Section B: Separation Documentation

Complete this section only if the response to the student's marital status is SEPARATED in Section A of this form. FAFSA regulations require that you report your marital status as of the day you ORIGINALLY submitted the FAFSA.

Marital separation is defined as: **(a)** one of the partners has left the household for an indefinite period, **AND** **(b)** the marriage is permanently severed. If your circumstance does not meet **BOTH** parts of this definition, **then you are required to report both yours and your spouse's information on the FAFSA.** In order for us to verify the status of separation, please provide **all** the following:

- 1. TAX RETURNS AND W-2s:** Submit signed copies of both the student's and spouse's **2024** Federal Income Tax Return and **2024** W-2(s). (Be sure to include all 1099s and all Schedules.)
- 2. PROOF OF SEPARATE RESIDENCES:** Provide proof that the student and spouse are living separately from each other **AS OF THE DATE THE FAFSA WAS ORIGINALLY SUBMITTED.** Submit copies of lease/contract agreements showing each spouse is maintaining a different residence **OR** separate utility bills, such as water/electric/gas. **Note: P.O. Boxes do not qualify as proof of separate residences.**

If you cannot provide proof of maintaining separate residences, you must provide our office with the following:

- 1. NOTARIZED LETTER:** Please attach a notarized statement, signed by the student and spouse, indicating that the separation is definitive and why you cannot provide proof of separate residences.
- 2. REFERENCE LETTERS:** Please attach two letters from reputable third-party sources who can confirm the claim of separation in their professional capacity on their business letterhead. For example, a clergy person, marriage counselor, or attorney can provide such a letter. The letters should state the date of separation, current living arrangements, the length of time they have known the parent(s), and their knowledge of these events. Please make sure it is legible and includes the person's full printed name, address, contact information, and signature.

PLEASE NOTE: All required documentation **MUST** be submitted at the time the form is submitted to One-Stop Student Services Center. Failure to provide the necessary documentation as per the above along with the **signed** Parental Marital Status worksheet will result in your financial aid not being processed for the **2026-2027** academic year.

Any conflicting information within the documentation you have provided must be resolved. If you are not able to provide the above requested documentation, both parents' information may be required on the FAFSA. All documentation must be reviewed and approved before we can determine your financial aid eligibility.

Submission of the requested documentation does not guarantee approval.

WARNING: Per Federal Regulation, if you purposely give false or misleading information, you may be fined, sent to prison, or both.
