Message from the Chief of Campus Safety & Emergency Management

Adelphi University has long been committed to maintaining a comprehensive safety and crime prevention program for all members of the Adelphi community. With the assistance of our students, faculty, and staff, and through the cooperative efforts of the Garden City community and local law enforcement agencies, this program has contributed to what we believe is an excellent record of safety.

Our website and this annual report are designed to inform you of the extensive public safety services performed by the University, and to assure you that while Garden City remains one of the safest neighborhoods on Long Island, and Adelphi University one of the safest campuses in the country, we remain as determined as ever to be vigilant about concerns for safety here as well as at all of the University’s centers.

Working together as a community, we will continue to ensure a safe environment for everyone at Adelphi University.

Raymond Hughes
Chief of Campus Safety and Emergency Management

Mission Statement

Pride - Professionalism - Service

The mission of the Adelphi University Department of Public Safety and Transportation is to enhance the quality of life for the entire Adelphi community by maintaining a secure and open environment where the safety of all is balanced with the rights of the individual. This department strives to accomplish its mission while adhering to its core values of Pride, Professionalism, and Service to the University Community.

The success of this mission depends upon an effective working relationship between Public Safety and Transportation personnel and the diverse community at Adelphi. This includes students, staff, faculty, and visitors. Critical to this relationship is mutual respect. Therefore, we pledge to respect the diverse needs and interests of the community we serve. We pledge to be diligent and relentless in the protection of both life and property.

In return, we ask that our partners in this community assume their individual and collective responsibilities to make Adelphi University a place that is safe from crime, fear, disorder, and to provide a civil and open environment that fosters learning.
About the Department of Public Safety & Transportation

The University Department of Public Safety and Transportation office, Levermore Hall and the Security Command Center, Levermore Hall, provides Public Safety services 24 hours a day, 7 days a week, 365 days a year. The department consists of:

- A Chief of Campus Safety and Emergency Management;
- One (1) Associate Director of Investigations & Administrations;
- One (1) Assistant Director Of Transportation & Parking Services
- One (1) Captain Of Operations, Emergency Management & Training
- Two (2) Lieutenants (one of which manages our Fire Safety Program);
- Five (5) Sergeants (three of which are our tour supervisors while the other two play a role as our Sgt. of Community Relations & Crime Prevention, and a Sgt. of Transportation); and
- Twenty-eight (28) carefully selected and trained male and female officers, many of whom have law enforcement backgrounds.

Public safety officers provide vehicle, bicycle, and foot patrols of the entire campus, parking lots, buildings, and residence halls; protect life and property; in concert with Health Services ensure that those sick or injured receive prompt medical treatment; respond to and investigate reports of crime; enforce traffic regulations, fire safety, and conduct crime-prevention programs and seminars. Jurisdiction is limited to the interior and the sidewalk perimeter of the Garden City campus and Parking Field 9 (Garden City pool). Each of the centers provides security only for the interior space that is leased by the university.

The Department of Public Safety and Transportation maintains a close working relationship with the Garden City, Hempstead, Nassau County, Suffolk County, Poughkeepsie and the New York City police departments, all of which provide police services, including criminal investigation and emergency services. Although Adelphi public safety officers are not peace officers and therefore do not have authority to make arrests as such, they do provide crime-scene services pending the response of the law enforcement agency concerned. Officers have the authority to issue parking and moving violation summonses on campus, and have the authority to request identification of persons on campus. The University maintains a Memorandum of Understanding with the Garden City Police Department, which has geographical jurisdiction to investigate alleged criminal offenses that occur on the main campus in Garden City. The police department and the University’s Department of Public Safety communicate on an almost daily basis discussing types of incidents occurring on or in proximity of the campus.

Furthermore, the department has a close working relationship and maintains a Memorandum of Understanding with members of the New York City Police Department’s First Precinct, which covers the Manhattan Center. Although currently there are no formal MOU’s, the department also maintains close working relationships, which include cooperative programs and information exchanges, with the Suffolk County Police Department, which covers the Hauppauge Education & Conference Center, as well as, the Poughkeepsie Police Department, which covers the Hudson Valley Center. Each department is contacted annually or as needed to ascertain whether any Clery crimes occurred that affect reportable crimes. The Department of Public Safety meets often with representatives from local, state, and federal law enforcement partners on a formal and informal basis to engage in cooperative programs, relay information on crimes that may pose a threat to students or employees on our Campus or Centers, as well as cooperate in police matters for mutual investigation, concern, and interest to monitor and record criminal activity by students at campus & center locations.

The University and the Garden City and New York City Police Departments have a signed Memorandum of Understanding agreeing to the coordination, response and subsequent investigation of sexual assault crimes.
Event Staff / Health & Wellness Ambassadors
In an effort to guide the university community in practicing healthy behaviors during the COVID-19 pandemic, Adelphi University implemented the Health & Wellness Ambassadors. Community members and visitors must follow all our health, wellness and safety protocols, which also include hygiene and handwashing, social distancing where noted and staying home when sick. Public safety officers, event staff, and health and wellness ambassadors are monitoring compliance on campuses, in buildings and on the Panther Express Shuttle. They have undergone additional training to ensure checks are fair, equitable and comprehensive. Event Staff, in addition to acting as Health & Wellness Ambassadors and when deemed appropriate, may also be given duties related to traffic detail, event security, and others as assigned.

ID Cards for Students, Alumni, and Employees
University identification cards (ID cards) are required and are issued to all faculty, staff, and students. ID cards are necessary to access all residence halls or academic and administrative buildings, use of the library, entry to sports events, and all University facilities. ID cards expire upon leaving the employment of the University or upon a student's graduation or leaving the University. Alumni ID cards are issued upon request after confirmation of alumni status.

For your convenience, you are now able to obtain an electronic version of the Adelphi identification card on your smartphone using the AU2Go mobile app. However, the physical I.D. card distributed by Public Safety remains the only official identification for access control to buildings, parking facilities, venues and when requested by an official of the University.

For information on hours of operation and on how to obtain a Physical I.D. Card in person or through an online request, please visit website adelphi.edu/safety-transportation/id-cards.

If an identification card is lost, stolen, or destroyed, students and employees may obtain a replacement card by going to the Department of Public Safety and Transportation. There is a $15.00 replacement fee. The fee is waived when damaged identification cards are intact and not working or if all pieces of the broken card are in possession of the cardholder.

Parking & Transportation Services
The Department of Public Safety & Transportation maintains and operates the use of University parking lots and garages on campus including parking decals/permits for students, staff faculty, and visitors. For more information on parking, please visit adelphi.edu/safety-transportation/parking-and-traffic/vehicle-registration-and-permits. The department also operates the Adelphi University’s Panther Express service, which provides shuttle bus transportation to local transportation centers, supermarkets, retail stores and entertainment destinations. For more information and Panther Express schedule, visit the website adelphi.edu/safety-transportation/transportation/shuttles.

Public Safety Community Affairs
Adelphi University Department of Public Safety is dedicated to a strong partnership with the community we serve. To effectively create and maintain a safe and secure environment, the Department of Public Safety actively engages in the day-to-day operations on campus.

Adelphi University’s Annual Security and Fire Safety Report includes statistics for the previous three calendar years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by Adelphi University; and on public property within, or immediately adjacent to and accessible from campus. The report also includes institutional policies concerning campus security, such as, policies concerning alcohol and drug use, crime prevention, the reporting of crimes, hate crimes, sexual assault including Title IX, Violence Against Women Reauthorization Act of 2013 (VAWA), domestic violence, dating violence, stalking, emergency operations plans including evacuation procedures, annual fire safety report and fire log, Amanda’s Law and the Kerry Rose Fire Sprinkler Notification Act, missing student notification, timely warnings and emergency notifications, and other matters.

Adelphi Department of Public Safety is responsible for preparing and distributing this report. Through the collaboration of University professionals, the Campus Security Authorities in addition to departments including but not limited to Student Affairs, Title IX, Health Services, and Residential Life, talks and meetings occur throughout the year to discuss security and safety issues and review existing policies. Public Safety also has a close relationship and meets regularly with the local police departments to discuss safety in the area and data that is included in this report. Adelphi Public Safety is able to analyze reports, compile crime statistics, and develop strategies to reduce criminal incidents and enhance preventive measures. Each member of the University community receives an email, which includes a PDF of the report. In addition, this report can be viewed or printed by accessing the Public Safety website at adelphi.edu/safety-transportation/ or may be obtained upon request in the Office of Public Safety and Campus Transportation in Levermore Hall.

Advisory Committee

Adelphi University’s Advisory Committee on Campus Security is composed of students, faculty, and staff. The committee reviews current campus security policies and procedures and makes recommendations for their improvement.
The Clery Act

Jeanne Clery, a 19 year old Lehigh University freshman, was raped and murdered in her campus residence hall in 1986. There were other incidents that occurred on campus that were not reported to the community.

It is believed that if students knew of previous incidents they would be more cautious. The backlash against unreported crimes on numerous campuses across the country led to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

After the suspect of Jeanne’s rape and murder was arrested, Jeanne’s family started to fight for reform to improve college and university safety. In 1990, Congress approved the Crime Awareness and Campus Security Act. Later renamed in Jeanne’s memory, the federal Jeanne Clery Act took effect in 1991. What happened to Jeanne Clery was a tragedy, but it inspired colleges and universities to create safer campuses for all.

The goal of the Clery Act is to ensure students, prospective students, parents, employees, and prospective employees have access to accurate information about crimes committed on campus and campus security procedures that will assist them in making decisions that affect their personal safety.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Definitions of Clery Act Locations as reported in the Annual Security & Fire Safety Report

We are required to disclose statistics for offenses that occur on campus, in or on non-campus buildings or property owned or controlled by our school, and public property within or immediately adjacent to our campus. For Clery purposes, the following are the definitions of each location.

Campus
(i) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and
(ii) Any building or property that is within or reasonably contiguous to the area identified in paragraph (i) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

Non-campus building or property
(i) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or
(ii) Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Public property
All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.
Campus Security Authority (Clery Act)

According to a federal law known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, our school is required to disclose “statistics concerning the occurrence of certain criminal offenses reported to local law enforcement agencies or any official of the institution who is defined as a “Campus Security Authority.”

The law defines “Campus Security Authority” as: “An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, the president, senior staff, all deans of the University, student housing, student discipline, and campus judicial proceedings.” An example would be a dean of students who oversees student housing, a student center, or student extra-curricular activities and has significant responsibility for student and campus activities. Similarly, a director of athletics, team coach, and faculty adviser to a student group also has significant responsibility for student and campus activities. A single teaching faculty member is unlikely to have significant responsibility for student and campus activities, except when serving as an advisor to a student group. Clerical staff, as well, is unlikely to have significant responsibility for student and campus activities.

Precisely, campus security authorities are defined as:

(i) A campus police department or a campus security department of an institution.

(ii) Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department under paragraph (i) of this definition, such as an individual who is responsible for monitoring entrance into institutional property.

(iii) Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.

(iv) An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. If such an official is a pastoral or professional counselor, the official is not considered a campus security authority when acting as a pastoral or professional counselor.

Two types of individuals with significant responsibility for student and campus activities but who are NOT CSA’s are: Pastoral Counselors and Professional Counselors.

Note: To be exempt from disclosing reported offenses, pastoral or professional counselors must be acting in their official role as counselors. There may be cases where these individuals are legally responsible for reporting crimes, but they are not considered CSA’s.
Designation and Training of a CSA
The job of safety on campus does not rest solely in the hands of the Adelphi University Department of Public Safety. It is a collaborative effort across campus. The purpose of including non-security department employees as CSA’s is that many individuals receive reports of a crime or offense, not just Public Safety.

A CSA is designated by the Department of Public Safety and Transportation. At Adelphi University, there are several departments and individuals included as Campus Security Authorities. The departments include, but are not limited to, Athletics, AUI Staff, Auxiliary Services, Bridges to Adelphi, Deans, Honor Society Advisors, Individuals located at the Centers, Public Safety & Transportation, Residential Life, Student Affairs, Student Conduct & Community Affairs, Student Involvement and Advisors [CSCE/Greek life], Title IX, and Study Abroad to name a few. Adelphi will average about 400 to 700 CSA’s throughout the year.

Those designated as CSAs will receive an email of this designation and are required to complete a mandatory online, with an optional in-person training session. Once a CSA receives the email for training, via Moodle, they have a reporting requirement because the University believes that their responsibility for students, campus activities, and/or campus security will make them an individual that members of the University community will see as an authority figure and someone to whom they can seek help. A CSA is not expected to investigate or determine whether a criminal incident actually took place.

For more information concerning the training sessions or CSAs, please contact the Department of Public Safety. Once they complete the training, they will receive a Certificate of Completion and access to additional information regarding Clery, their CSA responsibilities, and contact information. Subsequently, a letter is forwarded to all individuals in departments who fit the definition of a Campus Security Authority, as previously described, each semester. If those individuals are aware of any crimes that were reported to have occurred that were not reported to the Department of Public Safety, they are instructed to forward the information. They are also told that if they are unsure if they should report something, to make the report. There is a copy of the Campus Security Authority Report available on the Moodle Training Webpage.

If it is available, a CSA is required to report the following information:
• Location of the crime
  o On-campus;
  o Public property adjacent/accessible from campus;
  o Non-campus property owned or controlled by the University;
• Time of the Crime
  o Date and time the incident took place;
  o when the person reported to you;
• Name of the victim(s), [if the victim(s) wish];
• Identity of the suspect/witnesses, [if known].

The University has a responsibility to notify the campus community about any crimes that pose an ongoing threat to the community, and, as such, campus security authorities are obligated by law to report crimes to the University Department of Public Safety. They are instructed, even if they are not sure whether an ongoing threat exists, to immediately contact the Adelphi University Department of Public Safety.

Adelphi University will protect your identity in all publicly available information, such as within our annual security and fire safety report, crime/fire log, or in warnings or notifications sent to the campus community. While the Department of Public Safety and Transportation and its personnel are responsible for ensuring that our campuses remain as safe as possible, the primary responsibility for crime prevention and personal safety rests with each individual. Each of us must take personal responsibility for our own safety, as well as for the safety of those around us. Adelphi University encourages accurate and prompt reporting of all crimes and incidents to the campus public safety and the appropriate police agencies, when the victim elects to, or is unable to make such a report.

Violent Felony Offenses
Under New York State Education Law, section 355 the University has implemented a violent felony offense plan. Any violent felony occurring on the Garden City campus or any of the Adelphi centers will cause for immediate notification to the appropriate jurisdiction. The Garden City campus and the Manhattan Center have Memorandums of Understanding between the University and the Garden City and New York City Police Departments agreeing to the coordination, response and subsequent investigation of violent felonies.
Reporting a Crime: Privacy vs. Confidentiality

If you are the victim of a crime, including sexual assault, domestic violence, dating violence, or stalking, and do not want to pursue action within the University system or the criminal justice system you may still want, and are encouraged, to consider making a report. You can make a private or confidential report.

Private Reporting Options

All reports made to Adelphi University Department of Public Safety are received privately. A private report means that information about a violation or incident is shared with a limited circle of University employees who “need to know” in order to assist in the assessment, investigation, and resolution of the report. Formal reporting still affords privacy to the reporter, and only a small group of officials who need to know will be informed. Adelphi University offices and employees who cannot guarantee confidentiality, will maintain your privacy to the greatest extent possible. Private University resources include, but are not limited to, the Department of Public Safety, the Title IX Coordinator, Responsible Employees, & Campus Security Authorities (see Campus Security Authority section for more information). The circle of people with this knowledge will be kept as tight as possible to preserve a reporting party's rights and privacy.

