AGENCY DESCRIPTIONS

ADVANCED YEAR INTERNSHIPS FOR MSW STUDENTS

This directory of agency descriptions is intended to help continuing graduate students and their faculty field liaisons identify field agency settings for the advanced year of field instruction in the M.S.W. program.

PLEASE DO NOT CONTACT AGENCIES DIRECTLY.

The agencies described in this booklet do not represent all of the field agencies which will be available during the academic year. In addition, unanticipated changes in agency program or structure may affect the availability of a particular placement or assignment.

REMINDER: Students must be available at least one weekday(7 hours) during daytime hours for placement. (Monday-Friday 9am-5pm)

Any student wishing to be placed in a school setting will be in placement until the end of the month of June to accommodate the needs of the students in the public or private school setting.

If a student or faculty identifies an agency that is not listed in the booklet, please contact the field education office and provide the Assistant Director with the name of the agency. We will gladly research the agency to determine its appropriateness for placement.
