

Amazon Pharmacy offers a home delivery service that lets you easily and quickly get your nonspecialty drugs<sup>1</sup> delivered at home. And as a member of EmblemHealth Plan, Inc., you automatically get MedsYourWay<sup>®</sup> prescription drug discount pricing, administered by Inside Rx.<sup>2</sup> It is seamlessly built into the Amazon Pharmacy experience, giving you savings of up to 80%<sup>3</sup> on brand and generic drugs. The MedsYourWay discount pricing is not insurance; however, using it for covered medicines will count toward your out-of-pocket maximum.<sup>4</sup>

We're looking out for you by providing you with the lowest price available for your medicines, whether that is through your insurance or MedsYourWay discount pricing. At checkout, both your insurance price and the discount price will be presented. You choose what works best for you.