Persons wanting to report a crime or incident can do so privately by contacting the Chief of Campus Safety and Emergency Management in the office located in Levermore Hall or by calling the Department of Public Safety at ext. 3500 and state they want to remain confidential. The reporting person's name will be kept confidential, but the incident may be included in the annual crime statistics report without divulging the person's name or any other information that would infringe on his/her privacy. This is because all of the individuals listed above are required to report certain crime statistics to the Department of Public Safety for inclusion in the annual crime statistics.

In cases indicating pattern, predation, threats and/or violence, the University will be unable to honor a request for confidentiality or a lack of consent to pursue an investigation because if these reported crimes are considered by Adelphi University to represent an ongoing or immediate threat to students and employees, the University will need to pursue action (i.e. investigation) to mitigate the threat and issue a timely warning or emergency notification to our community.

In cases where the victim requests confidentiality, or does not consent to an investigation, any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the University to provide accommodations or protective measures, will be maintained. When the victim of a crime elects to or is unable to make such a report, they are further encouraged to report crimes to any campus authority whereby the reporter will remain confidential as requested, but the crime will be included as a statistic for the annual security report.

Any disclosure made in the course of institutional research, classroom discussions or writing assignments, or events such as Take Back the Night or speak-outs are not considered notice to the University unless the victim wishes a report to be made. Such information will be used to inform campus climate and educational efforts, generally.

Counselors and Confidential Crime Reporting

If a reporting party wishes for the details of an incident to remain confidential, the reporting party may speak with a confidential resource. A

2 Campus Security Authorities are not required to report the victim’s name, they only provide the name if the victim wishes.
confidential resource means that information shared to the below resources will not disclose what you tell them to anyone else at the University or outside it. The only instances where information may be disclosed is when: (i) the individual gives written consent for its disclosure; (ii) there appears to be a risk of immediate harm to self or others; or (iii) the information concerns conduct involving suspected abuse or neglect of a minor under the age of 18.

The following classifications of individuals are Confidential Resources under University policy. Please note, however, that if you disclose information that you wish to remain confidential to para-professional staff, such as administrative assistants, may be required by law to pass along the report to Public Safety as a Campus Security Authority or a Title IX Coordinator as a Responsible Employee.

» Student Counseling Center
» Health Services Center
» Pastoral Counseling: Interfaith Center

Campus pastoral counselors and campus professional counselors, when acting as such, are not to be considered a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. Under the Clery Act, institutions are not required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor. The University policy is one that encourages these counselors, when they deem appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary confidential basis for inclusion into the annual disclosure of crime statistics.

Counselors are defined as:
• Pastoral Counselor: An employee of an institution, who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.
• Professional Counselor and Health Services Center Personnel: Employees of an institution whose official responsibilities include providing psychological counseling or health services to members of the institution’s community and who is functioning within the scope of his or her license or certification.

Office of Community Concerns & Resolution
Adelphi University is committed to providing an environment where everyone feels welcome, included and respected.

The Office of Community Concerns and Resolution was created in August 2021 to provide members of the Adelphi community with a single office to report a nonemergency complaint or concern, including those that involve harassment, discrimination or sexual misconduct and to provide oversight of the many channels for issue resolution at Adelphi.

The office will address your concern, keep you informed about the status of your report, let you know next steps, and guide you to people and resources that can help.

If you are in crisis, get help right away! Please reach out to these emergency contacts:

| On campus: | Public Safety is available 24 hours a day: Call Adelphi Public Safety by dialing ext. 5 on any campus phone. |
| Off campus: | Call Adelphi Public Safety at 516.877.3511 or call 911. |

Anonymous Reporting Option
For incidents related to alleged discrimination, harassment (including sexual misconduct), or retaliation, you may choose to file a complaint form anonymously via this online report form. This form will be received and reviewed by the Director of Talent Management and Labor Relations and/or the Title IX Coordinator, Director of Equity and Compliance. The University will comply with all federal, state and local mandates regarding the reporting of crimes to appropriate authorities.

Whistleblower Hotline
Adelphi University is an organization with strong values of responsibility and integrity. Our Code of Ethics contains general guidelines for conducting ourselves in ways that promote mutual trust as well as public confidence in the University. Adelphi University is committed to an environment where open, honest communication is the expectation, not the exception. We want you to feel comfortable in approaching your
supervisor or management in instances where you believe violations of policies or standards have occurred. Adelphi also has a Whistleblower Plan, which details how to go about reporting a concern. A whistleblower is a person who reports an activity that they consider to be illegal, fraudulent or dishonest.

Do you know of or suspect any of the following that could threaten the integrity of Adelphi University?
- Theft, fraud, or any other form of dishonesty
- Accounting or financial irregularities
- Violations of laws, regulations, policies, or procedures

In situations where you prefer to make a confidential anonymous report, you are encouraged to use this hotline, hosted by EthicsPoint, a third-party hotline provider, and managed by NAVEX Global, Inc. You are encouraged to submit reports relating to possible violations stated in our Code of Ethics.

In addition, if you are the victim of or witness to a crime and do not want to pursue action within the university system or the criminal justice system, you may still want to consider making a confidential/anonymous report. The purpose of a confidential/anonymous report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the University can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution and may result in a timely warning report.

Response to Reports

Professionally trained and licensed public safety officers accept written reports of any incidents that occur on the main Garden City Campus or the three centers. When reports of crimes are filed with Public Safety or received by a CSA, the following actions are taken. The victims are referred to the appropriate offices or agencies on and off campus, including law enforcement, counseling and wellness, medical services, the Title IX coordinator (for sexual offenses (such as all sexual misconducts), relationship violence, and stalking), and/or Human Resources. Copies of all the reports are kept on file in the Public Safety Office at the Garden City Campus. They are distributed to the appropriate people (departments) at each location with victim-identifying information withheld as appropriate. Follow-up investigations are performed and the local police department is notified when appropriate.

For information on response to a receipt of a complaint of discrimination, harassment (including sexual misconduct (which includes sexual assault, sexual harassment, sexual exploitation), dating violence, domestic violence, stalking) and/or retaliation, see the section Sexual Assault, Domestic Violence, Dating Violence, and Stalking Policy.

Hate Crimes

Investigation of hate-motivated crimes and incidents are a priority at Adelphi University. The Department of Public Safety and Transportation's response is necessary to assure the community that hate-motivated crimes and violence will not be tolerated, and that perpetrators of such crimes will be brought to justice.

The Clery Act requires institutions to separately report all hate crime statistics as listed below or any other crime involving bodily injury that reveals evidence that the victim was intentionally selected because of the perpetrator's bias or the perpetrator perceived the person to be in one of the protected group categories.

The campus community shall be informed of any hate-associated factors related to the below listed crimes, or of any other crimes involving bodily injury where hate crimes are involved. In addition, as of March 7, 2013, The Jeanne Clery Act was amended to include new reportable hate crimes. These Clery crimes apply when motivated by bias include:
- Criminal homicide (murder, non-negligent manslaughter, manslaughter by negligence)
- Sex offenses (rape, fondling, incest, statutory rape)
- Robbery
- Aggravated assault
- Burglary
- Motor vehicle theft
- Arson
- Larceny-theft
- Simple Assault
- Intimidation
- Destruction/damage/vandalism of property

Although there are many possible categories of Bias, under the Clery Act, only the following eight categories are reported in the Annual Security & Fire Safety Report:

- **Race**: A preformed negative attitude toward a group of persons who possess common physical characteristics, e.g., color of skin, eyes, and/or hair; facial features, etc., genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind, e.g., Asians, blacks or African Americans, whites.
- **Religion**: A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being, e.g., Catholics, Jews, Protestants, atheists.
- **Sexual Orientation**: A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation.
- **Gender**: A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender, e.g., male or female.
- **Gender Identity**: A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals.
- **Ethnicity**: A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry.
- **National Origin**: A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth.
- **Disability**: A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

A Bias Crimes brochure is available on the Public Safety website at adelphi.edu/safety-transportation/security-awareness-crime-prevention-and-reporting/brochures/ or by visiting the Public Safety office in Levermore Hall.

**Reporting Hate-Motivated Crimes and Incidents**
The Department of Public Safety and Transportation is responsible for collecting and reporting hate-motivated crime statistics that occur within Clery Geography (On Campus, Residential Halls, Non-Campus Property, and/or Public Property). All Hate-Motivated crimes, regardless of location, are encouraged to be reported but will not be noted in the crime statistics, unless they fall within the Clery Geography. Hate-motivated crimes should be reported as indicated in the section "Reporting Crimes & Emergencies".

These reporting categories are only reported if motivated by bias as determined by one of the bias categories (race, gender, religion, ethnicity, national origin, gender identity, sexual orientation and disability).

Anyone with information warranting a timely warning should report the circumstances to Public Safety at 516.877.3511 or in person at the public safety command center.
Behavioral Intervention Team

Preserving the safety and security of students and employees is a top priority for Adelphi, and one that requires commitment, coordination, and communication. To facilitate collaboration among the many individuals whose work affects our collective security, Adelphi established a Behavioral Intervention Team (BIT).

Events nationally have made us all too aware of the random and unpredictable nature of violence. This important workgroup has been effective since it was established, and meets twice a month to address important issues. The Team will continue to be coordinated by the Department of Public Safety and is designed to monitor and discuss reported incidents and implement action plans as necessary. For a complete list of BIT members visit the webpage Behavioral Intervention Team - About the Team.

You may recall that the establishment of a Threat Assessment Team was a recommendation of the Congressional report issued following the hostile intruder/active shooter tragedy at Virginia Tech in 2007. Adelphi was one of the first institutions of higher education in the country to implement this recommendation. The Behavioral Intervention Team [previously named the University & Community Threat Assessment Team] is responsible for identifying, assessing, and responding to concerns, disruptive behaviors and/or threats by students, faculty/staff, and community members who struggle academically, emotionally, or psychologically, or who present a risk to the health or safety of the University or its members. It does not supersede, supplant, or replace the University’s current judicial procedure or the protocols for reporting incidents and safety concerns.

Any member of the campus community may become aware of a troubling situation that is causing serious anxiety, stress, or fear in or out of class or work. If such a situation appears to be imminent, including possible immediate risk of violence to self or others, it should be reported immediately to the Department of Public Safety at 516.877.3511, or by dialing ”5” from any campus phone. All of these numbers are printed on the back of your Adelphi ID card. If the risk is not imminent or immediate, the individual can contact Public Safety or submit a BIT Referral Report online.

More information about campus safety and answers to some frequently asked questions can be found at the Behavioral Intervention Team website.

Members are divided into two levels - CORE and KEY.

Core Team Members
Core members attend every BIT meeting and have full access to the team’s electronic record-keeping database. As core members, they represent their departments and have the authority to make independent decisions within their areas of responsibility.

- Chief of Campus Safety and Emergency Management [BIT Coordinator]
- Associate Director, Dept. of Public Safety & Transportation [Public Safety-BIT Coordinator Designee]
- Director of Student Counseling Center [Counseling]
- Title IX Coordinator, Director of Equity & Compliance
- Dean of Student Affairs
- Director of Student Conduct and Community Standards
- Executive Director of University Health & Wellness [Health Services]

Key Team Members
Key members serve BIT in a consultant capacity and represent departments that have frequent contact with students or employees, are likely to be involved in either case updates or interventions for Behavioral Intervention cases, and can provide valuable insights to the team. They are invited in for cases that relate to their specific content areas and do not attend meetings regularly.

Emergency Response & Evacuation Procedures

Emergency Notification
Adelphi University Department of Public Safety is responsible for responding to all significant incidents that may involve an immediate or ongoing threat to the health and/or safety of the Adelphi Community, in addition to, using appropriate resources to mitigate and investigate such incidents. An emergency notification may apply to both criminal and non-criminal incidents and can include but is not limited to: weather or natural disaster events, public health emergencies, hazardous materials spills or gas leaks, riots or armed intruders. The University President or designee who includes: the Executive Vice President of Finance and Administration (or designee), or Vice President of University Wellness, Safety & Administration (or designee), or the Chief of Campus Safety and Emergency Management (or designee), may confirm and has the authority to declare an emergency or dangerous situation (emergency condition) involving an immediate threat to the health and/or safety of students or employees. An emergency condition is defined as a sudden, unexpected, or impending situation that may cause injury, loss of life, damage to property, and/or interference with the normal activities of the University and which, therefore, requires immediate attention and remedial action. The Department of Public Safety and Transportation takes the initial lead in implementing the appropriate response plan, assessing the crisis, reviewing all the available information, delegating responsibility where appropriate, and ensuring the information needs of the Campus community and/or segment(s) of the community are met.

Confirming the Existence of a Significant Emergency or Dangerous Situation and Initiating the Emergency Notification System:
Upon being notified of an emergency on campus [through phone call or in-person reporting], the Department of Public Safety will be immediately dispatched to the reported emergency location. Public Safety will verify that a legitimate emergency or dangerous situation exists on campus, accomplishing confirmation. As needed, the Department of Public Safety and Transportation will utilize all information resources at its disposal to confirm that there is an emergency. Confirmation may come from a number of sources, including departments on campus and/or local agencies depending on the type of emergency. To evaluate the significance of the threat, the Department of Public Safety may consult with experts, including but not limited to: Garden City Police Department, Garden City Fire Department Other Local Law Enforcement Officials, University Environmental Health and Safety, National Weather Service, etc. The Chief of Campus Safety and Emergency Management, or designee, may confer with the Vice President for Student Affairs, Strategic Communications Director, and/or the Vice President of University Wellness, Safety & Administration, if readily available, and then will, without delay and taking into account the safety of the community, determine the content of the notification, dependent on the emergency, and initiate the notification system(s). Due to the time sensitivity of emergency alerts, the decision to initiate the alert system will be determined as quickly and thoroughly as possible.

Determining the Contents of the Emergency Notification:
The Department of Public Safety will develop a concise message to convey the appropriate message to the community. The messages are designed to Alert, Inform, and Reassure the community. The Department of Public Safety does not use predetermined template messages, however, the content of every communication, which notifies the Adelphi Community of an emergency, will include:
- The specific nature and location of the event;
- Actions being taken by the University;
- Status of those involved (when known);
- Actions one should take to help assure their own safety; and
- Follow-up information will be provided to the community as well as at the conclusion of the immediate threat/emergency.

Adelphi University uses the above bullet points when drafting an alert for the situation/emergency condition that is occurring when providing information to the community.

The Department does have at least four (4) predetermined message activation devices in the Command Center that can activate the Rave Alert system and Alertus beacons. The predetermined messages are for Hostile Intruder, Emergency PSO Response, Weather Alert, and Test.

The goal of the alert is to ensure individuals are aware of the situation and that they know the steps to take for personal and community safety.
Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification

Upon confirmation of a significant emergency or threat to the Adelphi Community, Adelphi University Department of Public Safety will immediately notify the campus community. Adelphi University notifies the entire campus community and does not segment the community for notifications. Subsequently, they will initiate the University emergency notification system (Rave Alert), unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Procedures Used to Notify the Campus Community

In the event of a serious incident that poses an immediate threat to members of the Adelphi community, the Department of Public Safety and Transportation will initiate various electronic, public address systems and text message notifications in place for communicating information quickly. Generally, all members of the campus community will receive an emergency notification. Some or all of the following methods of communication may be activated in the event of an immediate threat to the Adelphi community.

