Walk4Hearing

The Hearing Loss Association of America (HLAA)'s Annual Walk4Hearing was back in person this year! HLAA's walk helps raise money to continue their mission to "open the world of communication to people with hearing loss by providing information, education, support, and advocacy." This year our team participated in the walk wearing stickers explaining why we walked and helped raise \$965 to support their efforts.

Third Year Research Poster Presentations

The Class of 2023 presented their research proposals via Zoom in October. They all had such great topics. Congratulations on your hard work!

SAA Bonding

Trivia Night - 12/3/2021

We were able to finally host an event in person and decided to do another trivia night! The teams were split up by cohort - years 1, 2 and 3. The categories consisted of questions about audiology, harry potter, the upcoming holidays, marvel movies and some well known celebrities. The second years ended up on top between the three teams! It was so fun to finally see classmates from all three cohorts together in the same room. We hope to continue hosting in person events for SAA bonding!
