Comprehensive areas: British loss of rhotacization; Music therapy

EDUCATION

Ph.D. Speech and Hearing Sciences, anticipated 2022
City University of New York, New York, NY
Dissertation: *Tests of Phonemic Differentiation in British vs. American English*

M.S. Audiology, 2016
Brooklyn College of City University of New York, Brooklyn, NY

B.A. Communication Sciences and Disorders, 2012
Adelphi University, Garden City, NY

SCHOLARSHIPS

Dissertation Year Fellowship (City University of New York, 2020-2021)
Audiological Rehabilitation Fellowship (Dept. of Labor, U.S. Government, 2018-2019)
Presidential Scholarship (Adelphi University, 2010-2014)

TEACHING EXPERIENCE

Associate Professor (September 2018-present)
Curricula University, Department of Communicative Studies, New York, NY

- Design and teach three new courses in acoustic phonetics, rhotacization and psycholinguistics
- Mentor several master's theses and direct independent studies and internships
- Served as Department Chair *ad interim* (Fall 2011) during chairperson's one-semester sabbatical

Assistant Professor (2017-2018 academic year)
New Jersey University, Department of Speech, Somerset, NJ

- Instructed courses in acoustic phonetics, language acquisition and speech
- Supervised clinical practica for audiology majors
- Revised curriculum for speech majors

RESEARCH EXPERIENCE

Research Associate (2012-2013); **Research Assistant** (2014-2015)
Lucent Laboratories, Summit, NJ

- Planned and implemented studies on behalf of research team, using predictive analytics
- Selected subjects, monitored trials, and prepared statistical reports using SPSS
- Presented paper on behalf of team at Phonetica conference

UNIVERSITY SERVICE

- Curriculum Committee Chair (2019)
- Budget and Administration Committee (2018; elected by department)
- Faculty Senate (elected Senator 2015)
- Facilities Task Force (2014-2015; as part of eight-member team, developed a five-year facilities improvement plan which was accepted and implemented)

CLINICAL EXPERIENCE

Audiologist (June 2016-May 2019)
Bird Coler Hospital, Roosevelt Island, NY

- Developed a screening procedure for all admissions
- Tested patients and prescribed hearing aids
- Referred patients for medial consults as needed

COURSES TAUGHT

Anatomy/Physiology/Neurology of Speech	Psycholinguistics
Public Speaking	Voice and Articulation
Acoustic Phonetics	Dialectology
Speech Production	Language Disorders
Introductory Audiology	Research Methods

CONFERENCES / PRESENTATIONS

- *The Effects of Diphthongization on Rankings of Educational Status*, Linguistic Society of New Jersey, Newark, NJ, July 2018.
- *Binary Choices in Speech Perception*, Acoustical Society of America, February 2017.
- *Electromyographic Measurements of Palatal Elevation*, Phonetica Conference, November 2016.
- *The Use of Biofeedback Techniques in Learning Palatal Elevation*, American Speech and Hearing Association, New York, NY, October 2015.
- *Applications of the Phonemic Differentiation Test in Underwater Speech Rectification*, Acoustical Society of America, Providence, RI, March 2014.

PUBLICATIONS

- *Post-Vocalic /r/ Usage as a Marker of New York Dialect*, *Journal of Dialectology* (in press)
- *Phoneme Differentiation in Central Hearing Loss*, *Journal of Audiology*, Vol. 40, No. 1, March 2017.
- *Phoneme Perception as a Function of Age of Second Language Learning*, *ESL Reports*, June 2016.

PROFESSIONAL AFFILIATIONS

American Speech, Language and Hearing Association	Acoustical Society of America
International Phonetics Society	New York State Language Association