- Adelphi University Rave Alert System (discussed below)
- Adelphi University Webpage (Adelphi.edu)
- Mass Email
- Exterior Emergency Call Box Public Address Announcement System
- Alert Beacons
- Fire Alarms
- Radio and Television stations

Procedures Used to Notify the Larger Campus Community

The University may issue additional emergency notifications to the larger campus community. In order to notify the larger campus community, Adelphi University will share information via email and post updates on the University website. If the emergency needs to be communicated to the surrounding community, local television and/or radio stations will be notified to give or post a statement with the appropriate content as described in the section titled “Determining the Contents of the Emergency Notification”. In addition, the Commissioner of the Garden City Police Department receives a University Mass Notification System (RAVE Alert), which they use to notify the surrounding community through their mass notification system “SwiftReach”.

University Mass Notification System (Rave Alert)

The telephone is the primary means of emergency notifications at the University. The University utilizes an off campus vendor to send emergency notifications and timely warnings (case-by-case basis) to the entire University community. The University’s Mass Notification System is the system used for this purpose. Upon confirmation of a significant emergency or threat, the Chief will initiate the Rave Alert system. This is done by going into the Rave Alert system, entering in the message that needs to be sent, and selecting the entire campus community. An SMS message will be sent to all cellular telephones and voice messages to office telephones (if registered with the University’s Mass Notification System). Notification can also be sent over the University exterior Emergency Call Box Public Address System and/or Alert Beacons to the University community from the Command Center located in Levermore Hall.

The University’s Mass Notification System is intended for the immediate transmission of specific information regarding an emergency to all members of the University. Public Safety signs up the University Community for the University’s Mass Notification system upon receipt of their Adelphi University Identification Card.

You can change or update your registered devices through the Rave Manager Profile Dashboard accessible through eCampus at portal.adelphi.edu. It is part of the single sign-on, so you will sign in with your Adelphi username and password. After you are signed in to eCampus, go to the Services tab and select the University Mass Notification System icon.

Visitors can opt to Adelphi Alerts in for a fixed period of time during their stay on campus. Construction crews, conference and seminar attendees, parents of children attending camps, can all benefit from this enhanced capability.

The Department of Public Safety and Transportation tests the University Mass Notification System at least once every calendar year, and such tests may be announced or unannounced. The campus also tests its emergency response and evacuation procedures on at least an annual basis. Furthermore, emergency tabletop exercises are conducted on an annual basis.

Emergency Campus Telephones [Call Boxes]
Emergency campus telephones [Call Boxes] are located both inside and outside of the Garden City Campus buildings. In case of emergency, dial 5 or extension 3507 or 3511 for immediate help. During normal business hours, questions may be directed to extension 3500. Calls from public telephones require dialing 516.877.3500.

Alert Beacons
The Department of Public Safety and Transportation along with our partners in Information Technology have incorporated a new feature to the existing “Adelphi Alert” platform. The integration of “Alert beacons” to the existing Adelphi Alert (RAVE) platform has increased the university’s capability to reach a wider audience while simultaneously reducing the time it takes to send timely and actionable information in the event of an incident affecting the campus community.

The alert beacons are strategically located in the common areas of public use spaces throughout campus and are easily identifiable in that when activated by Public Safety Officers operating the Public Safety Command Center, the beacons emit an alert tone and signal through the use of a strobe light, red flashers, and an alert siren. A predetermined message is simultaneously displayed on the screen which provides information as to the nature of the emergency and what actions to take.

In addition to the alert beacon activation, an SMS message will be immediately and concurrently sent to your wireless devices (if registered with the University’s Mass Notification System) further increasing the university’s reach when it comes to emergency notification. Follow-up information and incident updates will be disseminated through the use of the “Adelphi Alert” (RAVE) system as necessary.

Beacons are currently located in the following spaces:
- Alice Brown Early Learning Center
- Alumni House
- Center for Recreation and Sports
- Hy Weinberg Center
- Manhattan Center
- Nexus Building
- Performing Arts Center
- Swirbul Library

Emergency Drills, Testing, and Evacuation Procedures

The Adelphi University Department of Public Safety will, upon confirmation of an emergency, activate procedures to notify the individuals impacted and respond to and mitigate the threat to the health or safety of those individuals by utilizing appropriate measures to include emergency notification, emergency evacuation, “shelter in place” or other measures deemed necessary using the National Incident Management System (NIMS) structure.

Following the above measures, the Emergency Operation plan will provide structure and operational coordination when implemented for the Garden City Campus, Hauppauge Education & Conference Center, Manhattan Center, and Hudson Valley Center.

The Emergency Operations Center (EOC) is one of the most important tools in coordinating emergency functions. The EOC facilitates the decision-making process and response operations to major emergencies. The Adelphi University Emergency Operations Center was established to serve as the Command/Control and Communications Center for the overall Adelphi response to an emergency. At the EOC, the Emergency Response Team members shall coordinate, as necessary, with the Executive Vice President of Administration & Finance (Emergency Director), Vice President of University Wellness, Safety & Administration (Emergency Director Designee), and Chief of Campus Safety and Emergency Management (Operations Section Chief) for implementation and coordination of the campus Emergency Operations Plan and support as it pertains to their areas. Team members are to keep in constant communication with the Emergency Operations Center.

Evacuation drills are performed both live and in tabletop exercise. The purpose of evacuation drills is to prepare building occupants for organized evacuation in case of fire or other emergency.

Evacuation Procedures

Drills and/or tabletop exercises are conducted with the Garden City Police and Fire Departments each year on a minimum of three occasions. Following the drills and/or tabletop exercises, assessments and evaluation of the university’s emergency operation plan to determine the plans compatibility to actual emergencies and where improvements can be made. The plan is updated each June if any updates and/or deletions are needed.

Public Safety conducts announced and unannounced drills and exercises. All drills and exercises are evaluated, documented, and records are maintained by a Public Safety Captain who is also the Emergency Management trainer and supervisor.

Garden City Campus

Appropriate action during an emergency evacuation depends on preparation. It is the responsibility of University employees to be aware of and be familiar with the emergency evacuation procedures. The procedures are intended to minimize injury, loss of life, damage to property, and insure an orderly evacuation of a building.

Anyone having evidence of, or seeing an immediate threat to life due to a fire or smoke condition, should go to the nearest fire alarm pull station and activate the alarm. Do not attempt to put a fire out unless there is a fire extinguisher nearby and the fire is small and under control.

Upon evidence of an emergency or at the direction of the Department of Public Safety and Transportation, the Garden City Police Department, Garden City Fire Department, or Evacuation Wardens, faculty and staff members in adjacent buildings shall assume responsibility for the evacuation of their building in an orderly manner.

Evacuation of buildings should be made through the nearest safe exit. There may be times when conditions warrant the use of other non-affected buildings for refuge. If directed, persons should proceed to the University Center, Center for Recreation and Sports, the Performing Arts Center, or the Swirbul Library. Fire hydrants, streets, and driveways must remain accessible to emergency vehicles. The Adelphi Department of Public Safety and Transportation will assist with the evacuations as personnel resources permit. The Department of Facilities Management shall proceed to the Incident Command Post (ICP) to offer technical assistance to emergency responders. Evacuation Wardens, faculty,
and staff members will assist in maintaining order in the assembly areas until permission to re-enter has been given. Evacuation Wardens must report results and observations to an official of the fire department or Department of Public Safety.

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Therefore the implementation of “shelter-in-place” is activated which means to make a shelter of the building that you are in, and with a few adjustments, this location can be made even safer and more comfortable until it is safe to go outside.

HOW TO SHELTER IN PLACE

What it means to “Shelter-in-Place”
If severe weather or an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter-in-place” means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

Basic “Shelter-in-Place” Guidance
If an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, etc.) and follow the evacuation procedures for your building (close and lock your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest university building quickly. If police or fire department personnel are on the scene, follow their directions.

How You Will Know to “Shelter-in-Place”
A shelter-in-place notification will come from the Department of Public Safety via the RAVE university mass notification system and/or Emergency Public Address System announcement.

For more information on Shelter-in-Place and the difference from Lockdown, view this infographic.

General Building Evacuations
1. When a fire alarm sounds or when directed by other means to evacuate a building, all occupants shall immediately evacuate.
2. Never use elevators during an emergency evacuation unless absolutely necessary.
3. Be aware of the marked exits from your location in the building.
4. Know the location of fire pull stations and fire extinguishers and know how to use them.
5. When the building evacuation fire alarm is sounded or when you are directed to leave by a member of the Garden City Fire Department, the Garden City Police Department, Evacuation Warden, or a member of the Department of Public Safety and Transportation, walk quickly but do not run to the nearest marked exit and ask others to do the same.
6. Once outside, proceed to a clear area at least 150 feet (half a football field) upwind from the building. Keep walkways clear for emergency vehicles. Adelphi Public Safety Officers will assist with directions.
7. An Incident Command Post (ICP) will be established near the emergency site by the Department of Public Safety and Transportation; keep clear of the ICP unless you have important information to report.
8. Do not return to the building until you are told to do so by a representative of the Garden City Fire Department, Garden City Police Department, the Evacuation Warden, or a member of the Department of Public Safety and Transportation.

Adelphi University Centers: Hudson Valley, Manhattan, and Hauppauge

The Hudson Valley, Manhattan, and Hauppauge Centers are in leased spaces and do not occupy more than one floor of the shared building.

Emergency evacuation drills are conducted by the building management personnel and are guided by the local code. There are no residence halls at any of the centers. Public Safety from the main campus in Garden City will go to these centers and train the individuals at the center on campus evacuation and procedures.

The Department of Public Safety will test our Emergency Operations Plan (EOP), which includes publication of our Emergency Evacuation Procedures, annually. The University will (1) test the university emergency response and evacuation procedures on at least an annual basis, and (2) publicize our emergency response and evacuation procedures, along with a summary of the test. The publication utilizes a form titled “Emergency Operations Test Activations” that is filled out by the Chief, or designee, and includes a description of the exercise, the date and time, and if it was announced or unannounced. In addition, the Emergency Operations Plan (EOP) is updated and published on an annual basis. The publishing of the “Annual Notification of Emergency Response Testing and Procedures *YEAR*” is posted on the News & Announcements web page under adelphi.edu/safety-transportation.

Emergency Operations Plan

The Adelphi University Emergency Operations Plan (EOP) and hereinafter referred to as “The Plan,” has been designed as a guide for administrators and their designees in planning for, and responding to campus emergencies. This Plan utilizes an all-hazards approach and covers an ever-expanding scenario of situations common to us as well as newer threats that need to be planned for in the 21st century.

An all-hazard plan will provide structure and operational coordination when implemented for the Garden City Campus, Hauppauge Education & Conference Center, Manhattan Center, and Hudson Valley Center. The Plan contains various components that, when a situation occurs will allow for maximum flexibility to facilitate operational coordination and information sharing between the campus and outside agencies.

The University policies and procedures contained herein are expected to be followed by all administrators and staff. While the Plan does not cover every conceivable situation, it does provide basic administrative guidelines necessary to cope with most campus emergencies.

Campus emergency operations will be conducted within the framework of University guidelines. Any exception to the procedures outlined in the Emergency Operations Plan will be conducted only by, or with the approval of, those University administrators responsible for directing and/or coordinating emergency operations.

Below you will find a link to the Plan as well as the Table of Contents. It is also available at the Department of Public Safety and Transportation in Levermore Hall.

Special Attention: All are strongly encouraged to review and become thoroughly familiar with the section entitled “Emergency Evacuations of Buildings” also stated above.

Note: The general public cannot access the Emergency Operations Plan including students’ parents or guardians. Access to the Plan can only be made through your eCampus login.

Crime Response

We want everyone to feel safe, secure and welcome here at Adelphi. All individuals on campus are strongly encouraged to report all crimes directly to Adelphi University Department of Public Safety & Transportation to ensure your safety and for appropriate response including, but not limited to, distribution of Timely Warnings, updates to the Daily Crime/Fire log, and providing safety resources.

Timely Warning Notifications (TWN) – Safety Alerts

Under the federal Jeanne Clery Act, Adelphi University Department of Public Safety is responsible to disseminate a Timely Notice. Adelphi University will issue a Timely Warning Notice, also known as a Safety Alert, in the event that it receives notice of an alleged Clery Crime occurring within Clery Geography. Clery Geography includes the Garden City Campus, Hauppauge Education & Conference Center, Manhattan Center, Hudson Valley Center, non-campus property (property owned/controlled by the University), and/or public property (property within or immediately adjacent to campus). The crimes that often require the distribution of a TWN/Safety Alert include Murder/Non-negligent Manslaughter (or any suspicious death), Robbery, Aggravated Assault, Sexual Assault (Rape, Fondling, Statutory Rape, Incest), patterns of Burglaries, and/or major cases of arson. In addition, you may see a TWN/Safety Alert for other Clery or Non-Clery crimes when deemed necessary. In the event that a situation happens within Clery Geography, and the judgement of the Chief of Campus Safety and Emergency Management, or designee, considers it to constitute an ongoing or continuing threat (with advisement from Local Law Enforcement and/or Title IX), a campus wide “timely warning” is distributed. For the purpose of this policy, “timely” means as soon as reasonably possible after an incident has been reported to the Department of Public Safety, to the Campus Security Authorities identified by Adelphi University or local police agencies that have reported the information to the University.

Making the Decision to Issue a Timely Warning

In determining whether to issue a timely warning, on a case-by-case basis, the University will consider all the facts surrounding the crime including factors such as the location of the crime, the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts. If there is insufficient information available to determine whether the incident represents a serious and continuing threat to the Adelphi community, Adelphi will issue a Timely Warning Notice. A Timely Warning Notice will not be sent if, based on the information available: if it appears unlikely that there is an ongoing threat to the community, such as the perpetrators have been apprehended and the threat of imminent danger to the Adelphi Community has been mitigated by the apprehension; or
in which Adelphi University Department of Public Safety was not notified of the crime in a manner that would allow the department to post a “timely” warning for the community; or in which, Adelphi does not have full information to evaluate the nature of the ongoing threat; in addition, it will be noted in the content of the Timely Warning Determination form.

By law, Adelphi University is not required to issue a timely warning for off-campus crimes; however, situations occurring off-campus are evaluated on a case-by-case basis to determine if there is a crime that poses an ongoing or serious threat to the community. A safety alert may be distributed to the Adelphi Community in the event that a situation arises off campus, that in the judgment of the Chief of Campus Safety and Emergency Management, or designee, considers it to constitute a serious or continuing threat to the off campus community.

When to issue a Timely Warning / Safety Alert?
As soon as pertinent information is available, the Department of Public Safety and Transportation will evaluate the need to issue a timely warning based upon the following conditions:
- A Clery Act crime occurring within the University’s Clery geography or poses a risk to the campus community that has been reported to campus security authorities or the Department of Public Safety and Transportation;
- A Non-Clery Act crime occurring within or around the University or poses a risk to the campus community that has been reported to campus security authorities or the Department of Public Safety and Transportation; and
- The University considers the crime to represent a serious or continuing threat to students and employees.

What is Included in a Timely Warning?
The Chief of Campus Safety and Emergency Management or designee will determine the content, on a case-by-case basis, based on the incident that has occurred. The content will provide a clear description of what has been reported without compromising law enforcement efforts and/or jeopardizing the confidentiality of the Victim(s). The information will include, to the extent known, the date, time, nature of the offense, brief overview of circumstance, physical description of the Person of Interest(s), law enforcement’s immediate action(s), a request and method for witnesses to contact Public Safety or Law Enforcement, and outline Safety Tips that the Adelphi Community can take to prevent similar occurrences. In compliance with the Violence Against Women Reauthorization Act, the names of crime victims will not be published in timely warnings.

