YOUR MEDICAL PLAN OPTIONS

Plan year: January 1, 2021

Offered by Cigna Health and Life Insurance Company or its affiliates, Connecticut General Life Insurance Company, or their affiliates
A health plan that lets you choose which doctors to see and when

- You have the option of choosing a primary care provider (PCP) to guide your care (it is recommended but not required)
- You can see a specialist without a referral
- Using doctors and health care facilities in the Cigna OAP network may keep your costs lower
- You can choose doctors or facilities not part of the Cigna OAP network, but your costs may be higher
- You have access to Cigna’s national network of labs, x-ray and radiology centers – plus 70% potential savings through in-network national labs (LabCorp or Quest)*
- Nationwide in-network coverage for emergency care
- You may pay an annual amount – a deductible – before your health plan begins to pay for covered health care costs.** Only services covered by the health plan count toward the deductible
- Once you meet your deductible, you will pay a portion of covered health care costs and the plan pays the rest
- Once you meet an annual limit on your payments – out-of-pocket maximum – your plan pays 100% of covered costs

*Savings based on average in-network national lab costs compared with out-of-network labs using internal Cigna national claims data: DOS January–December 2018. Savings will vary.

**Plans may vary; see your employer’s plan documents for details related to your specific medical plan.

* If you choose to receive care outside of your plan’s network, only covered expenses will be applied to your deductible – subject to your plan’s Maximum Reimbursable Charge provisions.

* This is the most a family (employees plus covered family members) will pay for in-network out-of-pocket expenses. It’s important to note that each individual family member’s out-of-pocket costs are capped at $7,150 for 2017 health plans. The Cigna 90 Now program

Making it easier to fill the medications you take on a regular basis

More choice, more convenience
With the Cigna 90 Now℠ program, you can choose to fill your maintenance medications in either a 30-day or 90-day supply.

• For 30-day supplies: You can use any retail pharmacy in your plan’s network. You have the option of switching to a 90-day supply at any time.

• For 90-day (or 3-month) supplies:1 You can use an in-network retail pharmacy approved to fill 90-day prescriptions or home delivery.2

Filling a 90-day supply helps make life easier

✓ Make fewer trips to the pharmacy for refills

✓ Less likely to miss a dose3

✓ More likely to stay healthy3

1. You may be taking a medication that isn’t actually available in a 90-day supply. Certain medications may only be packaged in lesser amounts. For example, three packages of a medication equal an 84-day supply. Even though it’s not a “90-day supply,” it’s still considered a 90-day prescription. 2. Some plans may not include home delivery as a covered pharmacy option. Please log in to the myCigna App or website, or check your plan materials, to learn more about the pharmacies in your plan’s network. 3. Internal Cigna analysis performed Jan 2019, utilizing 2018 Cigna National Book of Business average medication adherence (customer adherent > 80% PDC), 90-day supply vs. those who received a 30-day supply taking antidiabetics, RAS antagonists and statins.

Cigna Dental Preferred Provider Organization (DPPO)

• You can choose to use any licensed dentist, but see bigger savings if you use a dentist in the Cigna dental network
• You can see a specialist without a referral
• You’ll pay an annual amount – deductible – before your plan begins to pay for covered costs
• Once you meet your deductible and satisfy any waiting period, you’ll pay a portion of your covered dental care costs – coinsurance – and the plan pays the rest
• Most Total Cigna DPPO network dentists will submit claims for you. Your plan will then pay the dentist or you (based on the claim form)
• The amount your plan pays depends on:
  – The coinsurance level for the service you received
  – Which dentist you visit
  – If you’ve paid your deductible and/or reached your maximum
• Once you reach the plan’s annual benefit maximum, your plan will no longer pay a portion of your costs during that plan year
Thousands of dentists, one directory

- With the Total Cigna DPPO network, you have a choice of over 150,000* dentists nationwide.

**Cigna DPPO Advantage**
- Highest benefit level and may result in a lower cost to you
