

## Course Equivalency Form

Students must obtain the AU course equivalency for all study abroad courses. A minimum of 12 credits must be taken abroad to maintain full time status. Though grades from courses taken abroad do not factor into your GPA, you must earn a C- or better for the course to transfer. Adelphi University will not accept credit for courses taken pass/fail. Grades from abroad do factor into scholarship eligibility. Please take the following steps to ensure your study abroad courses transfer to Adelphi upon your return:

- Review the course offerings from your study abroad provider and meet with your adviser.
- Select the courses you want to take abroad and write them on this form.
- Review form with your study abroad adviser and check for established equivalencies.
- Contact department chairs to obtain remaining equivalencies. Find course descriptions and syllabi on the program website.
- Obtain adviser approval via email or signature once the form is complete.
- Return completed form to the Center for International Education (Post Hall 205) or email a scanned copy.