What department or individual is responsible for issuing the Timely Warning?
The Chief of Campus Safety and Emergency Management, or designee, will approve the dissemination of the TWN/Safety Alert. Once the decision has been made to issue a timely warning, the Department of Public Safety and Transportation is responsible for distributing the warning. Timely warnings are distributed via methods reasonably likely to reach the entire campus community and updated as new crime information becomes available. This is typically accomplished by:
- Posting a notice on the Adelphi Public Safety website adelphi.edu/safety-transportation and;
- Sending a mass-email using the University email system;
- Utilizing the RAVE Alert System (see below) to send a text message or voice message to the campus community (done on a case-by-case basis).

How should a crime be reported?
TWN/Safety Alerts are provided to students and employees at Adelphi University in a manner that is considered “timely”. The intent in issuing a timely warning is to enable members of the campus community to protect themselves and to aid in the prevention of similar crimes. Anyone with information they feel warrants a timely warning/safety alert should immediately contact Public Safety at 516.877.3511 or in person at the public safety command center, Levermore Hall.
Daily Crime Log and Fire Log

The Department of Public Safety and Transportation maintains a campus Daily Crime log and a Fire Log in the Public Safety command center, Levermore Hall. At the main front desk of the Manhattan Center, Hauppauge Education & Conference Center, and Hudson Valley Center, a daily crime log is maintained at each location, and records all crimes reported to the University. Public Safety will enter non-identifying information about the report into the University’s daily crime log. The crime logs contain information by the category of crime, incident number, date of crime, time of occurrence, general location, and disposition if known. Public Safety must make these entries except where such disclosures are prohibited by law or would jeopardize the confidentiality of the victim. Said information may also be withheld if there was clear and convincing evidence that the release of the information would jeopardize an ongoing criminal investigation or the safety of an individual, cause the suspect to flee or evade detection, or result in the destruction of evidence. The Department must disclose any information once the adverse effect described above is no longer likely to occur. The Department may withhold only that information that would cause the adverse effects described above.

A daily crime log entry or change in the disposition is recorded within two business days of the reporting of the crime. The crime and fire log are accessible for public inspection during normal business hours for the most recent 60-day period. Any request for the portion of the log over the 60-day period will be made available within two business days of a public request.

Please take a moment to review the University’s extensive safety tips on the Public Safety website at adelphi.edu/safety-transportation/resources/safety-tips/.

We expect that you will fully enjoy living, studying and working on Long Island.

If you witness a crime or experience an emergency on campus, dial 5 from any campus phone or use any call box 24 hours a day to reach the Adelphi Department of Public Safety and Transportation.

Working together as a community, we will continue to ensure a safe environment for everyone at Adelphi University.

Security of and Access to Campus Facilities

Garden City Campus

All parking lots at the Garden City Campus are routinely patrolled by public safety vehicle patrols, foot and bicycle patrols as well as closed-circuit TV cameras. Vehicular access to the campus is restricted from 11 p.m. to 5:30 a.m. when only one guarded entrance (gate C) is open by the Levermore Hall roadway. Incoming vehicles during the 11 p.m. to 5:30 a.m. period must swipe their ID card or are checked to ascertain their purpose and will be denied access if the occupants cannot establish a legitimate reason for entering the campus. Parking is by permit only.

Full-time professional Residential Life Assistant Directors, who maintain two halls each, in addition to trained graduate and undergraduate resident assistants, staff the Residence Halls. Residential Life works with public safety and other University departments to provide and maintain facilities that are safe and secure. A residence hall staff member is on duty 24 hours a day. Access to residence halls is limited to residents and their guests. Entrances are locked 24 hours a day and interior areas are patrolled by public safety officers and residential life staff. Closed-circuit television cameras are located in each resident hall lobby and lounge areas along with in-house telephones.

Hall Attendants are on duty (during Fall and Spring semesters) from 6 p.m. to 4 a.m., 7 days a week to check the identification of all people (residents and visitors) entering the residence halls. No one is admitted without proper photo I.D. (University I.D., or driver’s license). Visitors are permitted in the residence halls overnight only with proper
authorization from the Office of Residential Life and Housing.

During periods of extended closings, only those with approved card access will be permitted to enter the residence halls.

All campus buildings (with the exception of residence halls) are accessible Monday through Friday from 5:30 a.m. to 11 p.m., and Saturdays and Sundays according to class schedules. Exceptions are made for special events. Identification may be requested of anyone utilizing campus facilities.

Hauppauge Education & Conference Center
An Adelphi public safety officer is at the entrance of the Hauppauge location building when classes are in session. The facility is covered by closed-circuit TV cameras. There are no residence hall facilities at this location.

Manhattan Center
A contracted security officer is on duty at the entrance of the 2nd floor of the building when classes are in session, which may vary each semester according to class schedules. The facility is covered by closed-circuit TV cameras. There are no residence hall facilities at this location.

Hudson Valley Center
A contracted security officer is at the entrance of area the University occupies on the fourth floor on when classes are in session, which may vary each semester according to class schedules. The facility is covered by closed-circuit TV cameras. There are no residence hall facilities at this location.

Security Considerations, Building Access and Maintenance
Special arrangements can be made through the Department of Public Safety and Transportation (ext. 3511) for access to buildings outside of regular operating hours. Special after-hours access to buildings for employees and students may be obtained by written request to the Chief of Campus Safety and Emergency Management. Students requesting access must have an after-hours access card completed by a faculty member or a University administrator to be permitted access. The card is then kept on file in the public safety command center for student access verification.

All employees and students are encouraged to report any repairs they feel need the attention of facilities management. A building engineer is on duty 24 hours a day in case of emergencies. Repairs may be called into facilities management directly to extension 3970 during business hours or public safety at extension 3511 all other times. In addition, lighting surveys of exterior spaces are conducted bi-monthly with the results forwarded to facilities for necessary action. Closed circuit television systems, crime prevention programs, and card access control systems are also utilized to assist in preventing and investigating crimes. Any security concerns should be addressed by contacting Public Safety at 516.877.3511.

Policies and Procedures for Safe Access to Residence Halls
Residence hall entrances are locked 24 hours a day. Access is by an individually coded University ID card programmed to access a residence hall front door, which is provided to each resident at the beginning of each semester.
Personal Safety
Interested individuals and groups can arrange for personal safety and security programs to be presented by a trained crime prevention officer.

Based on the circumstances, personal escorts within campus may be requested of public safety by calling the public safety command center at 516.877.3511 or by extension 3511 on any in-house telephone. Personal safety brochures are available in the Public Safety office as well as online at adelphi.edu/safety-transportation/security-awareness-crime-prevention-and-reporting/brochures/.

Personal Property
Members of the community are encouraged to mark their personal property and keep a record of the property in case it is stolen. An electric engraver can be borrowed from the Department of Public Safety and Transportation. Members of the community are reminded to safeguard property at all times.

Monitoring of Criminal Activity at Non-Campus Locations of Student Organizations

Adelphi University does not have any student organizations officially recognized with non-campus locations; this includes fraternities or sororities. As such, the university does not work with local law enforcement agencies to monitor nor assess criminal activity by students at off-campus locations of student organizations.
Registered Sexual Offenders

The "Campus Sex Crimes Prevention Act" (Section 106 of Public Law 106-38) is a federal law that provides for the tracking of convicted sex offenders enrolled at or employed by institutions of higher education.

The Act amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act to require sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student. This requires that state procedures ensure that this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and that it is entered into appropriate State records or data systems.

It also amends the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistic Act to require institutions of higher education to issue a statement, in addition to other disclosures required under that Act, advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. Lastly, the Act amends the Family Education Rights and Privacy Act of 1974 to clarify that nothing in the Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders; and requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted.

The state Division of Criminal Justice Services is partnering with NY-Alert to allow New Yorkers to sign up for alerts when moderate and high risk sex offenders’ move into or out of a community.

The DCJS system allows New Yorkers to flag communities of interest to their family and then get alerts by phone, email, text message or fax. They can sign up for notices involving three communities at once. The alerts will be carried out by the State Emergency Management Services System.

Missing Students Policy

Adelphi University has adopted and implemented a plan providing for the investigation of any missing student. These plans provide for the coordination of the investigation of missing students with local law enforcement agencies. This plan includes, but is not limited to, Memorandums of Understanding with the Garden City Police Department and the New York City Police Department. The University will notify the appropriate local law enforcement agency within 24 hours of the determination that the student is missing, unless the local law enforcement agency was the entity that made the determination that the student is missing.

How to Report a Missing Student:
All reports of a missing student, including a student living on campus who is missing more than 24 hours, should be made immediately to the Department of Public Safety at 516.877.3511. Should an acquaintance report a missing student to another department, such as Student Conduct & Community Standards, Student Affairs, Residential Life, etc., those individuals or departments will immediately notify the Department of Public Safety who will work in conjunction with the Vice President for Student Affairs, or designee. As the reporting party, be prepared to give your name and phone number as well as providing all information possible regarding the missing person including a physical description, what they were wearing when they were last seen, where they were last seen, what physical condition they were in when last seen, if they are driving or have a vehicle and its description and who they were with. Be prepared to provide information on any medical or other special conditions that you know about.

The Department of Public Safety, in conjunction with the Vice President for Student Affairs, or designee, will attempt to determine whether the student is, in fact missing. Steps that may be taken, depending on the circumstances:

- Public Safety, Vice President for Student Affairs, or designee will attempt to contact the student through all reasonable and available means.
• Public Safety will investigate the validity of the missing person report and manage the information according to its established investigative standards.
• Public Safety may notify appropriate University personnel and seek their aid in the investigation (i.e. Residential Life, Student Counseling Center, Health Services, etc.)

If Public Safety or Student Affairs is unable to locate the missing student, the student is not known to have returned to the University (or otherwise located), or Public Safety has determined that the missing student has been missing for more than 24 hours, Public Safety will notify the local police.

At Adelphi University each student completes a “Student Emergency and a Missing Student Contact Registration Form” in order to receive their Adelphi Identification Card. The form gives the student the option to identify an individual to be notified by Adelphi University (AU) if a student is determined to be missing. If a student is determined missing, AU will also notify the appropriate law enforcement agency no later than 24 hours after the student determination.

Students are advised that the missing student contact information will be considered confidential, accessible only to authorized campus officials and law enforcement and will not be disclosed outside of a missing person's investigation.

Note Regarding Parents/Guardians and Emergency Contacts of Resident Students:

If the student is under 18 years of age and not an emancipated individual, the University is required to notify a custodial parent or guardian or any other designated contact person no later than 24 hours after the time that the student is determined to have been missing.

If the student is over 18 years and provided a missing student contact or emergency contact, that missing student contact or emergency contact must be notified no later than 24 hours after the student is determined to have been missing. Students’ missing student contact or emergency contact information will be registered confidentially, and this information will be accessible only to authorized campus officials. It may not be disclosed, except to law enforcement personnel in furtherance of a missing person’s investigation.

If a parent/guardian, missing student contact, or emergency contact cannot be reached, the local police must be informed no later than 24 hours after the student is determined to have been missing.

All potential missing student reports must be referred to the Adelphi University Department of Public Safety & Transportation for investigation.

In the event a student has been missing for at least 24 hours, contact AU PS at 516.877.3511.

The Anti-Discrimination panel are specially trained4 campus officials, who receive annual and ongoing training on conducting investigations and hearings, conduct all University disciplinary proceedings in a prompt, fair and impartial manner from the initial investigation to the final result. They also receive training on the dynamics of dating violence, sexual assault, domestic violence, and stalking, including victim trauma and the effects of alcohol and drugs on sexual consent.

4 The training provided is titled, “Anti-Harassment & Title IX Training”. This training explores discrimination in the workplace; based upon gender and other protected classes. Participants explore responsibilities and reporting mechanisms under the law and University policy. In addition, the campus officials are trained in conducting an investigation, definitions, prima facie cases, types of questions, student conduct components, and trauma informed interviewing.
Sexual Assault, Domestic Violence, Dating violence, and Stalking Policy

Adelphi University is committed to providing a safe learning environment. In compliance with federal law, specifically the Jeanne Clery Act (Clery Act) and the Campus Sexual Violence Elimination Act (SaVE Act), Adelphi University has adopted policies and procedures to prevent and respond to incidents of sexual assault, domestic violence, dating violence, and stalking. These guidelines apply to all members of the Adelphi community (students, faculty, and staff as well as contractors and visitors).

Acts of sexual assault, domestic violence, dating violence, and stalking is prohibited by Adelphi University and offenders will be subject to disciplinary action and/or criminal prosecution. The University will fully cooperate with any criminal prosecution.

Adelphi’s administrators are dedicated to providing consistent, caring, and timely response when sexual assaults, domestic violence, dating violence, and stalking incidents occur within the University community. The University is committed to meeting the needs of the sexual assault, domestic violence, dating violence, and stalking victims by honoring the wish of the victim to preserve anonymity after the traumatic experience while fulfilling its responsibility to maintain the integrity and safety of the campus as a whole; and to provide fair and appropriate adjudication of campus sexual assault, domestic violence, dating violence, and stalking cases.

New York State Education Law, Article 129-B, section 6441: Affirmative Consent to Sexual Activity states:
1. “Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as these words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity, or gender expression.”
2. Each institution’s code of conduct shall reflect the following principles as guidance for the institutions community.
   a. Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
   b. Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
   c. Consent may be initially given but withdrawn at any time.
   d. Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily retained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.
   e. Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.
   f. When consent is withdrawn or can no longer be given, sexual activity must stop.
The following are University policy definitions from a compilation of Clery, VAWA, New York State Penal Law (Article 120 & Article 130), and the Code of Federal Regulations (34 CFR 668.41) and are also included in the Awareness and Prevention training programs:

- **Rape [SRS]**: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This definition includes victims or offenders of any gender. This definition also includes instances in which the victim is incapable of giving consent because of temporary or permanent mental or physical incapacity (including due to the influence of drugs or alcohol) or because of age. Physical resistance is not required on the part of the victim to demonstrate lack of consent.
  - **Rape (except statutory rape)** [NIBRS Definition – to be used only when the SRS is retired]: the carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

- **Fondling**: the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

- **Incest**: Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Title IX

Title IX of the Education Amendments of 1972 (Title IX), and its implementing regulations, prohibit discrimination on the basis of sex in education programs or activities operated by recipients of federal financial assistance. Sexual harassment, which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX. An example of sex-based discrimination prohibited by Title IX would be sexual harassment, including sexual assault, domestic violence, dating violence, and stalking, occurring in connection with any academic, athletic, extracurricular, employment or other University program regardless of the location. Adelphi University is committed to providing an educational and employment community which is free of discrimination and harassment.

Adelphi University will investigate all complaints and information related to discrimination and/or harassment (including sexual misconduct, sexual assault, dating violence, domestic violence, stalking) in order to maintain a collegial and non-hostile environment conducive to learning and working, and free of retaliation.

The Title IX Coordinator is responsible for assuring that all Title IX complaints are treated in accordance with the requirements of Title IX and should, therefore, be notified of all complaints and information that has been provided to others.

Reporting and Disciplinary Proceedings for Process A: Title IX Sexual Harassment Grievance Process

All members of the University community who violate the Code of Conduct and the Adelphi University Anti-Discrimination, Harassment (Including Sexual Misconduct) and Retaliation Policy (as noted in the Code of Conduct) are subject to the full range of institutional disciplinary actions, up to and including separation from the University and/or referral to authorities for criminal prosecution, where appropriate.

Step 1: Reporting & Resources
There is no time limit on when a complaint may be made. Once an incident is reported to Title IX or an Official with Authority. Resources [private and confidential] are made available which provide information about on- and off-campus resources, reporting options, and rights.

Sexual assault is gender neutral and includes any sexual intercourse (anal, oral or vaginal) or any sexual penetration however slight of a body part or object committed without consent and/or by force. It also includes the intentional touching of an intimate body part for the purpose of sexual gratification committed without consent and/or by force.

Domestic / Dating violence is also referred to as intimate partner or relationship violence. It can be defined as a pattern of behavior in an intimate relationship that is used to gain power or control over a partner. Abuse can be physical, sexual, emotional, economic, or psychological acts or threats of action. This includes any behavior that frightens, intimidates, terrorizes, manipulates, hurts, humiliates, coerces, blames or injures someone.

Stalking is a course of unwanted conduct directed at a particular person designed for no legitimate purpose other than to place the person or a third person in reasonable fear of physical, emotional or mental harm.

Where applicable, the rights of victims and the University’s responsibilities for orders of protection, ‘no-contact’ orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court

For emergency or immediate assistance at any time on campus, contact the Department of Public Safety & Transportation, available twenty-four hours a day seven days a week, at 516.877.3511 or by dialing 5 from any campus phone.

Confidentiality will be maintained to the extent required by law and to the extent possible given the University’s obligations under law and under this Policy. At the beginning of the process, the University will inform the complainant about confidentiality standards and privacy concerns, as well as confidential and other resources available.

Anyone who wishes to speak with someone confidentially about the incident can speak to Student Counseling Services or a University Chaplain where they speak with complete confidentiality.

Medical examinations are very important. In sexual assault cases, victims can receive a sexual assault forensic examination by a Sexual Assault Nurse Examiner at one of our two cooperating local hospitals (listed below). All public safety personnel are trained on the importance of preserving evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in
obtaining a protection order in sexual assault cases. Victims should not change clothes, shower, douche, brush teeth, eat or drink before the forensic medical exam.

Victims of crimes of violence such as dating violence, domestic violence, and stalking, should also preserve any evidence, including any recordings, torn clothing, damaged property, written communications, photos showing damage, any evidence linked to the emotional distress, financial distress, and psychological and physical evidence of the crime. The victims of a crime of violence are informed that preserving the evidence is important if the victim/survivor chooses to seek resolution through the campus complaint process, obtaining an order of protection, and/or to take criminal action.

Cooperating Hospitals with a Sexual Assault Nurse Examiner (SANE):
Nassau University Medical Center*  North Shore University Hospital
2201 Hempstead Turnpike, 300 Community Drive,
East Meadow, NY, 11554  Manhasset, NY, 11030
*NUMC is preferred for incidents involving minors.

Additional Rights for Reporting Individuals and Complainants in Sexual Assault, Dating Violence, Domestic violence, and stalking cases include: the right to have the University issue a “No Contact Order”8 consistent with the procedures outlined in the Code of Conduct and/or the Anti-Discrimination, Harassment (Including Sexual Misconduct) and Retaliation Policy which also provides for prompt review; to be assisted by Public Safety in obtaining an Order of Protection9 or an equivalent protective or restraining order; to receive a copy of the Order of Protection or equivalent when received by the University and be provided with the opportunity to speak with a Public Safety Officer to answer questions and explain the provisions of the order; to receive assistance from Public Safety in effecting an arrest when an Order of Protection is violated.

The University will consider all requests for confidentiality. Every effort will be made to honor these requests; however, in certain circumstances the University may be unable to do so. We can however promise that every report will be kept as private and confidential as possible.

Step 2: Assessment
Dependent on who you report the incident to, a case can be created by Title IX or Student Conduct. If you report to Public Safety, Public Safety will refer the incident to the appropriate party if you wish for disciplinary action.

If you report or are referred to Title IX, a case is created by Title IX Staff or Conduct Staff (Dependent on who is the first point of contact). After the case is created, the Title IX coordinator does an initial assessment within 5-7 business days to determine the whether the scope of the allegations fall within the jurisdiction of the Title IX sexual harassment and its applicable grievance process. During this time, the Title IX coordinator will:
- Contact the complainant to provide them with a written explanation of their rights and options with respect to the report of a Title IX Sexual harassment;
- Promptly make supportive measures available to the complainant upon receipt of notice [with or without filing a formal complaint].

Step 3: Grievance Process Decision
At this time, the complainant has the following three options
1. Process A: Title IX Sexual Harassment Grievance Process [described below]
2. Process B: Process for resolution of Allegations of Discrimination, Harassment (including Sexual Misconduct), and/or Retaliation; and/or
3. Supportive Measures [supportive measures only, no further action wishes to be taken by the complainant at this time].

For the purpose of formal complainants of Sexual Assault [Rape, Fondling, Incest, and Statutory Rape], Domestic Violence, Dating Violence, and Stalking, Process A or Supportive Measures are used to resolve the incident.

Supportive Measures
Supportive measures are non-disciplinary and non-punitive11 individualized services offered as appropriate, as reasonably available, and without fee or charge to the parties before or after the filing

---

8 For details on a “No Contact Order” and how to obtain one, see Appendix 4
9 For details on an Order or Protection and how to obtain one, see Appendix 5
11 Non-Punitive - not inflicting, involving, or aiming at punishment
of a complaint or formal complaint or where no complaint or formal complaint has been filed. Such measures are designed to restore or preserve equal access to the University’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the University’s educational environment, or deter prohibited conduct.

The University will maintain as confidential any supportive measures provided to the parties, to the extent that maintaining such confidentiality would not impair the ability of the University to provide the supportive measures. The Title IX Coordinator will work with the complainant to determine their requests for supportive measures and confirm that such requests are considered.

The determination of appropriate supportive measures must be based on the facts and circumstances of that situation. Supportive measures include but are not limited to:

- Providing campus escort services;
- Modifications to work or class schedules;
- Extensions of deadlines or other course-related adjustments;
- Changes to work, academic, housing, living, transportation, or other applicable situations including changes in residence hall assignments or office locations;
- Providing counseling and academic support services, such as tutoring;
- Referral to counseling, medical and/or other healthcare services;
- Proving course-related adjustments such as extensions of deadlines;
- Providing leaves of absence;
- Establishing restrictions on contact (no-contact orders) between the parties;
- Providing increased security, supervision or monitoring of certain areas of the campus; and
- Other similar measures or any other actions deemed appropriate by the Title IX Coordinator.

The University will review the facts and circumstances of each case and will implement measures in a way that does not unreasonably burden the other party. Upon written request and in accordance with University policies, a student may seek prompt review of the need for/terms of supportive measures to the extent the relevant supportive measure has a direct impact on them. This request should include the basis for the request and any supporting evidence. A student may also ask for review of a request for additional supportive measures and submit evidence in support of the request. Such requests should be submitted in writing to the Title IX Coordinator. The other party will have the right to respond to the request for review to the extent the relevant supportive measure has a direct impact on them.

Adelphi University will provide notification in writing to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, range of protective measures, and other services available for victims, both within the institution and in the community. Furthermore, the University will offer information about options for, and available assistance in how to request changes to academic, living, transportation, and working situations or protective measures. The university will offer these services, upon request, regardless of whether the victim chooses to report the crime to campus Public Safety or local law enforcement. Contact the Office of the Dean of Student Affairs 516.877.3146, or the Title IX Coordinator at 516.877.4819.

Step 4: Investigation

File a Formal Complaint

Process A: Title IX Sexual Harassment Grievance Process starts once a Formal Complaint is filed, and will lead to a resolution within sixty (60) to ninety (90) business days. A Formal complaint is a signed document by the Complainant or the Title IX coordinator, which initiates the grievance process and may be filed with the Title IX coordinator in person, by mail, or by electronic mail, using the contact information listed above.

The Complaint then has two options: Formal grievance Process or an Informal Grievance Process.

Note: A complainant may withdraw a report or formal complaint from the University at any time. However, the University may still have an obligation to investigate and/or take action. The University may also be compelled to act on alleged employee conduct regardless of the complainant’s wishes.

Advisor of Choice

The parties may have an advisor present during the course of any grievance process, including the opportunity to be accompanied to any related meeting, interview, or hearing by the advisor of their
choice who may advise and assist the parties. A party’s advisor of choice may be, but is not required to be, an attorney. Each party is permitted one advisor. If a party does not have an advisor present for a Process A hearing, Adelphi will appoint an advisor of Adelphi’s choice, free of charge, to conduct cross-examination on behalf of that party.

Throughout the process, the role of the advisor is narrow: they may attend and help the Party prepare for all proceedings, such as meetings, interviews, and hearings, that the Party is entitled to attend, but the Parties themselves must ask and answer any questions other than asking cross-examination questions during a Process A hearing; those questions will be asked by an Advisor because Parties are not permitted to personally do so. Except for cross-examination during a hearing, as described below, advisors cannot actively participate or speak on behalf of the parties, or act as a proxy for any party. However, as reasonably needed, they may confer privately with the Party during the proceedings. Accommodations, including scheduling of the process, generally will not be made for any advisors if they unduly delay the process, as determined by the Title IX Coordinator. The University reserves the right to take appropriate action regarding any advisor who disrupts the process, or who does not abide by the restrictions on their participation as determined in the sole discretion of the Title IX Coordinator.

Formal Grievance Process

Once the formal grievance process is initiated, through a formal complaint, the Title IX Coordinator will provide an initial notice of allegations which will include:

- Notice of the formal grievance process, including any informal grievance process that may be available;
- Notice of the allegations of sexual harassment potentially constituting Title IX sexual harassment, as well as sufficient details known at the time and with sufficient time to prepare a response before any initial interview;
- Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting Title IX sexual harassment under 34 C.F.R. § 106.30, and the date, location, and factual allegations of the alleged incident, if known;
- The specific section(s) of this Policy alleged to have been violated;
- A statement about the University’s prohibition on retaliation;
- A description of the range of possible disciplinary sanctions and remedies or a list the possible disciplinary sanctions and remedies that the University may implement following any determination of responsibility;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the formal grievance process;
- A statement that informs the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney;
- A statement informing the parties that they may inspect and review the evidence collected in an investigation; and
- A statement informing the parties that this Policy prohibits knowingly making false statements or knowingly submitting false information during the formal grievance process.

This is followed promptly by an investigation of the Formal Complaint through an appointed trained investigator. Should parties choose, they have three (3) business days after receiving the investigators name to object the investigator with reasoning. If no objections, the trained investigator has up to thirty (30) business days from the formal complaint to conduct interviews, discuss allegations, and inspect and review any evidence obtained12. By the end of the thirty (30) business days, the Trained Investigator will send the final investigative report to both parties and advisors. The parties will then have ten (10) business days to submit a written response. The Trained investigator will then finalize and send the case file and investigative report to both parties ten (10) business days prior to hearing [Step 5].

Informal Grievance Process

Informal Grievance Process Initiated

At any time prior to reaching a determination of responsibility, the University may offer the parties the option to resolve the formal complaint through the voluntary informal grievance process without...
completing a full investigation and hearing. The informal grievance process may not be used: (1) to resolve an allegation of Title IX sexual harassment unless a formal complaint is filed, or (2) to resolve an allegation of Title IX sexual harassment against a University employee where the complainant is a student.

Unless there is good cause for temporary delay(s) or limited extension(s), the University will promptly resolve an informal grievance process within thirty (30) business days of the filing of a formal complaint of Title IX sexual harassment with the Title IX Coordinator.

Any party may withdraw from the informal grievance process at any time and resume the formal grievance process with respect to the formal complaint.

Written Notice & Consent
If a complaint or formal complaint is eligible for informal resolution, an informal resolution may begin at any time prior to a determination regarding responsibility being reached if the University:

- Provides to the parties a written notice disclosing:
  - the allegations;
  - the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
  - any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared; and
- Obtains the parties’ voluntary, written consent to the informal resolution process.

[See Step 5 for resolution of informal grievance process]

Step 5: Hearing and Resolution
Formal Grievance Process
At the time of release of the Investigative Report and Case File, the hearing Panel is chosen from the Anti-Discrimination Panel [this occurs 10 business days prior to hearing]. Five (5) business days before the hearing, both parties and advisors will receive a Written Notice which includes, at the minimum:

- The date, time, and place of the hearing [which has to occur 10 business days after the release of Investigative Report]
- The name and contact information of the Hearing Panel.
- The participants in the hearing (including but not limited to the parties, witnesses, etc.)
- Any technology expected to be utilized at the hearing.
- The purpose of the hearing

A party wishing to challenge the participation of the Hearing Panel must notify the Title IX Coordinator, in writing, within three (3) business days of receipt of the notice of hearing, stating the specific reason(s) for the party’s objection.

The hearing will take place on the date and time specified in the notice of hearing. If circumstances arise that require a change in the hearing date or time, the University will provide the parties with written notice explaining the reason for such change.

Hearing
Live Hearings
Live hearings may be conducted with all parties physically present in the same geographic location, or under the discretion of the University, any or all parties, witnesses, and other participants may appear at the live hearing virtually, with technology enabling participants to simultaneously see and hear each other.

Cross-Examination
During the live hearing, cross-examination will be conducted directly, orally, and in real time by the party’s advisor of choice. Cross-examination will never be conducted by a party and at no point shall the parties be permitted to question each other. If a party does not have an advisor present at the live hearing, the University will provide to that party, without fee or charge, an advisor of the University’s choice, who may be, but is not required to be an attorney, to conduct cross-examination on behalf of that party.
Resolution

Hearing Panel Deliberation
The parties will be offered an opportunity to provide impact statements to the Hearing Panel while the Hearing Panel is deliberating on appropriate sanctions. The impact statement must be provided to the Title IX Coordinator. Parties will also receive a copy of submitted impact statements. The Title IX Coordinator will provide the impact statements to the Hearing Panel only once the Hearing Panel is deliberating on appropriate sanctions. Impact Statements cannot and will not be considered by the Hearing Panel when reaching a determination of responsibility.

Determinations Regarding Responsibility
The Hearing Panel will evaluate the allegations under a “preponderance of the evidence” standard. The respondent will only be found responsible for the alleged Title IX sexual harassment if the Hearing Panel concludes, based upon careful review of all information presented, that such Title IX sexual harassment more likely than not occurred in violation of the Policy. The Hearing Panel will determine any disciplinary sanctions imposed on the respondent and any remedies to be provided to the complainant, and the Title IX Coordinator will enforce and implement the same.

Within ten (10) business days from the hearing, the Hearing Panel will simultaneously issue both parties a written notice of the determination regarding responsibility. The determination regarding responsibility becomes final either on the date that the University provides the parties with the written determination of the result of the appeal, as described below, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Disciplinary Sanctions and Remedies
Both the complainant and the respondent have the right to receive simultaneous written notice of the outcome of the proceeding, the right to appeal the decision, receive simultaneous written notice of any change to the result, and receive simultaneous written notice when the results become final.

The Hearing Panel may impose any of the following disciplinary sanctions that are determined to be fair and proportionate to the violation of the Policy under the grievance process:\13:

- A reprimand or written warning;
- Changing the respondent’s work or academic schedule;
- Disciplinary probation;
- Revocation of honors, awards, or a degree;
- Community service and/or training;
- Restricting the respondent’s access to University’s facilities or activities;
- Changing the respondent’s work or housing assignment;
- Dismissal from or restricting or reassignment of University employment;
- Removing the respondent from student housing;
- Suspension (limited time or indefinite);
- Expulsion or termination;
- Forfeiture of a benefit, honor, leadership position, or other privilege enjoyed by virtue of the person’s membership as adjunct faculty, staff, or administration;
- Demotion or forfeiture of promotion or salary increase;
- Reassignment of University employment;
- Respondents who are non-student employees may also be placed on administrative leave during the pendency of a formal grievance process or resolution process.
- Any other actions deemed appropriate by the Title IX Coordinator.

For defined sanctions, please see Appendix 6.

Informal Grievance Process

Resolution

Once the parties can reach a mutually satisfactory resolution, which may include an acceptance of responsibility and sanctions by the respondent, the matter will be considered final without involving a full formal investigation and hearing determination. At that point, the agreed upon sanctions will be promptly implemented.

Note: there is no appeal option after the parties reach a resolution through informal means.

---

\13 This list is not exhaustive.
Step 6: Appeal Process (If Requested) & Resolution

Grounds for an Appeal
1. A procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made that could affect the outcome of the matter; and
3. The Title IX Coordinator, investigator, and/or Hearing Panel had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the formal complaint.

Appeal Process
Within five (5) business days of the delivery of the written determination of responsibility or from dismissal of the formal complaint or any allegations therein, the respondent and/or complainant may file an appeal with the Title IX Coordinator. The appeal must contain the party’s grounds for the appeal indicating why the party requesting the appeal believes the determination of responsibility, or dismissal of the formal complaint or any allegations therein, was inappropriate. The appealing party may also submit a written statement challenging the outcome. The Title IX Coordinator will promptly notify the non-appealing party about the appeal in writing and will implement appeal procedures equally to the parties. Within five (5) business days from the notification of the appeal, the non-appealing party may submit a written statement in support of the outcome.

A panel composed of three members of the Anti-Discrimination Panel, the “Appeals Panel,” will review the appeal. The Appeals Panel shall not include the Title IX Coordinator, the Hearing Panel, or investigator. The Appeals Panel shall be fair and impartial and will not include individuals with a conflict of interest. The Appeals Panel will decide the merits.

The Appeals Panel will simultaneously issue a written decision to the parties describing the result of the appeal and the rationale for the result within ten (10) business days of receipt of the complete record, including the written submissions of the parties. The decision of the Appeals Panel regarding the appeal is final.
Process B: Process for Resolution of Allegations of Discrimination, Harassment (Including Sexual Misconduct/Title IX), and/or Retaliation

Step 1: Report the Incident

All complaints can be filed with the Department of Public Safety at 516.877.3507 and 516.877.3511. If you do not wish to report to Public Safety, there are others you can report to.

Student Complainants:
- Department of Public Safety at 516.877.3507 and 516.877.3511; Levermore Hall, 1st Floor, Suite 113
- Division of Student Affairs, Nexus Building, Room 303, divisionofstudentaffairs@adelphi.edu or 516.877.3660
- Leah Saxtein (Title IX Coordinator & Director Equity & Compliance) at titleix@adelphi.edu or 516.877.4819

Employee or Third Party Complainants:
- Department of Public Safety at 516.877.3507 and 516.877.3511; Levermore Hall, 1st Floor, Suite 113
- Jane Fisher (Director of Employment, Employee, and Labor Relations) at fisher2@adelphi.edu or 516.877.3222
- Leah Saxtein (Title IX Coordinator & Director Equity & Compliance) at titleix@adelphi.edu or 516.877.4819

General Comments or Inquiries:
- Department of Public Safety at 516.877.3507 and 516.877.3511; Levermore Hall, 1st Floor, Suite 113
- Leah Saxtein (Title IX Coordinator & Director Equity & Compliance) at titleix@adelphi.edu or 516.877.4819

For emergency or immediate assistance at any time on campus, contact the Department of Public Safety & Transportation at 516.877.3511 or dialing 5 from any campus phone.

Step 2: Case Created, Assigned, and Interim Measures Implemented (if necessary)

Dependent on who you report the incident to, a case can be created by Title IX or Student Conduct. If you report to Public Safety, Public Safety will refer the incident to the appropriate party if you wish for disciplinary action.

If you report or are referred to Title IX, a case is created by Title IX Staff or Conduct Staff (Dependent on who is the first point of contact). After the case is created, the Title IX coordinator does an initial inquiry to determine need for interim measures and proper assignment of the case. In addition to interim measures, Title IX will advise Public Safety in determining the need for a Timely Warning. Then the case is assigned for Title IX investigation or screened out as not Title IX and reassigned to Conduct or elsewhere.

If you report or are referred to Student Conduct, a case worker or conduct staff creates an incident and it is assigned to a caseworker. The caseworker will determine if there is a complainant. If there is a complainant, the caseworker will meet with the complaining party first. If there is no complaining party, the caseworker determines the need to pursue without a complainant.

Advisor of Choice / Faculty Advocates
An Advisor of Choice or Faculty Advocate may be a member from within or outside the University community and may include, among other people, a family member or an attorney. Advisors and Faculty Advocates cannot actively participate or speak on behalf of the complainant or respondent. If any advisor’s/advocates conduct is not consistent with these guidelines, he or she may be excluded from the process. Advisors and Faculty Advocates are meant as moral support and guidance during the investigation and process/action.

Right to an Attorney
No University employee, student, or third party may be accompanied by an attorney unless: (a) complainant or respondent are referred to the University Hearing Board pursuant to the Code of Conduct, or; (b) Criminal charges arising from the same incident have been filed, or (c) The case involves allegations of sexual misconduct, dating violence, domestic violence and/or stalking. In such cases, the role of the attorney or advisor of choice will be limited to private consultation with the complainant or respondent and the advisor of choice or attorney may not actively participate in the proceedings or meetings in any way.
**Step 3: Investigation**
An information gathering investigation is conducted, including interviewing witnesses, and review of evidence\(^{14}\) to determine which type of disciplinary proceeding is most appropriate for the case and if resolution without a hearing board is possible. The determination is made based on the outlined criteria below and varies based on the circumstances of the allegation.

The University will conduct an investigation and make all efforts to provide a resolution of the investigation ideally within sixty (60) days from the time the University receives notice. However, the resolution of a complaint may vary depending on the complexity of the investigation and/or extent of the alleged harassment or discrimination. The sixty (60) day time period does not include the time period for the appeal process.

**Step 4: Disciplinary Proceeding/Action and Appeal Process**

**Student Disciplinary Proceedings**
The following Disciplinary Proceedings apply only to Student Complaints against a Student Respondent Incidents.

**Informal Resolutions:**
- Investigator/caseworker meets with complainant, respondent, and witnesses
- Referrals are made
- An outcome letter, which includes document agreements, discussion, referrals, etc., is distributed to relevant parties
- Referrals for Disciplinary Action or follow ups are made
- Case Completed

**Disciplinary Conference:**
- Meetings with complainant, respondent, and witnesses
- Investigator will investigate the incident further and make determination and document the outcome
- Conduct Staff will send out an outcome letter, with implemented sanctions (if applicable) to relevant parties
- The investigator/caseworker will track sanctions, if applicable, or follow-up with referrals made. The incident is resolved and is pending sanctions
- Case completed

**Disciplinary Hearing (Hearing Board):**
- Notice of Complaint provided by complainant
- Answer to Complaint provided by respondent
- Hearing Scheduled
- Hearing Board makes determination and documents outcome
- Hearing board writes Outcome Letter which is delivered by a Conduct Officer to relevant parties
- There is an opportunity to appeal the outcome. If the appeal is valid, a new hearing is scheduled with the review board
- The Conduct Officer will track sanctions, if applicable, or follow-up with referrals made. The incident is resolved and is pending sanctions
- Case Completed

**Employee Disciplinary Action**
Employees do not go through a Disciplinary Proceeding. Any employee who, after appropriate investigation, has been found to have violated a policy (“Responsible”), will be subject to disciplinary action through the following methods:

**Complaints Against Employee**
Recommendations for disciplinary action against employees accused of violations of a policy will be forwarded to a designee in Human Resources, who will initiate disciplinary proceedings in accordance with the University Policies. The Proceedings are in the form of a meeting with Human Resources. After completion of the proceedings, the Human Resources designee will issue an outcome letter to the complainant and respondent with a copy to the Title IX Coordinator for their files.

**Complaints against Union Employee**
Recommendations for disciplinary action against employees accused of violations of a policy will be forwarded to a designee Human Resources, who will initiate disciplinary proceedings in accordance with the Collective Bargaining Agreement between the University and Union. The proceedings are in the form of a meeting with Human Resources. After completion of the proceedings, the Human Resources designee will issue an outcome letter to the complainant and respondent with a copy to the Title IX Coordinator for their files.

**Complaints against Faculty Employee**
Recommendations for disciplinary action against faculty members accused of violations of a policy will be forwarded to the Provost, who will initiate disciplinary proceedings in accordance with Article XIX of the Collective Bargaining Agreement between the University and the American Association of University Professors (AAUP). The Proceeding is in the form of a Meeting with the Provost and Human Resources. After completion of the proceedings, the Provost will issue an outcome letter to the faculty member with a copy to the Complainant, Title IX Coordinator, and a designee of Human Resources for their files.

Note: If an employee is found to not be responsible for violation of a policy, no disciplinary action will be given but the Provost or Human Resources designee will issue an outcome letter to the complainant and respondent with a copy to the Title IX Coordinator for their files.

---

\(^{14}\) The standard of evidence used throughout the University disciplinary proceedings (student or employee) is the preponderance of the evidence. The preponderance of the evidence means such evidence (testimonials; documents (emails/screeshots/etc.); photos; physical evidence; etc) that, when considered and compared with that opposed to it, is more convincing, creating the belief that what is sought to be shown is more likely than not to have occurred.
Appeal Process (If Requested)

Grounds for an Appeal

1. A procedural error has occurred that significantly impacted the outcome (e.g. substantiated bias, material deviation from established procedures, etc.). This error must be described in the letter requesting an appeal. Minor or harmless deviations from the process will not invalidate the proceedings;
2. The discovery of significant and relevant new information that was unavailable during the original process, which has become available and could impact the outcome. A summary of this new evidence, why it was previously unavailable and its potential impact must be included in the request for an appeal;
3. The sanction imposed is clearly not appropriate for the violation.

How to Make an Appeal

Step 1 - File for an appeal within (3) business days after the receipt of the original outcome. Appeals can be made to the Human Resources Designee or Student Conduct Designee. (Note: if no appeal is made, the results are made final the parties will be simultaneously informed.

Step 2 - Once a request for an appeal is received, a decision will be rendered on eligibility for appeal usually within ten (10) business days. If grounds are not met, the request for an appeal will be denied with no further appeal through this Policy and the parties will be simultaneously so informed. If appropriate grounds are present, these will be presented to an appellate body (Appeal Panel) composed of three members of the Anti-Discrimination Panel, or will be returned to the investigator(s) for reconsideration.

Step 3 - An Appeal Panel will make changes to the finding only where there is clear procedural error and changes to the sanction(s) only if there is a compelling justification to do so. An appeal proceeding will include all parties to the complaint and all related documents. The Appeal Panel will be solely responsible for determining who should participate,

what information is needed, and how proceedings will be structured.

Step 4 - The appeal panel may find that: (a) The appeal does not have sufficient merit as to the grounds listed above. In this case, the finding stands, as does the sanction; (b) The process in the original hearing/conference/meeting contained improprieties that substantially affected the outcome of the case. In this case, the matter will normally be returned to the original hearing/investigative body or person to reopen the hearing/conference/meeting with instructions for further proceedings. In unusual cases, the appeal board may require a new hearing/conference/meeting; (c) There is relevant new information that was not available at the time of the original hearing/conference/meeting. In this case, the matter will normally be returned to the original hearing/investigative body or person for consideration; (d) the sanction is clearly inappropriate. In this case, it may, at its discretion, refer the matter back to the original hearing/investigative body or person, or modify the sanction.

Step 5 - The final outcome of the appeal will be communicated simultaneously to the parties usually within five (5) business days following deliberations.

For more specific information for Students see the Code of Conduct page 24-25; and for Employees see the Anti-Discrimination-Harassment-and-Retaliation Policy or adelphi.edu/policies/title-ix/#section-x
**Step 5: Resolution**
Both the complainant and the respondent have the right to call witnesses, present evidence, receive simultaneous written notice of the outcome of the proceeding, the right to appeal the decision, receive simultaneous written notice of any change to the result, and receive simultaneous written notice when the results become final.

General Safety Tips
Safety is an important concern in any large town. Follow these safety tips and use common sense. You will find that it really is possible to fully enjoy living, studying and working on Long Island.

Survivors are not responsible for their victimization; perpetrators are accountable for their actions and the outcomes. The following safety information may help reduce the possibility of becoming a victim.

- Familiarize yourself with streets and neighborhoods you will be visiting or passing through.
- Walk in an assertive manner.
- At night, walk facing the flow of traffic.
- Know where you are going. Plan your route in advance.
- Walk in well-lighted and populated areas, especially at night. Stay out of parts at night. Be aware of your surroundings and of suspicious persons or circumstances.
- Travel with a friend if possible.
- Avoid wearing expensive jewelry and flashing money on the street and in the subways.
- Always keep bags closed and knapsacks zipped and buckled. Keep your purse on your lap at restaurants. Don’t hang it on the back of your chair or leave it in an empty chair.
- If you suspect you are being followed, cross the street or go into a store, restaurant or other public building.
- Know the whereabouts of all-night delicatessens and other safe locations.
- If someone in a car asks you a question, stay a good distance from the car when responding.
- Always carry enough money for cab fare home and quarters or phone cards to make phone calls.
- Try not to use cash machines at night.

Bystander Intervention
Bystander intervention means safe and positive options that may be carried out by an individual or individuals to intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene. Additional areas considered for bystander intervention include the witnessing or having knowledge about hazing, discrimination, medical emergency, and acts of discrimination.

Bystanders are less likely to intervene if more people are present – each assuming someone else may be more qualified to intercede. However, once one person intercedes, the group will likely be more willing to assist.

Bystanders should notice the emergency, interpret it as such, assume personal responsibility for acting, choose a strategy and implement that strategy. A strategy could be as simple as saying something to the potential violator to stop the action, calling someone to help such as public safety, the police or other appropriate authority such as counselors, professors, or if safe to do so step in before the situation escalates.

Bystander training begins at orientation for incoming first-year students, all transfer students, new employee orientation, and continues throughout the year for student organizations, sports teams, faculty training, and administrative positions. Students are also trained to avoid putting themselves in dangerous situations and to call public safety or the police department whenever necessary.

Multiple Actions and Helpful Hints for Being a Proactive Bystander
- Believe that sexual and relationship violence is unacceptable and say it out loud
- Treat people with respect
- Speak up when you hear victim blaming/blaming statements
- Talk with friends about confronting sexual and relationship violence
- Encourage friends to trust their instincts in order to stay safe
• Be a knowledgeable resource for survivors
• Don’t laugh at sexist jokes or comments
• Look out for friends at parties and bars
• Educate yourself and your friends
• Use campus resources
• Attend awareness events
• Empower survivors to tell their stories

Providing a Distraction Sometimes Is All It Takes to Interrupt a Potentially Dangerous Interaction
• Call a friend’s cell repeatedly
• Spill something on purpose
• Tug on your friend’s arm insistently
• Ask where the bathroom is
• Interrupt the conversation
• Turn off the music
• Say, “I think that guy wants to talk to you” to separate those involved
• Tell the potential perpetrator “Your car is being towed!”
• Matter-of-factly pull your friend away saying, “We need to leave” – and then go

National Campus Safety Awareness Month

Adelphi University observes National Campus Safety Awareness Month in September with weekly events designed to promote safety across the University campus and its centers.

Adelphi is a safe campus and it is important that we continue to raise awareness on relevant issues to keep it that way. National Campus Safety Awareness Month is a perfect opportunity as we start the new academic year to focus on safety and making good decisions.

The Adelphi University Department of Public Safety is partnering with the Garden City Police Department, Adelphi Counseling Center, Residence Life and Housing, Athletics, Health Services and the entire Adelphi community to provide programming on issues including sexual assault, domestic violence, dating violence, stalking, the dangers of alcohol and drugs, hostile intruder/active shooter, and pedestrian safety.

The University offers a full schedule of programming and events during the month of September to enhance the safety of our campus. It takes all of us working together to keep Adelphi a safe campus and all are encouraged; students, faculty, and staff to participate in as much programming and events as possible. Theft prevention, hostile intruder/active shooter survival, hazing prevention, sexual assault awareness, domestic violence, dating violence, stalking, and the dangers of alcohol and drugs are issues that many do not like to talk or think about. But through awareness, we want the Adelphi community to be mindful, not fearful.

Residence Hall Programs & Building Meetings

Public Safety staff visits individual residence halls each semester to discuss security and safety issues concerning the residents. The Residential Life staff periodically conducts their own basic crime prevention discussions in their residence halls.

Safety Brochures

Brochures and crime prevention pamphlets are available at Student Affairs Offices and the Department of Public Safety and Transportation or by visiting the Public Safety website under Crime Prevention and Reporting Brochures. Alcohol & Other Drugs Policy

Adelphi University, in its mission to provide a quality education for students and to prepare them for a healthy and productive life, realizes the importance of a drug-free campus and is therefore strongly committed to the prevention of substance abuse.

The abuse of alcohol and other drugs by students and employees, regardless of age and of location (on-campus or off-campus), is prohibited by the Code of Conduct and Employee Handbook at Adelphi University. This includes on- or off-campus activities sponsored by the university, such as officially sanctioned field trips, student-sponsored social activities, athletic travel, activities of a student organization recognized by the institution, professional meetings attended by both students and employees, and institution sponsored activities abroad fall under this code.

In addition, it is the University’s policy to prohibit the unlawful manufacturing or distribution, dispensing, possession, or use of illicit or non-prescribed drugs and alcohol anywhere on the Adelphi campus or as part of any Adelphi University activity. Note: The University does allow limited use of alcoholic beverages by individuals of the New York State legal drinking age of 21, at University-sanctioned events in licensed facilities on campus in compliance with all laws. Alcohol is not permitted in the residence halls. The Department of Public Safety and Transportation with the assistance of the Garden City police enforce state and local laws pertaining to unlawful underage alcohol possession, sale and use. The Department of Public Safety and the Garden City Police Department also regularly enforces state drug laws and may from time to time assist federal agencies with the enforcement of federal drug laws.

The laws of New York State provide sanctions for the unlawful possession or distribution of illicit drugs & Alcohol. For more information, see:

**Amnesty:** Adelphi University recognizes that an individual who has been drinking or using drugs at the time of the incident may be hesitant to report for fear of disciplinary action. In an effort to encourage reporting, an individual who reports sexual assault, dating violence, domestic violence, or stalking, either as a complainant or a witness, will not be subject to disciplinary actions by the University for his/her own personal consumption of alcohol or drugs at or near the time of the incident. This amnesty policy applies to the University’s student conduct process.

The primary Adelphi University source for information on alcohol and drug free awareness is the University’s Alcohol and Other Drugs site at adelphi.edu/scc/alcohol-and-other-drugs-program/

The **Alcohol and Other Drugs program** is a service of the Division of Student Affairs of Adelphi University. The AOD program serves the campus community through a variety of resources, prevention, intervention and education in supporting students on making healthy choices.

If you are dealing with a drug or alcohol problem or are worried about a friend, there are a number of support services that you can contact at Adelphi and outside the university (adelphi.edu/scc/alcohol-and-other-drugs-program/).

The Student Counseling Center (SCC) is designated as the coordinating office for all matters regarding referrals for substance abuse counseling, treatment programs, and ongoing seminars, workshops,
education programs and outreach activities for students. Under academic year prevention programing, you will find that the following represents the ongoing activities provided by the SCC, Health and Wellness Peer Educators, the Center for Student & Community Engagement, and Student Conduct and Community Standards.

Policies for Education and Program

Fire safety education programs for all students and staff living or working in on-campus residence halls are held at the beginning of each semester. These programs are designed to familiarize everyone with the fire safety system in each residence hall, train everyone on the procedures to be followed in case there is a fire, and distribute information on the University’s fire safety policies. During the training, Residential Life distributes a fire safety instructional brochure containing a copy of the Kerry Rose Fire Sprinkler Notification Act. They also discuss policies and procedures regarding electrical appliances, smoking, and open flames. During these training sessions, it is emphasized that all must participate in fire drills.

The Garden City Fire Department visits the campus to hold seminars for residence hall assistant directors and all resident hall assistants. The training includes video presentations followed by a “smoke out” whereby a hallway is filled by “smoke” so the participants are trained on how to respond.

All are encouraged to visit the public safety website for more information and tips at adelphi.edu/safety-transportation/resources/fire-safety.

Fire Reporting and Evacuation Response

The Department of Public Safety Command Center monitors all building fire alarms 24 hours a day, 7 days a week. In the event of a power failure, the individual fire alarm system panels have standby batteries to power alarm detection and evacuation signals in case of normal power failure in accordance with applicable codes and standards. In the event that the fire system is not working, not due to a power failure, a Fire Watch is implemented and provided by a trained Adelphi University Public Safety Officer, in accordance with Nassau County Law.

Upon discovery of a fire, students, staff and faculty are urged to activate the building fire alarm by pulling the handle on a red fire pull station, evacuate the building, and contact the Department of Public Safety Command Center [516.877.3511]. If individuals are in the building and the alarm goes off, they should go outside by the shortest possible route and wait until permission is given to re-enter the building.

In addition, in the event that a fire seems to be extinguished, please call the Department of Public Safety Command Center at 516.877.3511.

When calling, please provide as much information as possible about the location and if known, the date, time, and cause of the fire.

Escape Plans

In the event of a fire, remember - time is the biggest enemy and every second counts! Escape plans help you get out of your home or location quickly. In less than 30 seconds, a small flame can get completely out of control and turn into a major fire. It only takes minutes for a location to fill with thick black smoke and become engulfed in flames.

Emergency Evacuations

On occasion, the University must evacuate a building or buildings. Although evacuations are usually fire related (fire alarms, fire drills) evacuations are not always fire related. A structural issue, threats both natural and man-made may also necessitate an evacuation. In order to provide the University community with a safe and orderly evacuation everyone’s assistance is required. Faculty, administrators, and staff need to be informed and must act appropriately in a leadership role when an occasion to evacuate a building or buildings is necessary. Knowing what to do and how to respond to an emergency is of utmost importance to the safety of others as well as yourself. Some faculty and/or staff may be requested to take on the added title and responsibility of Evacuation Warden. Those who agree to act in that capacity will receive training in properly responding to a building evacuation.
Evacuation Warden
An Evacuation Warden is requested to remain onsite briefly and only if it is safe to do so, to verify that people have been evacuated and assist anyone in need. Essentially, this requires the evacuation wardens to check their assigned area ensuring that everyone has been safely evacuated. The evacuation warden will receive additional training in fire safety and evacuation procedures provided by Public Safety and the Fire Department.

Procedure:
In the event of a fire, remain calm. If you must take immediate action, use your judgement as to the safest course of action, guided by the following information:

If the fire is in your residential room:
- Close the door to the room where the fire is located after leaving the room.
- Make sure EVERYONE leaves the room with you.
- Take your keys.
- Close the entrance door as you exit, but do not lock the door.
- Ensure that nearby persons are aware of the emergency. You can alert them by knocking on the doors on your way to the exit.
- Use the nearest stairway to leave the building.
- DO NOT USE THE ELEVATOR
- Once you reach a safe location, call Adelphi Public Safety (516.877.3511) and 911. Do not assume the fire has been reported unless Adelphi University Public Safety and firefighters are on the scene.
- If known, notify responding emergency personnel if anyone is unaccounted for.

If the fire is not in your residential room:
- If you can safely exit your room, follow the instructions for a “fire in your room” above.
- If you cannot safely exit your room, stay inside and listen for instructions from firefighters, unless conditions become too dangerous.
- When you exit your room, first feel your room door and doorknob with the BACK OF YOUR HAND. If they do not feel hot, open the door slightly, with face and body away from ajar door, and then check if there is any flame or smoke in the hallway. If safe to exit, follow instructions for “fire in your room” above.
- If you cannot safely exit your room or building, call Adelphi Public Safety at 516-877-3511 or “5” from any campus phone, call 911 or the Fire Department Dispatcher (516-742-3300) and inform them of your situation. Provide the address/building name, floor, room number, and the number of persons present.
- Seal the room door with wet sheets or towels. Seal air ducts and any other openings where smoke may enter.
- Open windows a few inches at the top and bottom unless flames or smoke is coming from below.
- Do not break any windows; they may need to be closed later.
- If conditions in the apartment appear life threatening, open a window and wave a bed sheet or towel side-to-side to attract the attention of firefighters.
- If smoke conditions worsen before help arrives, get down on the floor and take short breaths through your nose.

The above procedure is effective for all residential facilities on campus.

Tips
- Always know at least two (2) escape routes and emergency exits from your building.
- Learn where the nearest fire alarm pull station is.
- Know how many doors are between your room and the exit stairwells in the event that you might have to crawl to safety because of heavy smoke. Take time to focus on a mental picture of the route you intend to use to exit your building.
- Check your door before you open it. Feel with the back of your hand, and if it feels hot to the touch, do not attempt to leave. Without delay, telephone the Department of Public Safety and Transportation by dialing #5, 3507, 3511, or 911. Remain calm and inform the answering officer of your name, location, and nature of the emergency. Next, go to the window and wait there to attract arriving firefighters.
• In the event that you are able to exit your room do the following:
  • Take an outer garment with you.
  • Close the door and windows behind you.
  • Calmly proceed to the nearest safe stairwell while knocking on all other resident doors alerting them of the emergency condition.
  • Assist anyone with special needs.
  • Use the stairs. If possible do not take the elevator. Smoke rises into elevator shafts.
  • Stay on the right side of the stairwell as you descend in order to allow fire fighters enough room to quickly move to the emergency floor.
  • Exit building and move 150 feet from the entrance in order to allow others to safely exit and fire fighters to move freely to the emergency.
  • Re-enter the building only upon the orders of the fire department.
  • Finally, never think that it’s probably just another fire drill, or it’s not really a fire.

National Fire Prevention

The Adelphi University Department of Public Safety and Transportation would like to remind everyone that National Fire Prevention Week is usually the second week in October in which the University actively participates.

Annual observances like National Fire Prevention Week are excellent opportunities to focus on fire hazards. But we should all practice fire safety every day – at work, at play, and particularly at your residence. The most common causes of home fires result from cooking, heating, electrical malfunction, smoking materials and candles.

Fire Violations Disciplinary Actions

The University bans dangerous items from resident’s rooms such as candles, microwaves, hot plates, floor lamps, holiday decorations, and lights. Candles (including those used for religious purposes), incense, and other open flame devices are not allowed in residential buildings or classrooms. Smoking is prohibited in all areas of all University residence halls. Smoking devices including, but not limited to pipes, bongs, vapor/e-cigarettes and hookahs are not permitted in the residence halls. Students who violate the above will be referred to the Dean’s Office and may be disciplined up to and including suspension or dismissal from the University.

Students who misuse, tamper, or otherwise disturb fire safety equipment, including detectors, fire extinguishers, pull stations, and fire doors, or remove batteries from detectors are subject to fines as well as the cost of restoring the equipment. (See Adelphi’s Fire Violations Disciplinary Actions later in this report.) These students will be referred to the Dean of Student Affairs or Student Conduct & Community Standards and may be dismissed or suspended from the University.

When a student is found to be responsible for fire safety violations, the following are typical sanctions. Depending on the circumstances of the specific case, the person hearing body imposing the sanctions may impose additional or more severe sanctions.

1. Violation: Causing a Fire
   a. Disciplinary Action: Careless or Reckless: $100 fine, restitution for property damage, and one year University disciplinary probation, and residence hall probation for a resident student.
   b. Disciplinary Action: Intentional (Arson): Referral to police/fire authorities for prosecution, restitution for property damage, and expulsion from the University

2. Violation: Knowingly Filing a False Fire Alarm
   a. Disciplinary Action: Referral to police/fire authorities for prosecution, $250 fine, and one year suspension from the University

3. Violation: Activating a smoke, heat or beam detector, pull station or carbon monoxide alarm
   a. Disciplinary Action: Careless or Reckless: $100 fine
   b. Disciplinary Action: Intentional: Referral to police/fire authorities for prosecution, $250 fine, and one-year suspension from the University

4. Violation: Activating the Sprinkler System
   a. Disciplinary Action: Careless or reckless: $100 and restitution for property damage.
   b. Disciplinary Action: Intentional: Referral to police/fire authorities for prosecution, $250 fine, restitution for property damage, and a one-year suspension from the University.
5. Violation: Tampering with Fire Equipment
   a. Disciplinary Action: $250 fine, restitution for property damage, and one year University disciplinary probation (and residential hall probation for a resident student).

6. Violation: Failure to Evacuate During a Fire Alarm
   a. Disciplinary Action: First Offense: $100 fine.
   b. Disciplinary Action: Second Offense: $200 fine, seven-day suspension from the residence halls and residential hall probation (if resident student).
   c. Disciplinary Action: Third Offense: Permanent removal from housing (if a resident student) and possible suspension from the University.

Notes:
In New York State, knowingly filing a false fire alarm is a felony punishable by a minimum of one year in prison.

As per University practice, students arrested on the complaint of the University shall be placed under Emergency Suspension pending the outcome of the case. Repeated fire safety violations will result in harsher sanctions, which may include suspension or expulsion from the University.

The University may terminate a student’s Residence Hall Agreement at any time for violation of the University’s policies concerning student conduct and discipline, regulations governing the residence halls, non-payment, or for health, safety, or social reasons.

Definitions
Fire: Any instance of open flame or other burning in a place not intended to contain the burning or burning in an uncontrolled manner.

Fire Drill: A supervised and scheduled orderly evacuation of faculty, staff, students and visitors from a facility for the purpose of ensuring the safety of occupants during an actual emergency. Fire drills are conducted at various times throughout the year to provide occupants familiarization with a facility’s fire safety features and avenues of egress. In the residence halls and places of assembly fire drills are conducted a minimum of four times a year, two of which are in the evening.

Fire Log: The Department of Public Safety and Transportation maintains a daily campus fire log in the public safety command center, Levermore Hall. This log records incident number, date of fire, time of occurrence, general location of the fire in a residence hall, and cause if known. The fire log is accessible for public view for the most recent 60-day period during normal business hours. The University will make available any portion of the log older than 60 days within two business days of a request for inspection.

Fire-Related Death: Any death occurring as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire or dies within one year of injuries sustained as a result of the fire that occurred in a residence hall.

Fire-Related Injury: Any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause, while involved in fire control, attempting rescue, or escaping from the dangers of a fire. The term “person” may include students, employees, visitors, firefighters, or any individuals. For statistical purposes, a fire-related injury only includes individuals who are transported to a medical facility (even if they refuse treatment at the facility), treated at a temporary medical facility that is set up at the fire site, or individuals who are treated in an ambulance.

Fire Safety System: Any devices, systems or combinations of systems designed and intended to detect fire, activate alarms, suppress or control fires. Such systems may include smoke detectors, heat detectors, sprinklers or other similar systems.

Sprinklered Building: A building in which all parts including dwelling units, common areas, refuse chutes, and utility rooms are protected by an automatic sprinkler system.

Partially Sprinklered Building: Buildings in which only select areas are protected by an automatic sprinkler system.

Smoke Detector: A device intended to sound an alarm upon sensing products of combustion. A smoke detector may also activate a visible signal and may sound locally or transmit a signal to a central station.

Property Loss: Any damage to the structure and contents of an on campus facility as a direct result of
an occurrence of a fire therein. Included in any assessment shall be any damage resulting from the suppression efforts.

**Fire Protection Equipment:** All Adelphi University residence hall facilities are equipped with automatic fire detection and alarm systems, and are fully covered by sprinklers. The two newest residence halls, A and B, are equipped with carbon monoxide detectors in compliance with New York State law. The equipment is monitored by public safety and a central station 24 hours a day, 7 days a week, and 365 days a year.

**Health and Safety Inspections:** The New York State Office of Fire Prevention perform annual fire inspections of all residence halls. Residence Life conducts monthly health and safety inspections with emphasis on fire related issues (e.g. prohibited items such as hot plate burners, extension cords, electric heaters, halogen lamps, Medusa Lamps, or lamps with plastic covers, etc.).

**Smoking:** Smoking is prohibited in all areas of all University residence halls. Smoking devices including, but not limited to, pipes, bongs, and hookahs are not permitted in the residence halls.

**Open Flame:** Candles, incense, outdoor grills, or any other type of open flame or open coil device are not permitted in the residence halls.

**Plans for Future Improvements**

Adelphi University is committed to ensuring that all on-campus housing is fully equipped. Fire safety is continually assessed to ensure compliance with all regulatory agencies and opportunities for improvement. During the 2020-2021 academic year, the Department of Public Safety updated three of it's residential halls to have standardized ABC fire extinguishers. The Department of Public Safety continues to look into making ALL fire extinguishers in the Resident Halls Standardized to be the same type (ABC) to eliminate confusion as to what type to use on what kind of fire and make training easier, and provide better coverage. In addition, the Department of Public Safety is looking into placing “escape route” maps either behind every residential hall door or in hallways in at least three (3) locations per floor. All plans for future improvements in fire safety, if determined necessary by the University, will be implemented with all due diligence and speed.
Annual Campus Security Crime & Fire Statistics

Adelphi University’s annual security and fire safety report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by Adelphi University; and on public property within or immediately adjacent to and accessible from campus. The report also includes institutional policies concerning campus security, such as policies concerning alcohol and drug use, crime prevention, the reporting of crimes, hate crimes, sexual assault including Title IX, Violence Against Women Reauthorization Act of 2013 (VAWA), domestic violence, dating violence, stalking, annual fire safety report.

In preparing the annual disclosure of crime statistics, Adelphi University reviews its own investigative reports and crime reports from Campus Security Authorities. On at least an annual basis, the University also contacts the Garden City Police Department, New York City Police Department, Suffolk County Police Department and Poughkeepsie Police Department to ascertain whether any Clery crimes occurred in the University’s Clery geography.

Per federal law, an institution may not withhold, or subsequently remove, a reported crime from its crime statistics based on a decision by a court, coroner, jury, prosecutor or other similar non-campus official. Furthermore, an institution must record a crime statistic for the calendar year in which the crime was reported to local police agencies or to a campus security authority.

“Unfounded” crimes: if a reported crime is investigated by law enforcement authorities and found to be false or baseless, the crime is “unfounded”. Only sworn or commissioned law enforcement personnel may categorize a crime as “unfounded”.

Fire statistics for Manhattan, Suffolk, and Poughkeepsie Centers are not required because there are no campus student housing facilities at these locations. Only the Garden City Campus is required.
Garden City Campus - January 1, 2018- December 31, 2020

Statistics for 2020 are lower in counts due the ongoing Pandemic, which lead to a lower population on campus.

Other Awareness, Prevention, and Educational Programming

The other programs below are designed to educate on awareness and prevention. Included in the training are the definitions, awareness, protective measures to reduce risk, recognizing the warning signs, and how to avoid certain situations.

Health Services

- **Stop the Bleed**
  - Blood loss is the leading cause of preventable death in multiple casualty events, like mass shootings, terrorist attacks and earthquakes. Significant external bleeding can also result from everyday events such as a motorcycle crash, or an industrial accident. Rapid control of bleeding at the scene of the event can be life-saving.
  - In addition to training law enforcement officers in bleeding control and instantly providing them with equipment to do so, emergency medical service personnel also need quicker access to the wounded. However, another key element calls for using civilian bystanders as immediate responders who perform external bleeding control for victims at the point of wounding before the arrival of professional responders. This element from the Hartford Consensus is at the core of the “Stop the Bleed” campaign by the Department of Homeland Security through the National Security Council.
  - That’s why the American College of Surgeons, FEMA, and the US Department of Homeland Security have partnered together to ensure that: Bystanders have skills and knowledge to provide immediate bleeding control in an emergency; Bleeding control supplies are located in all public gathering locations next to AEDs; Bleeding control education is incorporated into our schools and workplace; People know what to do in an active shooter situation.
  - Class length is approximately 2 hours. Please be aware that images shown during the course may be graphic in nature.

Residential Life

- **Behind Closed Doors** is an incident simulation program provided to Resident Assistants during the Fall and Spring RA Training. The training prepares RAs to address situations including but not limited to alcohol possession/consumption, dating/domestic violence, cannabis possession/consumption, and other community standards- and policy-based incidents.
- **RA Fall Training**: Campus Partners hosted a session on Clery reporting, as well as, FERPA and other legislation that affects the RA position. Assistant Directors then reviewed this information with their Resident Assistants during Training In-Hall Time.

Athletics

- **D2 Module** is an Annual online program and exam for Athletic Coaches & Athletic Administrators that provides education on NCAA rules and student-athlete health and safety [also listed under VAWA Programs]
  - **RECRUITING**: The recruiting section of Division II University includes 15 training modules, covering such topics as financial aid and offers, National Letters of Intent, unofficial visits, and camps and clinics.

Appendix 3: New York State Law Definitions Regarding Sex Offenses

Violence against women act specific definitions: The Violence Against Women Act and its proposed regulations require the inclusion of certain New York state definitions in a campus’s Annual Security Report and also require that those definitions be provided in campaigns, orientations, programs and trainings for employees and students. Definitions required include: affirmative consent, dating violence, domestic violence, sexual assault and stalking. For more information on the below or other crimes, you can go to The NYS Penal Law website.

New York State Education Law, Article 129-B, section 6441: Affirmative Consent to Sexual Activity states:

1. “Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as these words or actions create clear permission regarding willingness to engage in sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity, or gender expression.”

2. Each institution’s code of conduct shall reflect the following principles as guidance for the institution’s community:*
   - Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
   - Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
   - Consent may be initially given but withdrawn at any time.
   - Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily retained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.
   - Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.
   - When consent is withdrawn or can no longer be given, sexual activity must stop.

Additional Consent Information: Sexual violence is sexual activity without consent.

- Consent is lacking in circumstances under which, at the time of the act of intercourse, oral sexual conduct, or anal sexual conduct, the victim clearly expressed that he or she did not consent to engage in such act, and a reasonable person in the actor’s situation would have understood such person’s words and acts as an expression of lack of consent to such act under all the circumstances.
- Consent cannot be given when a person is temporarily incapacitated. Temporary incapacitation occurs when an individual is incapable of appraising or controlling his or her conduct owing to the influence of a narcotic or intoxicating substance regardless of whether or not such substance was voluntarily consumed.
- Consent cannot be given when one is physically helpless. Physical helplessness occurs when an individual is unconscious or for any other reason is physically incapable to communicate unwillingness to an act.
- Consent cannot be given when one is physically compelled by force or threat of harm or when involuntarily restrained.
- Consent cannot be given if any of the parties are under the age of seventeen.
- Consent cannot be given when a person suffers from a mental disease or defect, which renders him or her incapable of appraising the nature of his or her conduct.
- Consent to any sexual act or prior consensual sexual activity between or with any party does not constitute consent to any other sexual act. When consent is withdrawn at any time, sexual activity must stop.
New York State Penal Laws

S 130.20 Sexual misconduct: A person is guilty of sexual misconduct when: 1. He or she engages in sexual intercourse with another person without such person's consent; or 2. He or she engages in oral sexual conduct or anal sexual conduct with another person without such person's consent; or 3. He or she engages in sexual conduct with an animal or a dead human body.

Sexual misconduct is a class A misdemeanor.

S 130.25 Rape in the third degree: A person is guilty of rape in the third degree when: 1. A “victim of domestic violence” under that law means any person over the age of sixteen, any married person or any parent accompanied by his or her minor child or children in situations in which such person or such person’s child is a victim of an act which would constitute a violation of the penal law, including, but not limited to acts constituting disorderly conduct, harassment, aggravated harassment, sexual misconduct, forcible touching, sexual abuse, stalking, criminal mischief, menacing, reckless endangerment, kidnapping, assault, attempted assault, attempted murder, criminal obstruction of breathing or blood circulation, or strangulation; and (i) such act or acts have resulted in actual physical or emotional injury or have created a substantial risk of physical or emotional harm to such person or such person’s child; and (ii) such act or acts are or are alleged to have been committed by a family or household member.

Factors that may be considered in determining whether a relationship is an “intimate relationship” include, but are not limited to: the nature or type of relationship regardless of whether the relationship is sexual in nature; the frequency of interaction between the persons; and the duration of the relationship. Neither a casual acquaintance nor ordinary fraternization between two individuals in business or social contexts shall be deemed to constitute an “intimate relationship”.

A parent means natural or adoptive parent or any individual lawfully charged with a minor child’s care or custody.

Further, under the NY Criminal Procedure Law Section 530.11, the family courts and the criminal courts have concurrent jurisdiction over any proceeding concerning: acts which would constitute disorderly conduct (including disorderly conduct not in a public place), harassment in the first degree, harassment in the second degree, aggravated harassment in the second degree, sexual misconduct, forcible touching, sexual abuse in the third degree, sexual abuse in the second degree, stalking in the first degree, stalking in the second degree, stalking in the third degree, stalking in the fourth degree, criminal mischief, menacing in the second degree, menacing in the third degree, reckless endangerment, strangulation in the first degree, strangulation in the second degree, criminal obstruction of breathing or blood circulation, assault in the second degree, assault in the third degree, an attempted assault, identity theft in the first degree, identity theft in the second degree, identity theft in the third degree, grand larceny in the fourth degree, grand larceny in the third degree or coercion in the second degree, between spouses or former spouses, or between parent and child, or between members of the same family or household except that if the respondent would not be criminally responsible by reason of age, then the family court shall have exclusive jurisdiction over such proceeding. Notwithstanding a complainant’s election to proceed in family court, the criminal court shall not be divested of jurisdiction to hear a family offense proceeding pursuant to this section.

Family or Household Members: persons related by consanguinity or affinity; persons legally married to one another; persons formerly married to one another regardless of whether they still reside in the same household; persons who have a child in common, regardless of whether such persons have been married or have lived together at any time; and persons who are not related by consanguinity or affinity and who are or have been in an intimate relationship regardless of whether such persons have lived together at any time. Factors the court may consider in determining whether a relationship is an
“intimate relationship” include but are not limited to: the nature or type of relationship, regardless of whether the relationship is sexual in nature; the frequency of interaction between the persons; and the duration of the relationship. Neither a casual acquaintance nor ordinary fraternization between two individuals in business or social contexts shall be deemed to constitute an “intimate relationship”.

Appendix 4: Adelphi University No Contact Orders

A no contact order is a directive prohibiting contact between and among designated individuals through any means, direct or indirect, including personal contact, email, telephone, text message, social media, or by means of a third party. Continued intentional contact would be a violation of University policy subject to additional conduct charges.

No-Contact Orders

All no-contact orders will be mutual – i.e. neither party involved will be permitted to contact the other party -- unless the Title IX Coordinator determines, in their discretion and after a fact-specific analysis, that a non-mutual order is appropriate. The Title IX Coordinator will issue any no-contact order in writing, specifying the terms of the no-contact order, including the parties’ responsibilities. The parties may request a review of the need for, and terms of, the no-contact order, including potential modification, and may submit evidence in support of their request. Any such requests should be submitted to the Title IX Coordinator. The Title IX Coordinator will notify the other party and conduct a prompt review in response to such request.

Violations of a no-contact order issued pursuant to this Policy are grounds for discipline including but not limited to expulsion or termination from the University.

Mutual Agreement No Contact Orders - agreements between parties to have no further contact with each other:

- In conjunction with SCCS, Residential Life and Housing, and TiX, and consistent with our community standards process, students can create mutual agreements in which they agree to have no further contact with one another. These agreements usually result from an informal resolution outside of the formal conduct process. The agreements are flexible and make accommodations for students who might be on the same sports team, work in the same place, or are in the same club or activity, but wish to have an agreement about how they will continue to move forward with one another in a shared space. For employees, a similar kind of assessment is conducted by HR to determine the feasibility of any “no contact” agreement. Especially where there are collective bargaining agreements in place. HR, the supervisor, and the employees may be involved in structuring the agreement. There certainly will be a discussion with all involved before any agreement is put in place.

No Contact Orders - measures resulting from a finding of responsibility for a violation of the Code. No Contact Orders may be issued as a result/outcome of the disciplinary process where a student/employee is found responsible for a violation of the Code of Conduct.
Appendix 5: Order of Protection for Family, Criminal, & Supreme Court

What is an Order of Protection?

An order of protection is issued by the court to limit the behavior of someone who harasses you or threatens to harm you and/or your family and/or another person(s) listed in the order. An order of protection is an order of protection is issued by a Family Court, Criminal Court, and Supreme Court to limit the behavior.

What is the difference between a Family Court, Criminal Court, and Supreme Court Order of Protection?

To obtain a Family Court Order of Protection you need to fall in one of the categories: current or former spouse; someone with whom you have a child in common; a family member to whom you are related by blood or marriage; someone whom you have or have had an “intimate relationship”. If you fall into one of these categories, you need to file a form called a “Family Offense petition”. The form requires the petitioner to list the reasons for the order which can include: disorderly conduct, harassment, aggravated harassment, criminal mischief, sexual abuse, strangulation, menacing, reckless endangerment, sexual misconduct, stalking, and forcible touching.

A criminal court order of protection can only be issued against a person who has been charged with a crime. The judge decides whether to issue the order of protection for the victim or complaining witness and what terms and conditions will be included in the order.

A Supreme Court order of protection can be issued as part of an ongoing divorce proceeding. During an ongoing divorce case you can submit a written or make an oral request at a court appearance. The judge decides whether to issue the order of protection and what terms and conditions will be included in the order.

What can you do if someone violates an order of protection?

It is a crime to violate a temporary or final order of protection. If the subject of the order of protection does not obey the order, then you can call the police. The police will probably arrest the individual for violating the order of protection. The individual does not have to hit you to violate the order. If the individual comes to your home and the order says he/she can't, then you can call the police. You also have the right to file a violation of the order in Family Court. Filing a violation in Family Court usually will not result in arrest of the individual who has violated the order. You can choose to go to Family or Criminal Court, or both.
